

GENTING INTERNATIONAL P.L.C.

(Incorporated in the Isle of Man No. 24706C)

ANNOUNCEMENT

SUITABILITY REQUIREMENTS UNDER THE CASINO CONTROL ACT

Genting International PLC ("GIPLC" or the "Company") refers to the announcement by the Casino Regulation Division of the Ministry of Home Affairs yesterday.

GIPLC is working closely with the authorities on this matter. The Company, from over 20 years of experience operating casinos in other similar jurisdictions, understands fully the necessity and requirements of thorough suitability checks on casino operators, that this is an on-going process and will continue even after a licence has been issued.

GIPLC is fully committed to ensure the success of Resorts World at Sentosa ("RWS") and that RWS meets the suitability requirements of the authorities for a casino licence.

Following the timeframe spelt out in the Request for Proposal for the Sentosa integrated resort, RWS will apply for the casino licence only when the development is substantially completed and ready to receive visitors, and at least half of the committed investment has been expended.

**For and on behalf of the Board of
