CORPORATE PROFILE

Genting Berhad is the holding company of the Genting Group (www.genting.com), one of Asia's leading and best-managed multinationals. The Genting Group is led by Tan Sri Lim Kok Thay, a visionary entrepreneur who has established Resorts World branded properties in Malaysia, Singapore, the Philippines, the United States, the Bahamas, the United Kingdom and soon in South Korea, as well as spearheading global investments in oil palm plantations, power generation, oil and gas, property development, cruise, biotechnology and other industries.

The Genting Group and its affiliates comprise five public companies listed on the stock exchanges of Malaysia, Singapore and Hong Kong - namely Genting Berhad, Genting Malaysia Berhad ("Genting Malaysia"), Genting Plantations Berhad ("Genting Plantations"), Genting Singapore PLC ("Genting Singapore") and Genting Hong Kong Limited. The five listed companies have a combined market capitalisation of about RM100 billion (USD23 billion).

The Group and its affiliates employ about 62,000 people worldwide and has over 4,500 hectares of prime resort land and 238,400 hectares of plantation land. Genting's premier leisure brands include "Resorts World", "Genting Club", "Crockfords" and "Maxims". In addition to Premium Outlets®, Genting companies have tie ups with Universal Studios®, Hard Rock Hotel, Twentieth Century Fox and other renowned international brand partners. Backed by 50 years of solid financials and strong management leadership, the Genting Group is committed to grow in strength as a responsible global corporation.

CHAIRMAN'S STATEMENT

Dear Fellow Shareholders,

On behalf of the Board of Directors, I am pleased to present to you the Annual Report and Audited Financial Statements of Genting Berhad ("the Company") and its group of companies ("the Group") for the financial year ended 31 December 2015.

The year 2015 was tough for many business operators, as we faced a downtrend of crude oil and commodity prices, adverse weather conditions, global economic uncertainties and currency volatilities affecting consumer sentiment and demand. In Malaysia, the Goods and Services Tax was implemented from 1 April 2015. Despite these challenges, our Group achieved commendable results with revenue of RM18.1 billion (2014: RM18.2 billion) and an adjusted earnings before interest, tax, depreciation and amortisation of RM6.3 billion (2014: RM6.6 billion) from continuing operations.

We have consistently paid dividends to our shareholders while allocating funds for investments and business development. The Board has recommended a final single-tier dividend of 3.5 sen per ordinary share of 10 sen each, for the approval of shareholders at the forthcoming annual general meeting.

2015 was a significant year for us, as we celebrated the golden jubilee of Genting's historic founding. Special entertainment shows and promotions were held at Resorts World Genting, the place where it all started.

Our journey has been a magnificent one. It began 50 years ago as a family holiday resort with a 200-room hotel in Genting Highlands and grew steadily to become Genting Highlands Resort, now known as Resorts World Genting - Malaysia's leading tourist destination with over 10,000 rooms and attracting about 20 million visitors each year. Over the years, we have consistently invested to enhance the facilities and attractions in Resorts World Genting, our flagship resort in Malaysia.

I am pleased to inform that Resorts World Genting was voted as the World's and Asia's Leading Themed Resort⁽¹⁾ in 2015. Despite a challenging operating environment in 2015, Resorts World Genting recorded the highest number of room nights ever sold. Following the opening of the new Tower 3 in June 2015, First World Hotel has regained its title as the "World's Largest Hotel" with 7,351 rooms⁽²⁾.

Be prepared for exciting new attractions coming soon to Resorts World Genting.

In August 2015, Genting Malaysia issued RM2.4 billion of Medium-Term Notes under a programme with an aggregate nominal value of RM5 billion. The proceeds from this issuance will be used for the operating expenses, capital expenditure and working capital requirements primarily for the redevelopment of Resorts World Genting.

The redevelopment project called the Genting Integrated Tourism Plan, is progressing well. Genting Malaysia has recently revised the total capital investment for this project to an estimated RM10.38 billion, doubling the RM5 billion announced in December 2013 to offer significant expansion and additional new facilities to enhance the quality of guest experience and product offerings at Resorts World Genting.

Our brand new world-class Twentieth Century Fox World theme park, the first of its kind in the world, will now include more spectacular and thrilling state-of-the-art rides than previously announced. We have engaged some of the best talents in the Hollywood movie industry to help with the design of the park, transforming it into an even more exclusive and compelling world-class theme park. To complement this upcoming new outdoor Fox World theme park, the indoor theme park will undergo a major transformation, turning it into a unique themed entertainment attraction.

Sky Avenue, the upcoming retail and lifestyle mall will now be expanded to offer a more comprehensive tenant mix for shoppers. A new 250-suite premium hotel will also be built to enhance the resort's differentiated offerings to its increasingly discerning visitors.

The construction of Genting Premium Outlets in Resorts World Genting (the second Premium Outlets Center® to open in Southeast Asia after Johor Premium Outlets®) is progressing well and on target to open by the last quarter of 2016.

The tourism industry in Malaysia is expected to continue growing in the years ahead, with estimated 30.5 million visitor arrivals and RM103 billion receipts in 2016. Under the government's recalibrated 2016 Budget, tourism-related measures announced are expected to boost the local tourism sector. Resorts World Genting, being among the country's prominent holiday destinations is poised to benefit from the stimulus.

With an anticipated target of 30 million visitor arrivals to Resorts World Genting by 2020, we will be substantially enhancing and expanding the supporting infrastructure at the resort. Over the next few years, we plan to introduce additional luxury hotel properties at the hilltop to cater to the upper end segments of our guests and a new world-class show arena. As various new attractions and facilities at Resorts World Genting will be rolled out in stages from the second half of 2016, we remain focused

on enhancing customer services, as well as optimising yield management systems, operational efficiencies and database marketing efforts to grow business volume and visitation. Once completed, we envisage the Genting Integrated Tourism Plan to elevate Resorts World Genting as the resort destination of choice in the region, contributing to Malaysia's economic development and tourism industry.

Resorts World Sentosa in Singapore was named Asia's Best Integrated Resort for the fifth consecutive year⁽³⁾. It attracted close to 7 million visitors in 2015, accounting for one-third of all visitors to the attractions in Singapore.

Universal Studios Singapore™, the only Hollywood movie theme park in Southeast Asia, celebrated its fifth year of opening with the launch of a new attraction, Puss In Boots' Giant Journey and the re-launch of Battlestar Galactica: HUMAN vs CYLON™ roller coasters, both of which have received tremendous support from thrill-seekers. Hotels in Sentosa continued to outperform industry-wide indicators in occupancy levels and average room rates, registering an average occupancy rate of 92% and an average room rate of SGD378 for the year. Genting Hotel Jurong began operations in April 2015. We expect to reap benefits from the future Kuala Lumpur-Singapore High Speed Rail Terminus which will be located within the vicinity of this hotel.

In the United States, Resorts World Casino New York City which operates the first ever video gaming machine facility in New York City continued to be the largest grossing video gaming machine facility by gaming revenue in the Northeast United States. This outstanding achievement puts Resorts World Casino New York City on the same gaming revenue level as established resort casinos operating in Las Vegas and Atlantic City, which benefit from more expansive portfolios of table games, hotels and amenities. Visitor arrivals continued to be strong in 2015. At the end of 2015, our team in New York City had also undertaken gaming and amenities expansion and improvements to create a more appealing environment for players. To further establish and complement the Group's growing presence in the United States, Genting Malaysia recently announced its participation as the manager of the First Light Resort & Casino, an Indian destination resort casino to be constructed by the Mashpee Wampanoag tribe in Taunton, Massachusetts. This appointment, which is pending approval from the National Indian Gaming Commission, is expected to be for a period of 7 years. Genting Malaysia has also invested USD249.5 million in interest-bearing promissory notes issued by the Mashpee Wampanoag Tribal Gaming Authority for the initial development phase of this project. While Genting Malaysia does not have any equity interest in the resort casino or the tribe, the investment in the notes would further enhance the returns expected from this project.

CHAIRMAN'S STATEMENT (cont'd)

In the Bahamas, we are pleased with the growth in business volume and visitation at Resorts World Bimini since the opening of the port in September 2014 and the partial opening of the 305-room Hilton hotel in April 2015. The increase in room capacity, along with the other amenities, had positively contributed to Resorts World Bimini's net revenue in 2015, which more than doubled that of the prior year. Towards the end of 2015, Genting Malaysia had embarked on a comprehensive transportation initiative to review the efficiency of operations and to enhance the accessibility of guests to the resort. Genting Malaysia ceased the operation of the Bimini SuperFast cruise ferry in early January this year and has since partnered with several commercial airlines and a third party ferry operator. With the full opening of the Hilton hotel targeted later this year and new modes of transport services, we can expect further growth in visitors to the resort.

I am proud to inform that Resorts World Birmingham, the latest leisure property addition to our Group, became the first large scale integrated resort in the United Kingdom when it started operations in October 2015.

Our non-premium gaming business in the United Kingdom delivered very positive results with growth in market share, following the completion of its extensive refurbishment programme, while its international gaming market was affected by events encountered in Asia and remained challenging in 2015.

Elsewhere, construction works of the upcoming new Resorts World properties are on schedule and progressing well. Resorts World Las Vegas in the United States broke ground in May 2015 and is expected to open in 2018. The building construction drawings are being finalised and initial ground works have commenced with the property's 3,000 car park bays nearing completion.

Resorts World Jeju in South Korea broke ground in February 2015 and is expected to open progressively from the last quarter of 2017. Construction works have commenced for the integrated resort, including the luxury residential apartments and villas. I am pleased to inform that the Jeju Provincial Government has also passed the casino ordinance in June 2015.

While our Group is always looking for opportunities to strengthen and grow our businesses, we are also prudent in our investment approach, taking cognisance of the dynamic market conditions. We will strategise our plans to minimise any adversity and to grow our key businesses.

Today, we are a multinational conglomerate with a global presence in leisure and hospitality as well as in oil palm plantations, power generation, property development, biotechnology and oil and gas related activities.

Genting Plantations which started in 1980 with 13,700 hectares of land is now one of the largest listed oil palm growers in Asia. It has 238,400 hectares of plantation land in Malaysia and Indonesia. Its plantation estates in Malaysia consistently deliver yields and oil extraction rates that surpass broader industry averages. In 2015, despite adverse weather conditions which lowered crop production, the production of fresh fruit bunches ("FFB") in Malaysia was 22.9 metric tonnes per hectare and oil extraction rate averaged 21.7%, which were higher than the industry averages of 18.5 metric tonnes per hectare and 20.5% respectively. Total output of FFB increased for a sixth consecutive year to reach 1.73 million tonnes in 2015, as the sustained growth of output in Indonesia, which has a favourable maturity profile, more than compensated for the reduced volume in Malaysia.

Genting Plantations' performance in 2016 will largely be influenced by the direction of palm oil prices. So far, prices of crude palm oil have turned upwards, reaching two-year highs. We will closely monitor the price trend and external influencing factors including the lag impact of the hot and dry weather on crop production, demand from major importing countries and the direction of substitute commodities. We are optimistic that the overall uptrend of Genting Plantations' FFB production will remain intact in 2016 as the Indonesia region continues to drive output growth with more sizeable areas coming into maturity.

In March 2015, Genting Plantations entered into a 72:28 collaboration with Musim Mas Group, a Singapore-based company with global palm oil operations, to establish a palm oil refinery in Sabah, Malaysia. The 600,000-metric tonne per annum capacity refinery is targeted to complete in the second half of 2016 and will be part of the Genting Integrated Biorefinery Complex.

In June 2015, Genting Plantations issued its maiden RM1 billion Sukuk Murabahah or Islamic bonds. The proceeds will be used for operating expenses, capital expenditure, working capital and other expenses within the division's principal Shariah compliant activities.

Genting Property recorded lower sales of new properties in 2015, in line with the general slowdown of the property market in Malaysia. In April 2015, Genting Property divested the operations of Genting Permaipura and its golf course in Sungai Petani, Kedah.

Genting Plantations proposed in October 2015 to acquire two parcels of adjoining leasehold land measuring 380,902 square feet in the Segambut area of Kuala Lumpur for RM65.8 million. The land's close proximity to Kuala Lumpur City Centre puts it in a favourable position to leverage on any potential opportunities for value-accretion through property development activities.

ACGT Sdn Bhd, established in 2006, continues to focus on pioneering oil palm research works to improve oil palm yields and to look into the development of an alternative source of fuel energy. A world-class centre for genomic science, the team has already sequenced the oil palm genome and the *ganoderma* genome. *Ganoderma* is a devastating oil palm disease which causes “basal stem rot”. Knowing how it functions will help in the development of early detection and prevention and this could lead to higher yields in oil palm.

Genting Energy, which started in 1990, undertakes the power and oil & gas business activities of our Group. Today, it has power generation assets in China and India. In Indonesia, construction of the Banten power plant is steadily progressing towards its final stage. Its commercial operation is targeted to be in early 2017. In China, the construction of the new 2,000MW ultra supercritical coal-fired power plant adjacent to an existing 724MW coal-fired power plant in Putian is progressing well and scheduled to commence operations in 2017. In India, we expect contribution from the Jangi wind farm to be marginal due to the anticipated low wind season in the first half of 2016.

In view of the downward trend in oil prices, the performance of our oil producing asset, Chengdaoxi Block in China may be impacted. In Indonesia, as the Kasuri Block enters its pre-development phase, no further exploration drilling activities will be undertaken as we now focus on preparing a plan for the development of the block to be submitted to the Indonesian government. Efforts are being made to rationalise operations and trim costs in our oil and gas operations until there is better visibility in the direction of global oil prices.

Looking ahead, the Group remains cautiously optimistic, in line with the gradual recovery of global economies although the outlook for certain industries continues to be challenging. The tight labour market, inflationary cost pressures and volatile foreign exchange rates are some of the key areas we will monitor closely and manage.

We remain focused in developing our core businesses and in potentially new areas for business growth.

In exploring new opportunities, genomics is an area which could help identify ways to improve the quality of life for ageing individuals. Medicine is now entering a transformational phase with the use of DNA mapping to create designer drugs based on the genetic make-up of individuals. Today, through our investment endeavours in Life Sciences, we are finding ways through medical advancements to find cures for diseases and enable people to live longer and healthier lives.

Our operations have grown with the support of dedicated teams in our diverse businesses. We have about 62,000 employees with a diverse pool of talent and skills, located worldwide. Our ongoing projects will continue to create more job opportunities and stimulate the local economies. We will continue to support various charitable organisations and community projects. Many of our employees volunteer and support community service projects despite their busy schedule. More of our sustainability efforts are detailed in pages 44 to 60.

On behalf of the Board of Directors, I would like to thank and express my deepest gratitude to Dato’ Paduka Nik Hashim bin Nik Yusoff who retired as a director of Genting Berhad on 11 June 2015. He had served the Company well for 36 years with his invaluable contributions and priceless insights. I would also like to welcome Tan Sri Foong Cheng Yuen, who was appointed as a director of the Company in January 2016. I am sure he will serve our Company well.

I extend my appreciation to my fellow Board members for their invaluable counsel and guidance to the Group.

I would also like to take this opportunity to honour our beloved Founder, the late Tan Sri Lim Goh Tong, without whom, there would be no Genting.

To our shareholders, many of whom have been investors for decades, I thank you sincerely for your steadfast support and confidence in the Group. My appreciation is extended to the various regulatory authorities, the governing agencies, our business associates, customers, suppliers, business partners and other stakeholders for their continued support and cooperation throughout the year. Finally, I thank all our management and employees for their untiring dedication and commitment towards ensuring the success of the Group.

May we continue to forge ahead together and excel for Genting.

Thank you.

TAN SRI LIM KOK THAY
Chairman and Chief Executive
15 April 2016

PENYATA Pengerusi

Para Pemegang Saham,

Bagi pihak Lembaga Pengarah, saya dengan sukacitanya membentangkan Laporan Tahunan dan Penyata Kewangan Beraudit Genting Berhad ("Syarikat") dan kumpulan syarikat-syarikatnya ("Kumpulan") bagi tahun kewangan berakhir 31 Disember 2015.

Tahun 2015 merupakan tahun yang sukar untuk kebanyakan pengusaha-pengusaha perniagaan kerana kami berdepan dengan trend penurunan harga-harga minyak mentah dan komoditi, keadaan cuaca yang buruk, ketidakpastian ekonomi global dan turun naik nilai mata wang yang mempengaruhi perbelanjaan dan sentimen pengguna. Di Malaysia, Cukai Barang dan Perkhidmatan telah dilaksanakan mulai 1 April 2015. Walaupun menghadapi cabaran-cabaran tersebut, Kumpulan kami telah mencapai keputusan kewangan yang memberangsangkan, dengan hasil perolehan sebanyak RM18.1 bilion (2014: RM18.2 bilion) dan pendapatan terlaras sebelum faedah, cukai, susut nilai dan pelunasan sebanyak RM6.3 bilion (2014: RM6.6 bilion) daripada operasi berterusan.

Kami telah membayar dividen secara konsisten kepada para pemegang saham kami sambil memperuntukkan dana untuk pelaburan dan pembangunan perniagaan. Lembaga Pengarah telah mencadangkan dividen akhir satu peringkat sebanyak 3.5 sen setiap saham biasa bernilai 10 sen setiap satu, untuk kelulusan para pemegang saham dalam mesyuarat agung tahunan yang akan datang.

2015 merupakan tahun yang istimewa bagi kami, kerana ia merupakan tahun jubli emas penubuhan Genting yang bersejarah. Pelbagai rancangan-rancangan hiburan dan promosi-promosi istimewa sempena tahun tersebut telah diadakan di Resorts World Genting, tempat di mana ia bermula.

Kisah perjalanan kami memang mempersonakan. Ia bermula 50 tahun yang lalu, sebagai tempat percutian keluarga dengan sebuah hotel berbilik 200 di Genting Highlands. Ia berkembang maju menjadi Genting Highlands Resort, kini dikenali sebagai Resorts World Genting – satu destinasi pelancongan yang terkemuka di Malaysia dengan lebih 10,000 bilik dan dikunjungi kira-kira 20 juta para pelawat setiap tahun. Selama bertahun-tahun, kami telah melabur secara konsisten mempertingkatkan kemudahan-kemudahan dan daya-daya tarikan di Resorts World Genting, resort kami yang unggul di Malaysia.

Sukacita saya maklumkan bahawa Resorts World Genting telah dipilih sebagai Pusat Keraian Bertema Yang Utama Di Dunia dan Asia⁽¹⁾ pada tahun 2015. Resorts World Genting telah mencatatkan jumlah jualan bilik malam yang tertinggi pada 2015, meskipun persekitaran operasinya mencabar.

Berikutan pembukaan Menara 3 yang baru pada Jun 2015, First World Hotel telah mendapat semula gelaran sebagai yang "Hotel Terbesar Di Dunia" dengan 7,351 bilik⁽²⁾.

Bersedia untuk menikmati tawaran daya-daya tarikan terbaru dan menakjubkan tidak lama lagi di Resorts World Genting.

Pada Ogos 2015, Genting Malaysia telah menerbitkan Nota Tempoh Sederhana berjumlah RM2.4 bilion dengan nilai nominal agregat sebanyak RM5 bilion. Dana-dana yang terkumpul dari penerbitan tersebut akan digunakan untuk perbelanjaan operasi, perbelanjaan modal dan keperluan modal kerja terutamanya untuk pembangunan semula Resorts World Genting.

Projek pembangunan semula iaitu Pelan Pelancongan Bersepadu Genting sedang berjalan lancar. Genting Malaysia telah menambah jumlah pelaburan modal projek tersebut kepada anggaran RM10.38 bilion, menggandakan dari RM5 bilion yang diumumkan pada Disember 2013 untuk menawarkan lebih lagi kemudahan-kemudahan baru demi mempertingkatkan taraf mutu pengalaman tetamu dan produk-produk yang bakal ditawarkan di Resorts World Genting.

Twentieth Century Fox World, taman tema baru kami yang bertaraf dunia dan yang pertama seumpamanya di dunia, kini akan merangkumi kemudahan-kemudahan permainan yang lebih menakjubkan, mendebarkan dan lebih canggih daripada yang telah diumumkan sebelum ini. Kami telah memperolehi khidmat beberapa pakar yang paling berbakat dari industri perfileman Hollywood untuk membantu dalam rekaan bentuk taman, mengubahnya menjadi sebuah taman tema bertaraf dunia yang lebih eksklusif dan mengujakan. Untuk melengkapi taman tema luaran Fox World yang serba baru, taman tema dalaman akan menjalani transformasi besar untuk menjadikannya satu daya tarikan tema hiburan yang unik.

Sky Avenue, pusat membeli belah gaya hidup baru yang bakal diperkenalkan kini akan diperluaskan untuk menawarkan jenis kedai-kedai yang lebih menyeluruh untuk para pembeli. Sebuah hotel premium baru berbilik suite 250 juga akan dibina untuk meningkatkan lagi tawaran-tawaran resort kepada para pelawat yang lebih arif.

Pembinaan Genting Premium Outlets di Resorts World Genting (Premium Outlets Center® yang kedua di Asia Tenggara selepas Johor Premium Outlets®), sedang berjalan lancar dan menepati sasaran untuk dibuka pada suku terakhir 2016.

Industri pelancongan di Malaysia dijangka akan terus berkembang pada tahun-tahun yang akan datang, dengan anggaran seramai 30.5 juta ketibaan para pelawat dan RM103 bilion jumlah perolehan pada tahun 2016. Di bawah Semakan Semula Bajet Kerajaan 2016, langkah-langkah berkaitan pelancongan yang diumumkan dijangka akan meningkatkan sektor pelancongan tempatan. Resorts World Genting, yang merupakan di antara destinasi-destinasi percutian yang terkemuka di negara ini, dijangka akan manfaat daripada rangsangan bajet tersebut.

Dengan jumlah para pengunjung ke Resorts World Genting dijangka seramai 30 juta menjelang tahun 2020, kami akan meningkatkan dan memperluaskan kemudahan infrastruktur resort secara ketara. Kami merancang untuk memperkenalkan beberapa hartanah hotel mewah di puncak bukit untuk memenuhi segmen pengunjung golongan atasan kami dan sebuah arena persembahan baru bertaraf dunia dalam beberapa tahun yang akan datang. Dengan pelbagai tarikan dan kemudahan baru yang akan diperkenalkan secara berperingkat di Resorts World Genting mulai pertengahan kedua 2016, kami kekal fokus untuk meningkatkan lagi perkhidmatan-perkhidmatan untuk pelanggan kami serta mengoptimumkan sistem pengurusan hasil, kecekapan operasi dan usaha-usaha pemasaran pangkalan data untuk menambahkan volum perniagaan dan kunjungan para pelawat. Kami jangka Pelan Pelancongan Bersepadu Genting apabila siap, akan mengukuhkan lagi status Resorts World Genting sebagai pilihan destinasi resort di rantau ini serta menyumbang kepada pembangunan ekonomi dan industri pelancongan di Malaysia.

Resorts World Sentosa di Singapura telah dinamakan sebagai Resort Integrasi Yang Terbaik di Asia untuk tahun kelima secara berturut-turut⁽¹⁾. Resort tersebut telah menarik minat hampir 7 juta para pelawat pada 2015, iaitu satu pertiga daripada jumlah ketibaan para pelawat ke tempat-tempat tarikan di Singapura.

Universal Studios Singapore™, Hollywood filem taman tema yang satu-satunya di Asia Tenggara, telah menyambut tahun kelima pembukaannya dengan pelancaran tarikan barunya iaitu Puss In Boots' Giant Journey dan pelancaran semula roller coaster Battlestar Galactica: HUMAN vs CYLON™, kedua-duanya telah mendapat sokongan yang mantap daripada para peminat roller-coaster. Prestasi hotel-hotel di Sentosa terus melebihi kadar purata industri dari segi tahap penginapan dan purata harga bilik dengan mencatatkan kadar purata penginapan sebanyak 92% dan kadar purata bilik SGD378 pada 2015. Genting Hotel Jurong telah beroperasi mulai April 2015. Kami jangka hotel ini akan manfaat dari Terminal Keretapi Berkelajuan Tinggi Kuala Lumpur-Singapura yang bakal dibina di persekitarannya.

Di Amerika Syarikat, Resorts World Casino New York City merupakan pusat kemudahan mesin kasino video yang pertama beroperasi di Bandaraya New York. Ia kekal menempatkan kedudukannya sebagai pusat kemudahan mesin kasino video dengan perolehan kasino yang tertinggi di bahagian timur laut Amerika Syarikat. Pencapaian cemerlang ini yang berdasarkan hasil perolehan kasino, telah meletakkannya sejajar dengan kasino-kasino resort terkenal beroperasi di Las Vegas dan Bandaraya Atlantic yang manfaat daripada portfolio-portfolio permainan kasino, hotel dan kemudahan yang lebih luas. Ketibaan para pengunjungnya

kekal mantap pada 2015. Pada akhir 2015, pasukan kami telah mengembangkan dan meningkatkan kemudahan-kemudahan kasinonya bagi menyediakan persekitaran yang lebih menarik untuk para pemain. Untuk memantapkan kehadiran Kumpulan di Amerika Syarikat yang semakin berkembang, baru-baru ini, Genting Malaysia telah mengumumkan penyertaannya sebagai pengurus First Light Kasino & Resort, satu destinasi kasino resort yang akan dibina oleh Puak Mashpee Wampanoag di Taunton, Massachusetts. Pelantikan ini, yang masih menunggu kelulusan daripada *National Indian Gaming Commission*, dijangka akan meliputi tempoh 7 tahun. Genting Malaysia juga telah melabur USD249.5 juta dalam nota janji hutang yang menanggung faedah, yang diisu oleh *Mashpee Wampanoag Tribal Gaming Authority* untuk fasa pembangunan awal projek ini. Walaupun Genting Malaysia tidak mempunyai apa-apa pelaburan ekuiti dalam kasino resort ini atau dalam puak Mashpee Wampanoag, pelaburan dalam nota ini dijangka akan meningkatkan lagi hasil pulangan dari projek ini.

Di Bahamas, kami berasa gembira dengan peningkatan volum perniagaan dan kunjungan ke Resorts World Bimini sejak pembukaan pelabuhannya pada September 2014 dan pembukaan sebahagian daripada 305 bilik Hotel Hilton pada April 2015. Peningkatan kapasiti bilik, bersama-sama dengan kemudahan-kemudahan yang lain, telah menyumbang secara positif ke atas pendapatan bersih Resorts World Bimini pada tahun 2015, di mana ianya telah meningkat lebih daripada dua kali ganda berbanding tahun sebelumnya. Menjelang akhir tahun 2015, Genting Malaysia telah melancarkan inisiatif pengangkutan yang komprehensif untuk mengkaji semula kecekapan operasi kami dan meningkatkan kebolehpasaran tetamu ke resort ini. Genting Malaysia telah menamatkan operasi feri pelayaran Bimini SuperFast pada awal Januari tahun ini dan sejak itu, telah bekerjasama dengan beberapa syarikat penerbangan komersial dan satu pengendali feri pihak ketiga. Jumlah para pelawat ke resort ini dijangka akan bertambah dengan pembukaan sepenuh hotel Hilton pada akhir tahun ini dan perkhidmatan-perkhidmatan pengangkutannya yang baru.

Saya bangga memaklumkan bahawa Resorts World Birmingham, hartanah keraian Kumpulan kami yang terbaru, telah menjadi resort integrasi berskala besar yang pertama di United Kingdom apabila operasinya bermula pada Oktober 2015.

Di United Kingdom, perniagaan kasino kami yang bukan-premium telah mencatatkan keputusan yang amat positif dengan pertumbuhan dalam pasaran tempatan, berikutan selesainya program pengubahsuaian yang meluas, sementara pasaran kasino antarabangnya terjejas berikutan peristiwa-peristiwa yang melanda Asia dan kekal mencabar pada tahun 2015.

PENYATA PENERUSI (sambungan)

Di tempat-tempat lain, kerja-kerja pembinaan hartanah-hartanah Resorts World yang baru sedang rancak dijalankan mengikut jadual. Resorts World Las Vegas di Amerika Syarikat telah melaksanakan upacara pecah tanah pada Mei 2015 dan dijangka akan mula beroperasi pada 2018. Pelan-pelan pembinaan bangunan sedang dimuktamadkan dan kerja-kerja awal pembinaan telah bermula dengan 3,000 petak letak kereta yang hampir siap.

Resorts World Jeju di Korea Selatan melaksanakan upacara pecah tanah pada Februari 2015 dan dijangka akan buka secara berperingkat mulai suku terakhir 2017. Kerja-kerja pembinaan untuk resort integrasi termasuk pangsapuri-pangsapuri kediaman dan vila-vila mewah telah bermula. Saya dengan sukacitanya ingin memaklumkan bahawa Kerajaan Wilayah Jeju telah meluluskan ordinan kasino pada Jun 2015.

Sementara Kumpulan kami sentiasa mencari peluang untuk memantapkan dan memperkembangkan perniagaan kami, kami juga berhemat dalam pendekatan pelaburan kami dengan mengambil kira keadaan pasaran yang dinamik. Kami akan menyusun strategi-strategi rancangan kami untuk mengurangkan sebarang kesukaran dan mengembangkan perniagaan-perniagaan utama kami.

Kini, kami merupakan sebuah konglomerat multinasional yang beroperasi secara global dalam aktiviti-aktiviti keraian dan hospitaliti serta perladangan kelapa sawit, penjaan kuasa, pembangunan hartanah, bioteknologi dan pencarian minyak dan gas.

Genting Plantations yang bermula pada tahun 1980 dengan 13,700 hektar tanah, kini merupakan salah satu penanam kelapa sawit tersenarai terbesar di Asia. Ia mempunyai 238,400 hektar tanah perladangan di Malaysia dan Indonesia. Ladang-ladangnya di Malaysia menyumbang secara konsisten hasil tanaman dan kadar perahan minyak yang melebihi kadar purata industri. Pada tahun 2015, meskipun keadaan cuaca yang buruk menjejaskan hasil tanaman, pengeluaran tandan buah segarnya ("FFB") di Malaysia adalah 22.9 tan metrik sehektar dan purata kadar perahan minyak adalah 21.7%, lebih tinggi daripada purata industri 18.5 tan metrik sehektar dan 20.5%. Jumlah keseluruhan hasil FFB telah meningkat untuk tahun ke-enam berturut-turut, mencapai 1.73 juta tan metrik pada 2015, kerana di Indonesia, peningkatan hasil pengeluarannya yang berterusan dengan kematangan tanaman profilnya yang baik, telah menanamkan hasil pengeluaran yang lebih rendah di Malaysia.

Sebahagian besar prestasi Genting Plantations pada 2016 dipengaruhi oleh halatuhu harga minyak sawit. Sehingga kini, harga minyak sawit mentah telah mula meningkat ke paras tertinggi untuk tempoh dua tahun ini. Kami akan memantau perkembangan trend harga dan faktor-faktor luaran termasuk kesan cuaca panas dan kering terhadap hasil tanaman, permintaan dari negara-negara pengimport utama dan halatuhu komoditi-komoditi pengganti. Kami yakin trend keseluruhan hasil FFB Genting Plantations yang semakin meningkat akan kekal mantap pada 2016, memandangkan rantau Indonesia

akan terus menerajui hasil pengeluaran dengan lebih banyak kawasan tanamannya mula mencapai tempoh kematangan.

Pada Mac 2015, Genting Plantations memeterai satu kerjasama 72:28 dengan Musim Mas Group, sebuah syarikat yang berpusat di Singapura dengan operasi minyak sawit global, untuk menubuhkan sebuah loji penapis minyak sawit di Sabah, Malaysia. Loji penapis berkapasiti 600,000 tan metrik setahun ini disasarkan siap pada separuh kedua 2016 dan akan menjadi sebahagian daripada Kompleks Loji Penapis Bio Bersepadu Genting.

Pada Jun 2015, Genting Plantations telah menerbitkan RM1 bilion Sukuk Murabahah atau bon-bon Islamnya yang pertama. Hasil perolehannya akan digunakan untuk perbelanjaan operasi, perbelanjaan modal, keperluan modal kerja dan perbelanjaan lain yang terkandung dalam aktiviti-aktiviti utama bahagian kami yang mematuhi Syariah.

Genting Property telah mencatatkan jualan hartanah baru yang lebih rendah pada 2015, sejajar dengan kemelesetan pasaran hartanah di Malaysia pada umumnya. Pada April 2015, Genting Property telah menyelesaikan penjualan operasi Genting Permaipura dan padang golf miliknya di Sungai Petani, Kedah.

Pada Oktober 2015, Genting Plantations telah bercadang untuk memperolehi dua bidang tanah pegangan pajakan yang bersempadan bersama dengan jumlah seluas 380,902 kaki persegi di kawasan Segambut, Kuala Lumpur untuk RM65.8 juta. Tanah ini yang berdekatan dengan Pusat Bandaraya Kuala Lumpur, berlokasi baik dengan peluang untuk memanfaatkan nilai melalui aktiviti-aktiviti pembangunan hartanah.

ACGT Sdn Bhd yang ditubuhkan pada 2006, kekal fokus terhadap kerja-kerja penyelidikan rintis minyak sawit untuk mempertingkatkan mutu hasil minyak sawit dan untuk mencari sumber alternatif tenaga bahan bakar. Sebagai sebuah pusat sains genomik bertaraf dunia, pasukan kami telah berjaya menyusun genom minyak sawit dan genom *ganoderma*. *Ganoderma* ialah penyakit minyak sawit yang memudaratkan, yang boleh menyebabkan pereputan stem basal. Pengetahuan tentang bagaimana penyakit ini berfungsi boleh membantu untuk mencipta kaedah pengenalpastian awal dan pencegahan penyakit untuk meningkatkan pengeluaran hasil minyak sawit.

Genting Energy yang bermula pada 1990, mengendalikan aktiviti-aktiviti perusahaan minyak dan gas Kumpulan kami. Kini, Genting Energy mempunyai aset-aset janakuasa di China dan India. Di Indonesia, pembinaan loji janakuasa Banten sedang berjalan lancar menuju ke peringkat akhir pembinaannya. Operasi komersialnya disasarkan untuk bermula pada awal 2017. Di China, pembinaan loji baru janakuasa arang batu tahap kritikal tertinggi berkuasa 2,000MW yang terletak berhampiran loji janakuasa arang batu 724MW yang sedia ada di Putian, sedang rancak dibina dan dijadualkan untuk beroperasi secara komersial pada 2017. Di India, sumbangan dari Ladang Tenaga Angin Jangi dijangka minima berikutan musim angin yang dijangka perlahan pada separuh tahun pertama 2016.

Trend harga minyak kini yang rendah mungkin akan menjejaskan prestasi aset penghasilan minyak kami, Blok Chengdaoxi di China. Blok Kasuri di Indonesia kini memasuki fasa pra-pembangunan di mana tiada aktiviti penerokaan penggerudian selanjutnya akan dilaksanakan. Pada masa ini, tumpuan diberi kepada penyediaan pelan pembangunan blok tersebut untuk dikemukakan kepada kerajaan Indonesia. Usaha-usaha sedang dijalankan untuk menyusun semula operasi dan mengurangkan kos operasi-operasi minyak dan gas kami sehingga wujudnya tanda-tanda halatuju harga minyak global yang lebih jelas.

Demi masa yang akan datang, Kumpulan kami kekal optimistik dan berhati-hati, sejajar dengan pemulihan ekonomi global secara beransur-ansur walaupun prospek bagi industri-industri tertentu kekal mencabar. Pasaran buruh yang ketat, tekanan kos inflasi dan ketidaktentuan kadar pertukaran matawang asing adalah di antara faktor-faktor utama yang kami akan sentiasa teliti dan uruskan dengan aktif.

Kami tetap fokus untuk membangunkan perniagaan-perniagaan teras kami dan bidang-bidang pelaburan baru yang berpotensi untuk pertumbuhan perniagaan.

Dalam menerokai peluang-peluang baru, genomik adalah satu bidang yang boleh membantu untuk mengenal pasti cara-cara untuk meningkatkan kualiti hidup warga emas. Bidang perubatan kini memasuki fasa transformasi dengan penggunaan pemetaan DNA untuk menghasilkan ubat-ubatan khas berdasarkan genetik individu. Hari ini, melalui pelaburan kami dalam bidang Sains Hayat, kami berusaha mencari penawar-penawar kepada penyakit-penyakit melalui kemajuan perubatan, demi membolehkan orang ramai hidup lebih lama dan lebih sihat.

Operasi kami telah berkembang dengan sokongan pasukan-pasukan yang dedikasi dalam pelbagai perniagaan kami. Kami mempunyai kira-kira 62,000 pekerja di seluruh dunia dengan pelbagai bakat dan kemahiran. Projek-projek resort kami yang sedang dilaksanakan akan terus mencipta lebih banyak peluang pekerjaan dan seterusnya merangsang ekonomi tempatan. Kami sentiasa menyokong pelbagai badan amal dan projek-projek komuniti. Ramai pekerja kami mengambil bahagian sebagai sukarela dan menyokong projek-projek khidmat masyarakat meskipun kerja jadual mereka ketat. Butiran lanjut berkenaan usaha kemampanan kumpulan Genting diuraikan di muka surat 44 hingga 60.

Bagi pihak Lembaga Pengarah, saya ingin mengucapkan terima kasih dan merakamkan rasa hutang budi kepada Dato' Paduka Nik Hashim bin Nik Yusoff yang telah bersara sebagai pengarah Genting Berhad pada 11 Jun 2015. Beliau telah memberikan khidmat yang cemerlang kepada Syarikat kami selama 36 tahun, melalui sumbangan-sumbangan nasihat dan pandangan-pandangan beliau yang amat dihargai. Saya juga ingin mengalu-alukan Tan Sri Foong Cheng Yuen yang telah dilantik sebagai pengarah Syarikat pada Januari 2016. Saya yakin beliau akan memberi khidmat yang baik untuk Syarikat kami.

Saya merakamkan penghargaan kepada rakan-rakan Lembaga pengarah atas nasihat dan bimbingan mereka yang amat tinggi nilainya kepada Kumpulan.

Saya juga ingin mengambil kesempatan ini untuk memberi penghormatan kepada Pengasas kami yang tercinta, mendiang Tan Sri Lim Goh Tong. Tanpa beliau, tiadalah Genting.

Kepada para pemegang saham kami, yang kebanyakannya telah melabur selama beberapa dekad, dengan tulus ikhlas saya ingin mengucapkan terima kasih ke atas sokongan teguh dan keyakinan anda terhadap Kumpulan. Saya juga ingin merakamkan penghargaan saya kepada kerajaan, agensi-agensi pengawal selia, rakan-rakan kongsi perniagaan, pelanggan-pelanggan kami dan pihak berkepentingan yang lain ke atas sokongan dan kerjasama sepanjang tahun ini. Akhir sekali, saya ingin mengucapkan terima kasih kepada semua pihak pengurusan dan para pekerja kami ke atas dedikasi dan komitmen mereka untuk memastikan kejayaan Kumpulan kami.

Semoga kita bersama-sama maju ke hadapan mencapai prestasi yang lebih unggul untuk Genting.

Terima kasih.

主席文告

亲爱的股东,

本人谨代表董事局向您呈献云顶有限公司(以下简称“本公司”)与其集团成员公司(以下简称“本集团”)截至2015年12月31日为止的年度报告及已审核财务报告。

2015年对于许多业者来说是个极具严峻的一年,我们在这一年内经历了原油和商品价格的滑落、恶劣的气候、全球经济不明朗的走势及货币的波动牵制了消费者的情绪与需求。在马来西亚,消费税已在2015年4月1日起落实。尽管面对这些挑战,我们的集团依然可从各领域的持续运作下,取得令人鼓舞的业绩表现,即营业额为181亿令吉(2014年:182亿令吉)及调整后税息折旧及摊销前利润为63亿令吉(2014年:66亿令吉)。

在分配基金充作投资及推动业务发展的当儿,我们保持一贯性的派息率以回馈股东。董事局建议为每股面值10仙的普通股,派发每股3.5仙的单层末期股息,并将在来临的常年股东大会寻求股东通过。

2015年对于我们而言,是个意义深远之年;
为了欢庆创立50周年的金禧之年,我们在集团的发源地—马来西亚云顶世界举办了一连串的特殊娱乐节目和促销活动。

我们拥有非同凡响的精彩征途,从50年前初创期拥有200间客房的家庭式度假胜地,一步一脚印地稳健发展成为云顶高原度假胜地,现称为马来西亚云顶世界是马来西亚的领先旅游胜地,并拥有超过10千间客房和每年吸引约2千万游客到访。多年来,我们始终如一地进行投资,旨在提升我们的旗舰度假胜地,马来西亚云顶世界的设施与景点。

我很荣幸地宣布,马来西亚云顶世界于2015年获选为世界与亚洲最佳主题度假胜地⁽¹⁾。虽然2015年的营运环境深具挑战,马来西亚云顶世界依然刷新最高房晚售出纪录。随着第一大酒店Tower 3于2015年6月开业,拥有7,351间客房的第一大酒店再度赢得“世界最大酒店”的荣誉⁽²⁾。

敬请期待马来西亚云顶世界所将呈现的新景点。

在2015年8月,云顶马来西亚以50亿令吉的总面值,发行价值24亿令吉的中期票据。该项集资活动将用于运营开支、资本开支、营运资金需求,主要用于马来西亚云顶世界的重建。

该重建项目称为云顶综合旅游计划,取得良好进度。云顶马来西亚早前亦公布调整有关发展项目的资本投资上修至约103亿8千万令吉,为2013年12月所公布的50亿令吉投资额的1倍,为马来西亚云顶世界增添新设施,从而加强访客体验及产品素质。

我们全球首座世界级崭新的20世纪福斯主题乐园,内容比早前公布的更为壮观,同时更刺激、惊险的游乐设施。我们也与好莱坞最优秀的电影业者合作,为主题公园进行设计,将之转换为一个更为独家及引人注目的世界级主题乐园。配合全新户外20世纪福斯主题乐园,户内游乐园亦将大转型,变身为具独特主题的娱乐景点。

即将开幕的零售与休闲商场Sky Avenue将再扩展,并为购物者提供更全面的广场规划。一座全新250间套房的高级酒店也将建于此,透过不同服务,迎合品味日益不同的访客。

位于马来西亚云顶世界的云顶名牌折扣购物中心(继柔佛名牌折扣购物中心®之后,第二座在东南亚开业的名牌折扣购物中心®)的施工进度良好,并预计在2016年最后一季开业。

马来西亚的旅游业预计在未来数年内持续成长,放眼在2016年达到3千50万游客到访目标,并取得1千30亿的收入。在2016年政府

调整财政预算案下公布的旅游业相关措施,预计有助刺激本地旅游业。作为马来西亚其中一个最受欢迎的度假胜地,马来西亚云顶世界放眼从振兴措施下受惠。

由于我们预计马来西亚云顶世界访客人数将会在2020年达到3千万人次的目标,我们将大举提升并扩大度假胜地的支援基础设施。我们计划在未来数年内,在山顶推出更多额外的豪华酒店,以满足高端客户的需求,同时搭建一座全新世界级表演剧场。正当马来西亚云顶世界的各项景点及设施将从2016年下半年陆续推出之即,我们也专注提升客户服务,同时力求充分发挥回酬管理统、营运效率及数据库营销策略,冀促进业务量及访客到访率。一旦整项计划完成,我们预计云顶综合旅游计划将强化马来西亚云顶世界地位,成为区域休闲景点首选,并促进马来西亚的经济与旅游业发展。

位于新加坡的圣淘沙名胜世界连续第五年获选为亚洲最佳综合度假胜地⁽³⁾。该度假胜地在2015年吸引超过700万访客到访,占新加坡景点的总到访人数的三分之一。

东南亚唯一好莱坞电影主题公园,新加坡环球影城™在欢庆5周年之即,也推出新景点《鞋猫剑客历险记》,而《太空堡垒卡拉狄加双轨过山车》的重新推介,也获得过山车粉丝的热烈支持。位于圣淘沙的酒店在这一年内持续跑赢同业的入住率及平均房价广泛指标,取得92%的入住率及378新元的平均房价。裕廊云顶酒店已在2015年4月投入运作。鉴于未来的吉隆坡-新加坡高速铁路总站毗邻于裕廊云顶酒店,我们预计这家酒店将从中受惠。

在美国,纽约市云顶世界赌场是纽约市首个经营视频游戏机设施的赌场,持续在美国东北部视频游戏机赌场的市场奠定最高博彩收入的地位。这项卓越成就推动纽约市云顶世界赌场,与在更广泛的赌桌、酒店及设施组合下受惠的拉斯维加斯及大西洋城内的顶尖度假赌场的业者,在博彩收入上并驾齐驱。纽约市云顶世界赌场在2015年持续保持稳健访客率。在2015年底,纽约市云顶世界赌场团队也着手扩展及改善博彩及相关设施,从而强化有关产业的产品素质,为客户营造更好的环境。为了建立并加强集团在美国市场知名度,云顶马来西亚最近宣布争取位于马萨诸塞州汤顿镇,由Mashpee Wampanoag Tribe建造的First Light Resort & Casino是当地印地安人部落的赌场度假胜地的管理权。目前这项管理权仍待National Indian Gaming Commission批准,预计委任期长达7年。我们也在计划初始发展阶段,投资了2亿4千9百50万美元由Mashpee Wampanoag Tribal Gaming Authority发行的带息票据。尽管云顶马来西亚不会持有该赌场度假胜地或部落任何股权,投资票据可助提高参与此计划的预期回报。

在巴哈马,我们欣喜地宣布,随着码头在2014年9月启用及拥有305间客房的希尔顿酒店在2015年4月局部开业后,比米尼云顶世界业务量及到访率即见增长。客房增加,再加上其他设施的开放,为比米尼云顶世界在2015年的净收入作出积极贡献,较前年倍增。近2015年年底,云顶马来西亚进行了全面的交通举措,审视我们的运营效率并提升客户前往该岛的便利。云顶马来西亚在今年1月初终止了比米尼SuperFast邮轮营运,随后即与多家商业航空公司及第三方渡轮业者合作。随着希尔顿酒店在今年底全面开放,加上新的交通服务模式,我们预计这将进一步带动访客到访的势头。

我也非常自豪地宣布,集团新增产业为伯明翰云顶世界,自2015年10月开业以来,成为英国首个最大规模的综合度假胜地。

随着完成广泛翻新计划,我们在英国的非高端博彩业务取得非常正面的业绩表现,并在市场份额也有所增长。至于国际博彩业务,则受到亚洲市场事故影响,在2015年依然面对挑战。

除此之外,多项崭新云顶世界产业的建筑工程已按计划进行,同时也取得良好进展。位于美国的拉斯维加斯云顶中华世界已于2015年5月动土,预计会在2018年开业。有关建筑物的结构图已完成,且已展开初步的地面工程,即3千个泊车位近完工。

MANAGEMENT'S DISCUSSION AND ANALYSIS OF BUSINESS OPERATIONS AND FINANCIAL PERFORMANCE

FINANCIAL REVIEW

Revenue

Group revenue from continuing operations for financial year 2015 was RM18,100.4 million which was marginally lower than that for financial year 2014 of RM18,216.5 million.

Total revenue from the Leisure & Hospitality Division was 3% lower than that of the previous financial year. Resorts World Sentosa recorded lower revenue (by 8%) due mainly to a downtrend in the premium gaming industry. The casino business in United Kingdom also recorded lower revenue (by 21%) due mainly to lower hold percentage and lower volume of business from its premium players ("International Markets") mitigated partially by higher revenue from its non-premium players as a result of higher business volume and the impact of a stronger Sterling Pound exchange rate to the Malaysian Ringgit. Revenue from Resorts World Genting in Malaysia was higher by 4% due mainly to overall higher volume of business offset by lower hold percentage in the premium players business. The leisure and hospitality business in the United States and Bahamas recorded higher revenue due to higher business volume in Resorts World Bimini in Bahamas and Resorts World Casino New York City as well as a stronger US Dollar against the Malaysian Ringgit.

Plantation-Malaysia revenue in 2015 was lower by 11%. This was mainly attributable to lower fresh fruit bunches production and weaker palm product selling prices. Plantation-Indonesia however, recorded higher revenue (by 28%) due to increased fresh fruit bunches production which outweighed the lower selling prices.

Higher revenue during the year from the Power Division was due mainly to higher construction revenue recognised from the higher percentage of completion of the 660MW coal-fired Banten power plant in Indonesia and higher generation by the Jangi wind farm in India.

Lower revenue from the Property Division was due mainly to decline in land sales by Genting Plantations. In addition, the lower revenue is also reflective of the softer property sales trend amid more challenging market conditions.

Revenue from the Oil and Gas Division for financial year 2015 was not comparable with financial year 2014 as the Group's participating interest in the Chengdaoxi Block took effect only from 1 July 2014.

Costs and expenses

Total costs and expenses from continuing operations before finance costs and share of results in joint ventures and associates of the Group in 2015 was RM16,455.8 million

compared with RM14,851.8 million in 2014. The increase of RM1,604.0 million was due mainly to the following :

- (a) Cost of sales increased from RM11,906.3 million to RM12,958.7 million, an increase of RM1,052.4 million.

Cost of sales of Genting Malaysia increased due mainly to higher bad debts written off for the United Kingdom operations, higher payroll costs and other operating expenses.

In addition, higher construction cost was recognised in respect of the Banten plant in line with the higher percentage of completion of the plant.

- (b) Selling and distribution costs increased from RM382.1 million to RM442.5 million, an increase of RM60.4 million.

The increase was mainly from Genting Malaysia due to its marketing, promotion and other associated costs.

- (c) Administration expenses decreased from RM1,385.7 million to RM1,026.9 million, a decrease of RM358.8 million.

The lower administration expenses was due mainly to a property tax refund in respect of prior years received by Genting Singapore which amounted to SGD102.7 million.

- (d) Impairment losses in 2015 were RM456.0 million compared with RM265.0 million in 2014. The impairment losses in 2015 were mainly in respect of certain of the Group's available-for-sale financial assets and other assets which recoverable amounts were below the carrying values.

- (e) Other expenses of the Group increased from RM497.4 million to RM986.6 million, an increase of RM489.2 million. The near doubling was due mainly to a loss of SGD87.2 million on disposal of portfolio investments by Genting Singapore and deferred expenses of RM137.1 million written off in respect of the Bimini operations.

Other income and reversal of previously recognised impairment losses

The increase in other income of the Group from RM1,262.7 million in 2014 to RM2,038.6 million in 2015 was due mainly to higher foreign exchange gains on net foreign currency denominated financial assets during the 2015 financial year.

The reversal of previously recognised impairment losses of RM227.0 million in 2015 was mainly in respect of the casino licences and property, plant and equipment of certain casinos in the United Kingdom as a result of their better performance.

Adjusted earnings before interest, tax, depreciation and amortisation ("Adjusted EBITDA")

The Group's adjusted EBITDA excludes the effects of non-recurring items, such as net fair value gain and loss, gain or loss on disposal of financial assets, gain or loss on deemed dilution of shareholdings in associates, project costs written off, reversal of previously recognised impairment losses, impairment losses, pre-opening and development expenses, assets written off, gain or loss on disposal of assets and share-based payment expenses.

The Group's adjusted EBITDA from continuing operations for 2015 was RM6,289.0 million compared with RM6,627.5 million for 2014, a decrease of RM338.5 million or 5%. The lower EBITDA was due mainly to lower performance from Resorts World Sentosa, the casino business in the United Kingdom and the Plantation and Property divisions. Resorts World Sentosa's EBITDA was impacted by its lower revenue whilst the casino business in the United Kingdom suffered a loss in the current financial year due to lower revenue and higher bad debts written off. The EBITDA for Plantation-Malaysia was lower due to the impact of lower palm product selling prices and lower fresh fruit bunches production. Similarly, Plantation-Indonesia registered lower EBITDA amid a backdrop of weaker palm product selling prices with higher cost of sales. Decline in land sales by Genting Plantations contributed mainly to the lower EBITDA of the Property Division.

EBITDA from Resorts World Genting was higher due mainly to higher revenue partially offset by higher costs relating to its premium players business, higher payroll costs and the impact of Goods and Services Tax which took effect from 1 April 2015. The leisure and hospitality business in the United States and Bahamas also recorded higher EBITDA due to higher revenue and lower payroll costs for the Resorts World Casino New York City's operations. Higher revenue generated by the Banten power plant and the Jangi wind farm contributed to the higher EBITDA of the Power Division.

Finance costs

The Group's finance costs of RM558.9 million in 2015 was higher than that of 2014 of RM437.0 million by RM121.9 million. The increase was due mainly to the higher level of borrowings in 2015, in particular the issuance of RM1.0 billion Sukuk Murabahah by a wholly owned subsidiary of Genting Plantations and ongoing loan drawdown for the construction of the Banten power plant.

Taxation

The tax expense of the Group for 2015 was RM848.3 million compared with RM1,108.7 million in 2014. The decrease

came mainly from Genting Malaysia arising from the effect of changes in United Kingdom's tax rate, tax incentives claimed in Malaysia and overprovision in respect of prior years.

Profit attributable to equity holders of the Company

The profit attributable to equity holders of the Company decreased by 7% from RM1,496.1 million in 2014 to RM1,388.0 million in 2015.

Liquidity and capital resources

The Group's capital expenditure and working capital requirements have been financed by cash generated from operations and short-term and long-term debt provided by third party banks or raised via issuance of debt securities.

Cash and cash equivalents increased from RM16,391.2 million as at 31 December 2014 to RM23,612.9 million as at 31 December 2015. This was due mainly to higher net cash generated from operating activities, lower acquisition of investments in 2015 and higher net cash from financing activities which recorded a net cash inflow of RM2,542.4 million due mainly to the issuances of Medium Term Notes ("MTNs") by Genting Malaysia and Sukuk Murabahah by Genting Plantations.

Total loans of the Group increased from RM12,552.6 million as at 31 December 2014 to RM18,504.7 million as at 31 December 2015. The increase was due mainly to the RM2.4 billion MTNs issued by Genting Malaysia, RM1.0 billion Sukuk Murabahah issued by Genting Plantations and an ongoing loan drawdown for the construction of the Banten power plant.

The Group's capital expenditure incurred in 2015 amounted to RM3,836.0 million, which was mainly attributable to significant development work relating to the Genting Integrated Tourism Plan at Resorts World Genting.

Gearing

The gearing ratio of the Group as at 31 December 2015 was 23% compared with 19% as at 31 December 2014. This ratio is calculated as total debt divided by total capital. Total debt, which is calculated as total borrowings, amounted to RM18,504.7 million as at 31 December 2015 (2014: RM12,552.6 million). Total capital is calculated as the sum of total equity and total debt, which amounted to RM81,295.8 million in 2015 (2014: RM65,618.0 million).

MANAGEMENT'S DISCUSSION AND ANALYSIS OF BUSINESS OPERATIONS AND FINANCIAL PERFORMANCE (cont'd)

Prospects

Genting Malaysia continues to focus on the Genting Integrated Tourism Plan at Resorts World Genting. The significant expansion and addition of new facilities at Resorts World Genting will further enhance and elevate the quality of guest experience and product offerings at the resort. Meanwhile, the construction and development works for Genting Integrated Tourism Plan are progressing well. As Genting Malaysia prepares for the rollout of the various Genting Integrated Tourism Plan attractions and facilities in stages from the second half of 2016, it remains focused on enhancing service at Resorts World Genting as well as optimising its yield management systems, operational efficiencies and database marketing efforts to grow business volume and visitation.

In the non-gaming business, despite an overall slowdown in tourism arrivals to Singapore, Resorts World Sentosa's Attractions business delivered a good performance. Resorts World Sentosa had nearly 7 million visitors accounting for one-third of overall Singapore attractions visitorship, and its hotels outperformed the industry in occupancy and average room rates.

Resorts World Sentosa will continue to leverage on strategic alliances to drive new and repeat visitation. In its continuous effort to raise its brand position to attract the "High Net Worth" market, Resorts World Sentosa collaborated with the Michelin Guides and Robert Parker Wine Advocate in November 2015 to launch the inaugural Michelin Guide Singapore. As an extension of this brand recognition project, Resorts World Sentosa has appointed Mr Donnie Yen, one of Asia's most influential celebrities as its brand ambassador. Through these alliances, Resorts World Sentosa will achieve a more compelling brand identification, and hence achieve better tactical reach to all its selected markets.

At Genting Singapore level, development of Resorts World Jeju is progressing as planned. Construction of the hotels, retail and entertainment parts of the integrated resort plot has commenced. The construction of residential plot is advanced, and sales are expected to commence in the second quarter of 2016.

In the United Kingdom, the Home Markets division delivered very positive results in 2015 and achieved growth in market share. 2016 will see continuous focus on strengthening the position in the United Kingdom domestic business segment and improving business efficiency. Genting Malaysia will also focus on stabilising operations and growing business volumes at Resorts World Birmingham, its latest property which was opened in October 2015. The International Markets division was affected by events in Asia. Genting Malaysia has revised its marketing efforts and will be implementing additional strategies to reinforce this segment.

In the United States, Resorts World Casino New York City continues to perform commendably and has maintained its position as the leading gaming operator in Northeast United States despite intense regional competition. Genting Malaysia will continue to put in place measures to encourage higher levels of visitation and frequency of play. The gaming and amenities expansion at Resorts World Casino New York City

which was completed in the first quarter of 2016, is expected to strengthen the property's offerings and create an appealing environment to its domestic players.

In the Bahamas, Genting Malaysia continues to see increased business volume and visitation levels to Bimini since the partial opening of the Hilton hotel in April 2015. More emphasis will be given to improving service delivery this year to elevate the overall guest experience and drive higher visitation to the resort. In advance of the full, grand opening of the 305-room Hilton hotel in mid-2016, Genting Malaysia has embarked on a comprehensive transportation improvement initiative to provide its guests with faster, more direct access to the island. This includes ceasing operation of the Bimini SuperFast and replacing it with a more efficient ferry services from Miami to Bimini and reintroducing daily, non-stop commercial air service to the island.

Genting Plantations' performance prospects in the 2016 financial year are expected to be influenced to a large extent by the direction of palm oil prices. So far in 2016, prices of crude palm oil have turned upwards, reaching two-year highs. Closely-watched factors will guide the palm oil price trend for the remaining months of the year include the extent of the lagged impact of the dry weather in previous years on crop production, demand from major importing countries, the direction of substitute commodities and crude oil prices, currency movements, global economic conditions and the progress of the implementation of biodiesel mandates in Malaysia and Indonesia.

Price considerations aside, while adverse weather conditions experienced in the past years are likely to continue to have a bearing on crop yields, Genting Plantations remains optimistic that the overall uptrend in its fresh fruit bunches production will remain intact in 2016 as the Indonesia region continues to drive output growth on the back of more sizeable areas coming into maturity over the course of the year coupled with the ongoing progress of existing mature areas into higher yielding brackets. The anticipated increase in production from the Indonesian estates is expected to outweigh the more muted production prospects in the Malaysia region owing to lagged weather effects and the intensification of replanting activities.

At the same time, Genting Plantations will stay focused on yield and cost management taking stock of the added challenge posed by the increases in minimum wages in Malaysia and Indonesia.

The performance of Jangi wind farm in 2016 is expected to be consistent with the previous year coming from predictable wind patterns. Construction profits from the Banten power plant will be steady as the project progresses towards its final stage of construction. The commercial operation of the Banten power plant is expected by the end of 2016.

The performance of Genting CDX continues to face challenges in view of the downward trend in oil prices in spite of the consistent production of oil. As the Kasuri Block enters its pre-development phase, there will not be any new exploration drilling activities. In addition, efforts are being made to rationalise operations and trim costs until there is more visibility in the direction of oil prices.

2015 HIGHLIGHTS

GENTING SINGAPORE

www.gentingsingapore.com

Genting Singapore's flagship project - **Resorts World Sentosa** (www.rwsentosa.com) in Singapore is one of the largest fully integrated resorts in South East Asia. Since its opening in 2010, Resorts World Sentosa has played a pivotal role in transforming Singapore's tourism landscape. Its world-class leisure and hospitality products have added breadth and depth to the local tourism offerings and welcomed over 100 million visitors. In 2015, its attractions welcomed close to 7 million visitors, accounting for a third of all visitor arrivals for gated attractions in Singapore. This was achieved despite a slower growth in the number of tourist arrivals into Singapore.

1 Coming Out Tops In Asia

For the fifth year running, Resorts World Sentosa was named the Best Integrated Resort at the Travel Trade Gazette Travel Awards 2015. Universal Studios Singapore™ also came out tops in TripAdvisor's Travellers' Choice 2015 as the Top Amusement Park in Asia. These prestigious accolades came just in time as we celebrated Resorts World Sentosa's fifth birthday, reinforcing its commitment to deliver unparalleled guest experiences.

2 Opening of Genting Hotel Jurong

Genting Hotel Jurong, the seventh hotel development of Resorts World Sentosa opened in April 2015 and has since recorded healthy occupancy rates. In May 2015, the land adjacent to the hotel was identified by the Singapore Government as the site for the Kuala Lumpur-Singapore High Speed Rail Terminus, placing the 557-room hotel in a prime spot for future hospitality demand.

3 New Buzz In Universal Studios Singapore™

As Resorts World Sentosa turned five, Universal Studios Singapore™ continued to captivate its theme park visitors by launching a new attraction – Puss In Boots' Giant Journey in April 2015.

In May 2015, the world's tallest duelling roller coasters Battlestar Galactica: HUMAN vs CYLON™ reopened with all-new two-seater ride vehicles, delivering an even more thrilling experience.

5 World-class Entertainment And Show Venues

Resorts World Sentosa's attractions in 2015 were complemented by a calendar of signature shows and world-class entertainment events, such as Great World Cabaret and Cinderella.

The resort welcomed many distinguished celebrities including Katy Perry, Kenny G, Jackie Chan, Vicki Zhao, Paula Tsui and Secret - the South Korean pop group. Venues such as the Coliseum at Hard Rock Hotel Singapore have grown to be favourite choices among concert promoters, hosting international stars including Echosmith, Clean Bandit, Meghan Trainor and Grammy Award-winning rock band Halestorm.

4 Other New Attractions

The S.E.A. Aquarium's quarterly themed events drew new and repeat visitors with its engaging content and activity trails. From Easter, Go Blue to Spooky Seas and Merry Fishmas, visitors were treated with new activities and ways to enjoy the aquarium. The team has successfully bred species such as the Black Botched Fantail Rays which are at high risks of being endangered in the wild. The aquarium is among the first facilities in the world to breed the Bowmouth Guitar Fish.

6 Record-breaking Halloween Horror Nights™ 5

The fifth edition of Universal Studios Singapore's Halloween Horror Nights™, achieved a record-breaking attendance with more than 170,000 tickets sold in 2015. The event has built itself a reputable name as Southeast Asia's iconic Halloween event.

7 Singapore Experience Awards 2015

Our team clinched four awards at the Singapore Experience Awards 2015, the highest award platform in Singapore's tourism industry, organised by Singapore Tourism Board. The four awards were 'Best Visitor Attraction Experience' - Universal Studios Singapore™, 'Best Leisure Event of the Year' - Halloween Horror Nights™ 4, 'Best Learning and Travel Experience' - S.E.A. Aquarium's Ocean Dreams and 'Best Dining Experience' - Forest Restaurant.

8 Three New Concept Restaurants

The resort's restaurants are regularly named among the top restaurants in Singapore. Awards such as the Singapore Tatler's Best Restaurant Awards 2015, G Restaurant Awards 2015 and Wine & Dine Singapore's Top Restaurants 2015 are testimony of their popularity. The resort's dining offerings were bolstered with three new concept restaurants opened in 2015. The new Syun serves contemporary Japanese cuisine, the Tangerine with its newly revamped menu serves healthy spa cuisine that is flavoured with Thai accents and the new Avenue Joffre serves mouth-watering cuisines from China's provinces of Zhejiang, Szechuan, Beijing and Guangdong.

6 Genting Integrated Tourism Plan

The Genting Integrated Tourism Plan, a 10-year master plan launched in December 2013 for the redevelopment and transformation of Resorts World Genting, is being carried out in phases. Its major projects at the hill-top of Resorts World Genting include a new world-class Twentieth Century Fox World theme park - the first of its kind in the world, Sky Avenue - the upcoming retail and lifestyle mall, new cable car stations, new premium hotels and more.

The construction and development works for these major projects progressed well in 2015. The first project completed was the 1,286-room First World Hotel Tower 3, which was fully operational since June 2015. Other new attractions and facilities are expected to open in stages from the second half of 2016.

At the mid-hill of Resorts World Genting, the construction of the multi-storey car park and cable car stations progressed well in 2015. Further complementing the Group's expansion plans is the upcoming Genting Premium Outlets, the second Premium Outlets Center® to open in Southeast Asia after Johor Premium Outlets®, which will also be operated at the mid-hill.

GENTING UK

www.gentingcasinos.co.uk

Genting UK is one of the largest casino operators in the United Kingdom with 43 operating casinos. It owns and operates the newly opened Resorts World Birmingham. In London, it operates 6 casinos, including four of the most prestigious brands in the capital city, namely Crockfords, the Colony Club, Maxims Casino Club and The Palm Beach. Genting UK also owns and operates a hotel in London. The remaining casinos are located in the provinces of the United Kingdom.

11 Opening of Resorts World Birmingham (www.resortsworldbirmingham.co.uk)

Resorts World Birmingham is Genting UK's latest property and the first integrated destination resort in the United Kingdom. It was opened for business on 21 October 2015. The resort offers the Genting International Casino, the 178-room four-star Genting Hotel, spa and conference facilities, a multi-screen cinema, food and beverage outlets and an outlet centre - providing a myriad of unique and exciting leisure and entertainment offerings to its visitors.

12 Genting Arena

Genting UK secured the naming rights of one of the largest concert arenas in the United Kingdom and renamed it as Genting Arena in January 2015. Genting Arena complements the offerings at Resorts World Birmingham and presents a great opportunity to strengthen the presence of the Genting and Resorts World brands across the United Kingdom.

13 Acquisition Of Genting Alderney (www.gentingcasinos.com)

Genting Alderney, an online gaming operator in the United Kingdom was acquired by Genting Malaysia on 30 November 2015 to complement its land-based casinos in the United Kingdom. Plans are underway for the operations of Genting UK and Genting Alderney to be streamlined as an integrated online, mobile and retail gaming business under the focus of a single management, to deliver a seamless multi-channel customer experience for its guests in the United Kingdom.

14 Resorts World Casino New York City (www.rwnynewyork.com)

Genting Malaysia's wholly-owned subsidiary Genting New York LLC operates Resorts World Casino New York City, which in its fourth year of operations, has remained the largest grossing video gaming machine facility by gaming revenue in the Northeast United States. It is also one of New York City's top entertainment destinations offering about 5,500 electronic gaming machines, live music, entertainment shows as well as premier dining with extensive cuisine choices from local favourites to haute cuisine. It registered about 8.5 million visitations (2014: 8.6 million) and delivered good financial results in 2015.

Resorts World Casino New York City's President, Ryan Eller received the "Outstanding Achievement in Fostering Community Engagement through Corporate Philanthropy, Volunteerism & Emergency Preparedness" at the City & State Reports Hospitality, Gaming and Tourism Awards in October 2015, a testimony of excellent community services rendered by our team in New York City over the years. Resorts World Casino New York City contributed over USD300,000 to about 40 charities and organisations in 2015.

15 Hilton Miami Downtown

Genting Malaysia's Hilton Miami Downtown, embarked on a multi-million dollar renovation plan to transform the hotel into a fresh, bold and edgy business destination. The renovation will cover guest rooms, lobby, restaurants, gallery, lounge bar and rooftop pool deck and is expected to complete by mid-2017. The hotel hosted several dignitaries in various high-profile benefits in 2015 at its recently renovated 45,000-square foot event space and ballroom and was the venue of one of Miami's "Top 5 Best Galas", awarded by the *Huffington Post*. The hotel recorded an average occupancy rate of 83% in 2015 (2014: 84%).

16 Resorts World Bimini (www.rwbimini.com) Partial Opening Of Hilton Hotel

Genting Malaysia's wholly-owned Resorts World Bimini is located on the beautiful island of North Bimini in The Bahamas. The Hilton at Resorts World Bimini, a 305-room new luxury hotel is located within Resorts World Bimini's sprawling 750-acre beachfront resort and casino. The hotel was partially opened with 240 new luxury rooms in April 2015. Guests can look forward to additional amenities such as a piano lobby bar, a rooftop infinity pool, a state-of-the-art spa and fitness centre and meeting facilities when the hotel fully completes later in 2016.

RESORTS WORLD LAS VEGAS

www.rwlasvegas.com

The proposed innovative integrated resort will create tens of thousands of jobs in the United States and be a premier property on the Las Vegas Strip. The Chinese-themed development will include a world-class casino, food and beverage, retail outlets, a top tier nightlife venue, a hotel and numerous entertainment options.

The site where Resorts World Las Vegas will be constructed was acquired from Boyd Gaming Corporation in 2013 for USD350 million and includes extensive site work (valued at over USD1 billion) that will be incorporated into Resorts World Las Vegas. The groundbreaking ceremony was held on 5 May 2015. Siteworks commenced in 2015 with the property's 3,000 car park bays being constructed. Building permits have been renewed and the development agreement with Clark County was secured in January 2016. The resort is expected to open in 2018.

GENTING PLANTATIONS

www.gentingplantations.com

- 1** Genting Plantations has about 238,400 hectares of landbank, comprising 65,500 hectares in Malaysia and 172,900 hectares in Indonesia. It owns seven oil mills in Malaysia and two in Indonesia with a total milling capacity of 430 metric tonnes per hour. Other business activities include property development, biotechnology and manufacturing of palm oil downstream products.

- 2** The average crude palm oil and palm kernel prices achieved by Genting Plantations were RM2,122 per metric tonne and RM1,552 per metric tonne respectively in 2015. A total of 1.73 million MT of fresh fruit bunches were produced in 2015, about 75% in Malaysia and 25% in Indonesia. The oil extraction rate in Malaysia was 21.7% in 2015 (2014: 21.8%) and in Indonesia, it was 23.6% in 2015 (2014: 24.1%).
- 3** New technologies and systems were installed at Genting Plantations' oil mills as part of its on-going upgrades to boost operating efficiency and to enhance environmental impact mitigation. The zero-discharge Genting Jambongan Oil Mill in Sabah continued to perform well and produce compost for field applications. Similar environmentally friendly system will be rolled-out at Genting Plantations' mills in the coming years.

2015 HIGHLIGHTS (cont'd)

- 4** In Indonesia, over 4,500 hectares of additional plantation areas were planted in 2015. The completion of the acquisition of PT United Agro Indonesia in September 2015 added further to Genting Plantations' planted area. Total oil palm planted area in Indonesia was 76,075 hectares.

- 5** The regional operations in Kalimantan Barat under PT Sepanjang Intisurya Mulia consist of Mulia Oil Mill and its supplying estates. These operations obtained the Indonesian Sustainable Palm Oil certification in 2015, the first for Genting Plantations in Indonesia.

- 6** In March 2015, Genting Plantations entered into a 72:28 collaboration with Musim Mas Group, a Singapore-based company with global palm oil operations to establish a palm oil refinery in Sabah, Malaysia. The 600,000-metric tonne per annum capacity refinery is targeted to complete in the second half of 2016 and will be part of the Genting Integrated Biorefinery Complex.

7 Genting Property

Genting Indahpura is the flagship development property of Genting Property Sdn Bhd, a wholly-owned subsidiary of Genting Plantations. This township development remained Genting Property's largest contributor with total sales achieved of RM120.3 million in 2015, mainly from commercial and residential properties in Kulai, Johor in Malaysia. The new gated and guarded Raintree Residences at Genting Indahpura comprising cluster homes, semi-detached houses, link bungalows and bungalows, was launched in 2015.

Genting Pura Kencana in Sri Gading, Batu Pahat, Johor recorded RM33.1 million in sales in 2015. A new clubhouse and sports complex was unveiled at the Batu Pahat township, together with a new sales office.

8 Johor Premium Outlets® (www.johorpremiumoutlets.com)

Johor Premium Outlets® is home to 130 impressive designer and name brand outlet stores that offer attractive savings of 25% to 65% every day. It targets a wide range of shoppers including area residents and international visitors from South East Asia. Located at the busy intersection of the North-South Expressway and the Second Link Expressway, it is highly accessible and is about an hour's drive from the city of Singapore, 3 hours' drive to Kuala Lumpur and a short distance from Senai International Airport. It continued to achieve positive growth in 2015.

Johor Premium Outlets® won the Clean, Safe & Healthy Food Court Award 2015 at the Johor state level and took second place at the national level. It also won second place in the Landscape Competition at the Johor state level.

9 Genting Premium Outlets

The development of Genting Premium Outlets, Malaysia's and Southeast Asia's first hill-based Premium Outlet Center®, was announced in 2015. Located at the mid-hill of Resorts World Genting and within Malaysia's East Coast Economic Region, this will be the second Premium Outlet Center® to open in Southeast Asia.

The development will offer a gross leasable area of about 300,000-square feet that will house 150 designer and brand name stores, as well as 4,000 parking bays for cars and buses.

2015 HIGHLIGHTS (cont'd)

10 Biotechnology (www.acgt.com)

Our biotechnology division comprises ACGT Sdn Bhd ("ACGT") and its sister company, Genting AgTech Sdn Bhd ("GAT").

ACGT's range of products is paving a more sustainable way of oil palm cultivation. ACGT Yield Booster™ is derived after years of focused genomic research about the microbes that influence oil palm yield. It suppresses the presence of pathogenic fungi specifically *Ganoderma boninense*, increases the rate of nutrient absorption and releases plant growth promoting hormones. ACGT's agro-biotechnicians are continuing research efforts on ACGT Yield Booster™ to increase its effectiveness and enhance its capabilities.

Another promising product line being trialed is a suite of solutions to detect, identify and prevent the spread of *Ganoderma boninense*, the bane of the oil palm industry that causes "basal stem rot", a devastating oil palm disease.

ACGT has successfully completed sequencing three genomes; the oil palm, jatropha and *Ganoderma*. These genomes, as well as ACGT's R&D programme have helped better understand the genetics of oil palm yield potential and other traits. It has also contributed to the creation of ACGT's Titanium Platform technology, the industry's most-complete oil palm reference genome.

ACGT's Titanium Platform Technology also contributed towards the development of markers to predict high yielding oil palm planting materials. Palms screened with these markers have been planted in Genting Plantations' estates for validation. Such markers can potentially be applied to select oil palm planting materials with superior yield for planting and breeding, thus addressing the industry's demand for higher yielding oil palm.

Genting Green Tech Sdn Bhd was renamed to Genting AgTech Sdn Bhd ("GAT") on 9 July 2015, to better reflect GAT's focus and market. GAT has research stations in Tangkak, Johor and Sandakan, Sabah. GAT's collaboration with the Department of Agriculture Sabah on the Joint Marker Assisted Oil Palm Breeding Programme continued to show promising results in 2015. The collaboration with IJM Plantations Berhad to validate oil palm yield markers mined from ACGT's Titanium Platform Technology has progressed to field planting-trials in 2015.

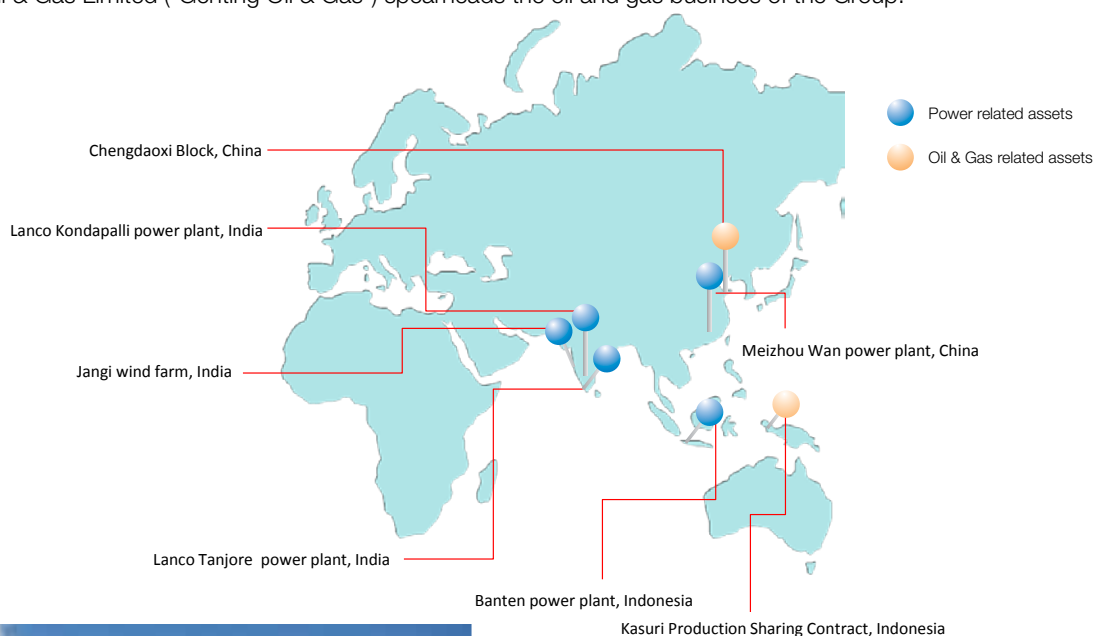

GENTING ENERGY

www.gentingenergy.com

Genting Energy comprises the power and oil & gas business activities of the Group.

- 1 Genting Power Holdings Limited ("Genting Power") spearheads the power business of the Group. With interests in gas-fired, coal-fired and wind power plants in China and India, Genting Power's net attributable operating capacity is 846.2MW.

Genting Oil & Gas Limited ("Genting Oil & Gas") spearheads the oil and gas business of the Group.

- 2 In China, Genting Power has a 49% stake in Fujian Pacific Electric Company Limited which owns and operates the 724MW coal-fired Meizhou Wan power plant (Phase I) in Putian. Together with its partner, State Development & Investment Corporation Power Holdings Co Ltd, a China state-owned enterprise, Genting Power is developing a 2x1,000MW ultra-supercritical coal-fired power plant (Phase II), adjacent to Phase I. When completed in the second half of 2016, this power plant will add another 980MW of net attributable operating capacity to Genting Power's portfolio.

- 3 In India, Genting Power continued to receive earnings contribution in 2015 from its three power plants, namely:

- 31.92% owned Lanco Kondapalli power plant (comprising 368MW Phase I, 366MW Phase II, 371MW Phase IIIA and another 371MW Phase IIIB, yet to be commissioned);
- 41.55% owned 113 MW Lanco Tanjore power plant in Tamil Nadu and
- 100% owned 91.8 MW wind farm in Gujarat.

4

- 4 In Indonesia, construction of the 660MW coal-fired Banten power plant in Java progressed well in 2015, targeting for commercial operations in early 2017. Genting Power continued to recognise revenue and profit on the construction contracts during the ongoing construction period of the Banten power plant in 2015. The power plant will operate on a 25-year power purchase agreement on a build-operate-transfer basis. The project company, PT Lestari Banten Energi is 95% indirectly owned by Genting Power and 5% owned by a local partner PT Hero Inti Pratama.

5

- 5 Genting Oil & Gas' wholly-owned subsidiary, Genting CDX Singapore Pte Ltd has a 57% working interest in the Petroleum Contract for the Petroleum Exploration, Development and Production in Chengdaoxi Block in the shallow waters of Bohai Bay in China. Bohai Bay contains significant oil and gas reserves and provides much of China's offshore production.

In 2015, the Chengdaoxi Block project delivered 2.74 million barrels of oil and Genting Oil & Gas' share was 1.46 million barrels. Chengdaoxi Block has an area of 29 square kilometres and has consistently produced more than 8,000 barrels of oil per day. China's China Petroleum & Chemical Corporation (Sinopec) is the partner of this joint venture.

6

- 6 The Genting Oil & Gas team has onshore oil and gas exploration activities in the Kasuri Production Sharing Contract in West Papua, Indonesia. The drilling and well testing in Foroda-1XST and Bedidi Deep-1X wells were completed in 2015. Both wells proved the presence of gas with oil shows, but the reservoirs were found to be tight.

Kido Shallow-1X was drilled in 2015 to investigate the presence of commercial gas accumulation in the shallower Steenkool laminated sands. The two well tests conducted confirmed the presence of excellent quality gas reservoirs with high flow rates of methane gas. This was the first hydrocarbon discovery in the shallower Steenkool section in the Bintuni Basin. The Integrated Asap-Merah-Kido Plan of Development discussion for the discovered gas in Asap, Merah and Kido areas with SKKMigas had also commenced in 2015.

SUSTAINABILITY REPORT

SUSTAINABILITY REPORT

We recognise the importance of developing our businesses globally in a sustainable and responsible manner. Our mission as a responsible corporation is to ensure high standards of governance across our entire operations, promote responsible business practices within the organisation and the marketplace, manage environmental impact, care for our employees and meet the social needs of the community and nation for the betterment of all. These sustainability practices have always been an integral part of our business ethics and reflect our continuous pursuit to enhance best corporate values.

ENVIRONMENT

Environmental care

Environment care is one of Genting Group's key sustainability interests. Our development projects and operations are carefully planned and designed to minimise and protect the impact on the ecosystem. Various eco-friendly initiatives have been implemented by our teams to address environmental issues and challenges.

For example, Resorts World Genting is the only integrated resort in Malaysia surrounded by a 130 million year-old rainforest and is home to some of the world's oldest trees and plants, exquisite insects and rare flora and fauna. The rainforest is also a habitat to 30% of the 745 bird species found in Malaysia. Thereby, we strive to achieve a sustainable balance between development and conservation.

Resorts World Genting and its scenic rainforest surrounds

The development of Resorts World Genting over the last five decades until today is confined to only 4% of its land bank in Genting Highlands. The rest of the land bank remains as pristine tropical rainforest. Adequate and appropriate steps are continuously taken to minimise soil erosion and reduce environmental impact.

The ongoing developments of Genting Integrated Tourism Plan in Resorts World Genting are carried out with minimal impact on the lush green surroundings, in order to preserve the rich flora and fauna of the environment. We undertake Environmental Impact Assessments ("EIA") and have in place Environmental Management Plans ("EMP") to ensure these developments comply with the regulations set out by the local authorities such as the Department of Environment (Jabatan Alam Sekitar). The EIA and EMP processes take into account measures to minimise the impact on air, noise and water pollution.

Promoting environmental awareness

In promoting ecological awareness, Genting Malaysia organised a two-day *Genting Back to Nature* retreat, held from 5 to 6 December 2015 at the Awana Longhouse. About 100 students from nearby districts of Bentong and Raub participated in this programme. Apart from learning the importance of preserving the ecosystem, the students were taught how to manage waste using the 3R techniques of Reduce, Reuse and Recycle.

Awana Hotel at Resorts World Genting in Malaysia is designed with eco-friendly leisure facilities such as bird-watching, nature walks, abseiling, camping, hiking and bike trailing to enable guests to enjoy and appreciate the rich flora and fauna and scenic surroundings of Genting Highlands.

'Genting Back to Nature' retreat at the Awana Longhouse, Resorts World Genting

Recycling Art Competition organised by Resorts World Sentosa

Advocating the themes of “Preserving Nature’s Own Home” and “Joining Hands to Do Our Part in Marine Conservation”, Resorts World Sentosa organised an inaugural nationwide Recycling Art Competition in November 2015 which received a total of 58 entries from primary and secondary schools. The winning entries were strongly inspired by nature and featured a myriad of recyclable items such as plastic bottles, cans and paper. The top 20 winning works were displayed at the Maritime Experiential Museum in Singapore.

Tree Planting

Genting Malaysia, as part of its annual year-long green initiatives, planted about 28,550 units of various types of trees, plants and shrubs in and around Resorts World Genting in 2015. In addition to beautifying the surroundings, this modest-scale tree-planting initiative serves as a small contribution towards reducing the carbon footprint.

Genting Singapore replanted to replace trees lost due to the construction of Genting Hotel Jurong. The effective integration of the landscape and the environment won the Genting Singapore team a Singapore Institute of Landscape Architects Merit award in the Hotel Category and the Outstanding Project – Landscape Excellence Assessment Framework Certification. Genting Hotel Jurong now owns 900 square metres of gardens, sky terraces, green walls and outdoor lounges with more than 100 species of plants.

Eco-friendly green roof and green walls are incorporated into Resorts World Sentosa’s buildings

In South Korea, 300 trees from the Resorts World Jeju site have been conserved, to be transplanted to various parts of the Jeju resort when it is completed.

In the United States, the team from Resorts World Casino New York City planted trees and added plants to create more “green space” in an area that had previously been concrete.

Sustainable Palm Oil Certification

In the oil palm plantations business, we believe commercial oil palm cultivation and care for the environment can be balanced in forging a secure and sustainable future. Our duty to uphold environmentally sustainable development entails the productive use of land to satisfy the world’s growing need for renewable resources while at the same time, affirming the importance of protecting the earth’s natural values, as guided by socio-economic and technical parameters. A well-established set of internal policies and operating procedures based on international principles helps to safeguard and minimise, if not altogether prevent, potential risks to the environment from our oil palm cultivation activities. Our approach to mitigate environmental risks is the adoption of best-in-class standards of practice with certifiable schemes that provide assurance of operational excellence, product consistency and performance efficiency.

Genting Plantations’ oil palm estates in Malaysia are certified to Malaysian Palm Oil Board’s (“MPOB”) Code of Good Agricultural Practice while its mills in the country hold MPOB’s Code of Good Milling Practice certification. The environmental, health and safety and quality management systems implemented by its Malaysian oil mills are certified to global standards, such as ISO 14001:2004 Environmental Management Systems, OHSAS 18001:2007 Occupational Health and Safety Management System and ISO 9001:2008 Quality Management System.

Genting Plantations is a member of The Roundtable on Sustainable Palm Oil (“RSPO”) since its formal establishment in 2004. Genting Ayer Item Oil Mill and its supply base were awarded the RSPO Principles and Criteria (“P&C”) and RSPO Supply Chain Certifications in early 2015. Genting Tebong Estate and Genting Selama Estate also attained RSPO P&C certification in 2015. Additionally, Genting Sabapalm Oil Mill and its supplying estates completed the audit process in 2015 and are awaiting the formal award of RSPO certificates.

All of Genting Plantations' operating units in Malaysia have been fully certified to the International Sustainability and Carbon Certification system (encompassing ISSC EU which is used to demonstrate sustainability and traceability of biomass and bioenergy feedstock; and ISSC PLUS which covers food, feed, chemical and other applications) since 2013/2014 and have successfully completed re-certification audits in 2015.

Genting Plantations secured the equivalent certification in Indonesia, namely Indonesian Sustainable Palm Oil, which was awarded in late 2015 to the regional operations in Kalimantan Barat under PT Sepanjang Intisurya Mulia.

Genting Plantations is actively involved in contributing towards the developments and enhancement of the ISSC system. A fundamental feature of the ISSC scheme is traceability through the different stages of production. A traceability system has been established for Genting Plantations' operating units, including the biodiesel plants. Training is continuously conducted at the estates, oil mills and biodiesel plants to ensure smooth implementation of the traceability systems and mass balance procedures. Any operational issues related to the traceability procedures are identified, with solutions worked out directly with the operating units concerned. Standard Operating Procedures are also updated on an on-going basis to reflect the improvements implemented to the systems and processes.

Across the globe, discourses on palm oil are often tied to environmental considerations and understandably so. As a tropical plant, the oil palm flourishes best in regions that are also home to some of the world's most biologically diverse

ecosystems. The onus is inevitably placed on commercial growers to carry out development activities with extra care and vigilance to prevent any undue risks on the environment. In this connection, Genting Plantations embarks on potential new development projects with thorough attention to the steps prescribed by the leading sustainability standards. As part of standard operating procedures, independent third party assessments are conducted on high conservation values, environmental impact, land use change and carbon stock, with the findings of the studies then incorporated into eventual development and management plans. Any illegal clearing of land is strictly prohibited.

Areas with significant biodiversity values within Genting Plantations' landholdings that are assessed to contain high conservation value are set aside. The commitment to preserve high conservation value forests is a practice that goes back to Genting Plantations' early days such as the Baha and Bahagia wildlife sanctuaries, maintained within the Tenegang group of estates in Sabah. In matters beyond our team's core expertise such as incidences of endangered, rare or threatened species straying into our plantation areas, the assistance of relevant experts, including the local wildlife authorities is sought to ensure proper handling and care.

Genting Plantations is receptive to any opportunities for meaningful participation in collaborative conservation and rehabilitation projects. Along the Tenegang Besar River, one of the main tributaries of the Kinabatangan River in Sabah which is home to one of the world's largest and most diverse floodplains, Genting Plantations undertakes reforestation work over an 86.5-hectare area that has been set aside. The project was originally initiated in 1999 through a pioneering partnership with the WWF as part of a larger forest corridor programme.

In 2015, Genting Sabapalm Oil Mill and Genting Sabapalm Estate hosted a visit by WWF-Germany, University for Sustainable Development Eberswalde (Germany) and WWF-Malaysia as part of Genting Plantations' involvement in a project to assess the ecological effectiveness of sustainability standards. The visit was held with the purpose of gathering information to analyse the differences in the ecological impact on biodiversity conservation between sites that are certified and not certified to the two leading sustainability standards of RSPO and ISSC. In addition, Genting Plantations continues to foster a culture of shared responsibility among employees through regular communications and awareness campaigns, as well as training and education.

In controlling pests, an integrated pest management approach involving the deployment of biological control agents is favoured over the use of pesticides. The introduction of barn owls in estates to suppress rat population and the placement of pheromone traps to capture rhinoceros beetles are among the methods that have proven effective over the years in reducing pest damage to crops. Substitution of chemical fertilisers with nutrient-rich organic matters such as empty fruit bunches and treated palm oil mill effluents, is also a common practice in Genting Plantations' estates.

Difficult soils such as peat are managed in conformity to Genting Plantations' 'Oil Palm Manual' and industry best practices. Future peat plantings are avoided while for pre-existing plantings on peat, appropriate management plans are in place to prevent peat subsidence and to improve yields. These include effective water management and appropriate nutrient management.

Fires in the oil palm areas have garnered much international attention, especially in 2015 as the El Nino weather phenomenon brought prolonged droughts to the region. Genting Plantations advocates a formal zero burning policy that expressly prohibits open burning for land clearing or any other purpose disallowed under the applicable national regulations. To deal with unforeseen incidences of fire outbreaks during the dry season, a proactive monitoring and emergency response mechanism is in place to ensure that any outbreak within our concessions is extinguished earliest possible. If fire outbreaks were detected within or near our concessions, dedicated teams of trained fire-fighting personnel equipped with the appropriate fire-fighting equipment are promptly mobilised to extinguish the fires. Where needed, the teams also support and work alongside the local authorities to help extinguish fires in nearby villages.

Fire drill exercises and competency training are routinely conducted to enhance awareness of fire control measures, besides ongoing engagement with relevant local agencies for advice on improvements to Genting Plantations' fire-fighting and prevention systems and methods. Furthermore, as part of fire prevention measures, Genting Plantations' operating units are actively involved and work closely with local authorities to educate communities on the risks and hazards of uncontrolled open burning, particularly during extended drought periods.

Various initiatives in place to minimise and manage fire outbreaks

Genting Plantations has engaged the services of a qualified external consultant to carry out carbon stock assessment for new planting areas in line with the requirements of the RSPO New Planting Procedures. By estimating the carbon stock changes and GHG emissions associated with land cover change to oil palm, appropriate development plans can be subsequently developed to minimise the net greenhouse gas emissions.

In compliance with the Remediation and Compensation Procedure of the RSPO, which requires members to disclose the extent of any land cleared without prior high conservation value assessment since the prescribed cut-off date of November 2005, Genting Plantations has carried out and submitted the relevant Land Use Change Analysis to calculate the Final Conservation Liability to RSPO. Genting Plantations has engaged extensively with agribusiness group Wilmar International Ltd, Aidenvironment and the non-profit Yayasan International Animal Rescue by focusing on sustainability matters such as no deforestation and peat development policies, high carbon stock assessments, orang utan population and habitat studies.

Marine conservation efforts on manta rays by Genting Singapore

Marine Conservation

Our resort team in Singapore initiated campaigns to raise awareness of marine conservation among its visitors. The *Go Blue* campaign was the third annual event held since 2013. Through activity trails, informational displays and talks by marine experts, guests to the S.E.A. Aquarium were encouraged to consider threats to marine life and the importance of conservation in a fun and engaging way. As part of *Go Blue* and in conjunction with World Oceans Day, our volunteers from Resorts World Sentosa and Genting Singapore, as well as the International Coastal Cleanup Singapore, conducted a clean-up exercise over a one-kilometre stretch of Tanah Merah Beach.

Genting Singapore, by leveraging on the expertise and resources of the S.E.A. Aquarium, focused on marine conservation efforts and embarked on research projects on manta rays and dolphins, in partnership with renowned organisations like Conservation International, Johns Hopkins University and Thailand's Chulalongkorn University. The findings from these projects have gone towards furthering research on these species and contributed to policies regarding their protection and conservation.

The team has successfully bred species such as the Black Botched Fantail Rays which are at high risk of being endangered in the wild, and we are among the first facilities in the world to breed the Bowmouth Guitar Fish. The S.E.A. Aquarium also partners with local organisations in Singapore to further its marine education and research, working with the Horniman Museum and Gardens on a study to determine the spawning patterns of endangered corals found in Singapore waters that are sensitive to the effects of pollution and climate change.

Energy Efficiency

As most of our Group's operations demand a high level of energy consumption, we focus on consuming energy efficiently. Our teams have implemented various energy saving initiatives and identify potential areas to save energy and cost at our business operations. One of such measures implemented was the installation of energy-saving lights in our resort properties.

Genting Malaysia's energy conservation measures in 2015 included replacing halogen lights, par lamps and flood lights in its hotels and gaming premises with energy-saving LED lights; the switching from T8 lights to the more eco-friendly T5 lights at its residential stall complexes which resulted in about 22% to 25% reduction in energy consumption; the installation of LED street-lights at the outdoor car parks which resulted in a 50% reduction in energy consumption; the timer setting at Maxims and Crockfords open car park for the lights to be automatically switched on from 7pm to 7am only and the system optimisation approaches to implement domestic water pumps and sewerage treatment plant blowers.

The results of Genting Malaysia's energy-saving initiatives in 2015 are as follows:

Energy Saving Initiatives	Energy Saving (KWH Unit)/yr	Cost Savings (RM)/yr
Conversion of fluorescent lights, T8 to T5	210,240	107,012
Conversion of halogen light, par lamp, flood light to LED lamps	1,705,371	868,033
Application of LED lights instead of conventional lights for outdoor car park	50,458	25,683
System optimisation of sewerage treatment plant blower	17,520	8,918
System optimisation of domestic water pumps	12,848	6,540
TOTAL	1,996,437	1,016,186

SUSTAINABILITY REPORT (cont'd)

Genting Singapore's continuous energy saving initiatives include the conversion to LED lightings in Resorts World Sentosa, the exhaust heat recovery in the casino area, chiller optimisation, the use of photovoltaic solar panels on the rooftop of the "Revenge of the Mummy" in Universal Studios Singapore to support the energy requirements of the ride and the installation of an online utilities monitoring system. These energy saving initiatives resulted in 9.56 GWh of energy being conserved in 2015, equivalent to powering 2,062 4-room Housing Development Board (HDB) flats in Singapore for a year.

Genting UK has implemented energy efficiency initiatives such as lighting, heating and the use of sustainable materials. The property is equipped with the state-of-the-art building management control systems which are programmed to deliver sophisticated reports to ensure optimal energy performance. Recently, Genting UK has undertaken and complied with the UK's Environment Agency's Energy Savings Opportunity Scheme to identify further potential energy savings across the property. The reports have identified various energy initiatives for further investment in 2016. In 2015, the team reduced electricity consumption by 2% (558,219 kWh), equivalent to 297 tonnes of reduced CO₂ emissions.

Together with its new building service partner, Genting UK is developing a strategy to manage reactive call outs to casino building problems or equipment breakdowns. By improving the call logging system and establishing direct communication between engineering support team and casino staff, the team is able to ensure the correct technician attends first time and therefore increase efficiency by reducing multiple visits.

The strategy includes installing links from the casino building management systems into the new building service partners' help desk monitoring system, which allow remote real time monitoring of building services equipment and enabling problems to be identified sooner, fix many cases remotely, monitor energy consumption of specific systems and plant items, as well as track the trends. The information can be used to identify areas and improve equipment efficiency to reduce energy usage and CO₂ consumption. It shall form a key part of the capital replacement strategy moving forward for Genting UK.

The Genting Group has participated in Earth Hour every year since 2008. Prior to the Earth Hour, environmental conservation messages were communicated to employees via the employee newsletter and intranet. Non-essential lights at Genting's corporate offices and key business properties such as signboards, building façade spotlights and other electrical apparatus were switched off for one hour on 28 March 2015 in support of Earth Hour. For example, this one-hour initiative enabled Resorts World Genting to save 7,318 kWh of electricity, translating to a cost saving of RM3,725. The amount saved may be minimal but the awareness created amongst our employees and resort guests on the importance of conserving energy was immeasurably good.

Waste Management

We manage our waste responsibly. All types of waste products, including domestic waste, agricultural waste, biomass or by-products generated by operating units, are, if not recycled, then required to be safely disposed. The application of biomass in the fields and as renewable fuel for oil mill boilers for power generation, for instance, promotes good waste management while at the same time providing input-cost savings through greater energy self-sufficiency.

Our waste management procedures outline the standard guidelines for the management of solid and scheduled wastes. Our teams continually engage in the 3Rs practice of Reduce, Reuse and Recycle to minimise waste.

Genting Malaysia has undertaken various efforts to reduce the amount of waste disposed such as minimising food wastage, reducing the amount that is transported to the incinerator plant and recycling the waste which is later separated and sent to fish farms to be turned into fish feed. The waste management procedures outline standard guidelines for the management of solid and scheduled waste, to ensure that the waste are properly identified, segregated, handled, transported and disposed by authorised contractors in line with the environmental policy, legal and other requirements. One of the future initiatives is to recycle food waste into compost fertiliser.

These 3R initiatives have enabled the team in Resorts World Genting to achieve a significant reduction in food wastage in the past 3 years, as follows:

Year	Amount/Tonnes
2013	1,273.2
2014	738.2
2015	46.7

Genting Singapore increased its recycling corners from 7 to 12 and extended paper recycling from 15 to 30 offices in 2015. The team in Singapore has also started recycling glass, e-waste and food waste. A "Go Green Week" was held in October 2015 to encourage the entire workforce in Singapore of almost 13,000 to recycle and reuse. Team members participated enthusiastically in an inter-department recycling competition and generated close to six tonnes of recyclable waste. Genting Singapore recorded a 32.9% reduction in waste and 50.8% increase in recycled materials by weight in 2015.

To prevent environmental contamination from materials used in daily operations, we have in place proper methods for the disposal of pyrotechnics and biohazard waste as well as heavy metals. Our team members are trained on the procedures and we engage certified and licensed waste disposal vendors to handle the hazardous waste. For example, Genting Singapore's team members are trained to handle hazardous waste according to procedures.

Recycling corners at Resorts World Sentosa

Its pyrotechnics waste is disposed by an ISO 9001:2008 certified and NEA-licensed vendor. Other hazardous waste is disposed by NEA-approved vendor who is also ISO14001, OHSAS 18001 and Biz Safe Star Level certified. Genting Singapore's clinical and laboratory team members separate heavy metals and biohazard waste (including sharp instruments and needles) from conventional waste, every day. These are then collected in marked and secured containers, which are stored in clinical areas with restricted access until the time of collection by the vendor every week. Genting Singapore's certified vendors disposed about 461 kg of chemical waste from pyrotechnics, 2,500 kg of biological waste and 400 litres of heavy metal waste respectively, in 2015.

Genting Singapore, through its energy conservation efforts, managed to reduce carbon emissions from 134.1 kilotonnes to 124.2 kilotonnes of CO₂ in 2015, which is equivalent to 767 trips around the world on an airplane (based on emission factors from GHG Protocol, assuming economy class travel). While the public utilities is the main source of water supply in Singapore, the team also collects surface run-off rainwater and drainage water into eco-lagoons and underground water storage tanks to reduce the reliance on potable water. Collected water is treated before being used for landscape irrigation and fire-fighting. This year, 785,179 cubic metres of rainwater was collected, which would fill 314 Olympic-sized swimming pools.

In the United States, Resorts World Casino New York City manages waste removal responsibly by partnering with a local fuel company that recycles used cooking oil for conversion into biodiesel.

In the Bahamas, Resorts World Bimini works closely with various stakeholders and island representatives to ensure best practices are constantly followed at every stage of development. The team continued to support the Bimini Township Cleanup Committee in 2015 by providing proper tools and equipment to assist with their efforts. Several internal programmes are in place to encourage waste clean-up and employees' participation in local efforts to protect the environment.

Genting UK works closely with its contractors to reduce the amount of refuse sent to the landfill by monitoring monthly landfill costs and adjusting the number of refuse collections to reduce the number of wasted miles for the refuse lorries. In the 12 months from November 2014, 869,500 tonnes of waste was produced across its sites in the United Kingdom, which was 6.2% higher from the previous year, reflecting the increased volume of business during this period. It was however 1.9% less than 2011, the benchmark year against which measurements are being made.

Genting UK's recycling performance was at 86.4% in 2015 compared to 72.3% in 2014, another good year-on-year improvement. About 643 tonnes of waste materials were diverted from landfill and put back in the marketplace for recycling in 2015. Over 108 tonnes of non-recyclable wastes that would otherwise have been land-filled were treated as refuse derived fuel and used to replace traditional fossil fuels in the production of energy for the national grid.

Resorts World Birmingham which opened in October 2015, is designed to meet the Building Research Establishment Environmental Assessment Method. This is one of the most comprehensive and widely recognised measures of a building's environmental performance and sets the standard for best practice in sustainable building design, construction and operation.

The Genting Plantations' oil mills operate advanced effluent treatment systems to raise processing efficiency and minimise water usage. These effluent treatment systems help to ensure that the total volume of effluent is reduced while the quality of final discharge meets strict environmental standards. Treated effluents are channelled to the fields as organic nutrients and for land irrigation, where possible. A testament to the quality and standard of waste management being achieved by the oil mills is the common sighting of migratory birds inhabiting the effluent ponds.

Genting Plantations has also invested in new technologies, such as milling innovations for emission reduction, methane avoidance and renewable energy use to minimise carbon footprint. Its operations in Pulau Jambongan, Sabah feature the nation's first zero-discharge oil mill which has a purpose-built composting plant that converts by-products into biofertilisers for estate application.

Wisma Genting Charity Bazaar 2015

COMMUNITY

We seek to build mutually beneficial relationships with the communities where we operate and with the society at large through active engagement.

The Genting Group contributes regularly in cash and in-kind to various charities, foundations and sectors of the community to support the underprivileged and less fortunate, reaching out to different sectors of the community, irrespective of race, creed or religion.

Genting Malaysia supports the health facilities operated by non-governmental organisations which offer therapy, training, treatment, rehabilitation and care for patients. Some of the beneficiaries in 2015 included Hospis Malaysia, Institut Jantung Negara and the National Stroke Association of Malaysia. Our team mobilised aid for flood victims in the East Coast of Malaysia in the form of basic and essential household items to provide humanitarian relief. Employee volunteers took part in a six-day Temerloh Flood Relief clean-up campaign to assist flood victims to return to their normal lifestyle.

'We Care' team from Resorts World Genting helping flood victims in the East Coast, Malaysia

In 2015, Genting Malaysia donated RM1 million to 50 welfare homes and charitable organisations at the Genting Group Chinese New Year Luncheon, in conjunction with the 50th anniversary of the Genting Group. Support was also extended to the MyKasih Programme in aid of 100 poor families in Labis, Johor in 2015. The selected families under this programme would receive a monthly allowance for a year to purchase essential food items. Fitness and physiotherapy equipments were sponsored to aid the Independent Living and Training Centre in Rawang, Selangor.

Genting Malaysia provided monetary aid to the Befrienders, a non-profit organisation that offers 24-hour emotional support and counseling for the depressed and suicidal. The team also supported St John Ambulance of Malaysia's 21st Annual Highway Emergency Ambulance Service programme, which mobilised over 50 ambulances and 1,000 volunteers on highways as well as federal state roads during the Chinese New Year and Hari Raya holidays.

Genting Singapore donated approximately SGD3.6 million in cash and in-kind to various beneficiaries in Singapore in 2015, more than 60% increase in value over 2014. Another SGD5 million of cash and in-kind donation was pledged to support the Community Chest, Singapore over a five-year period, starting from 2014.

Genting Singapore supported the Sing50 concert, jointly organised by The Straits Times and The Business Times to celebrate the 50th anniversary of Singapore since independence and to honour the nation's 50 years of music. As the Supporting Sponsor, SGD500,000 was contributed in cash sponsorship and Resorts World Sentosa provided venue spaces for promotional events leading up to the anniversary concert on 8 August 2015.

Celebrating the Genting Group's 50th anniversary at Genting UK's Westcliff Club

Genting UK celebrated the Genting Group's 50th jubilee anniversary with various celebration activities and charity raising events held in all of its casino properties. These included several 60's and James Bond theme nights and "International Markets vs Home Markets Cricket Match" to support Children's Happiness Involves People - the casino charity which provided wheelchairs for disabled children. Other charities supported by Genting UK in 2015 included Cancer Research UK, local children's charities and hospices and Baan Doi, a charity based in Thailand.

Resorts World Casino New York City donated over USD300,000 to the local charitable organisations. In response to the team's efforts in giving back to the communities over the years, the team was awarded the Corporate Social Responsibility Award 2015 by *City & State* newspaper. The award was received by its President Ryan Eller.

Fundraising events were held for the YMCA of Jamaica, Queens, Boys & Girls Club of Metro Queens and Black Spectrum Theatre, raising over USD10,000 for each charity.

Resorts World Bimini supported the local community by providing in-kind donations in the form of lodging and food and beverage for numerous causes on the island and within the Bahamas. The team sponsored the inaugural Junior Junkanoo Parade in 2015, which is a Bahamian cultural festival where children expressed their creativity through music, dance and costume building. Resorts World Bimini also funded the repaving of King's Highway, the main roadway in North Bimini which helped to improve the transportability of the island residents. The charitable reach of Resorts World Bimini is also extended beyond the Bahamas, with annual charitable initiatives held such as "Cruise for a cure", benefiting the Susan G. Komen foundation and the Make-A-Wish foundation.

Resorts World Jeju has pledged to establish Resorts World Jeju Corporate Social Responsibility Fund that will go towards projects that conserve the environment, help the less privileged and promote local arts and culture.

Volunteerism Among Employees

Genting's community-based projects are carried out by its employees who volunteer their time and efforts for a good cause. The 'We Care' volunteer teams from Resorts World Genting, Resorts World Kijal and Resorts World Langkawi, the Genting Group Executive Sports Club and Genting volunteers in Wisma Genting, RWS Cares in Singapore and the global volunteer teams from Genting Energy, Genting UK and Genting US have helped the local communities every year.

At the Group head office in Malaysia, over 300 employees volunteered at the Wisma Genting Charity Bazaar on 12 June 2015. The charity bazaar, held in conjunction with the 50th anniversary of the Genting Group, received good support from friends, employees, suppliers and corporate partners of Genting, tenants of Wisma Genting and the public. Puan Sri Cecilia Lim, wife of Tan Sri Lim Kok Thay and Mr Tan Kong Han, President of Genting Berhad officially launched the event and picked the lucky draw winners. Close to 30 Genting employees participated in the Zumba Fitness dance. The charity bazaar raised over RM200,000 in aid of local charities.

aRWSome wishes by Resorts World Sentosa, bringing festive cheers to the underprivileged children

SUSTAINABILITY REPORT (cont'd)

Genting Malaysia organised 'Every Sen Counts Charity Bazaar' at Resorts World Genting, which its employees and the public participated, raising RM80,000 in aid of charities and welfare homes. When Nepal was hit by a devastating earthquake, our employees immediately rallied and collected RM100,000 for the Nepal Earthquake Relief Fund. Our team in Resorts World Genting also hosted several events for children and the elderly such as the Chinese New Year celebration, Genting International Children's Festival, Merdeka party and children's Christmas party.

In Singapore, RWS Cares, part of Genting Singapore's Corporate Social Responsibility programme has touched the lives of more than 9,000 less privileged children, youths and seniors. Genting Singapore's team members volunteered their time in corporate social responsibility programmes such as Children for Children, aRWSome Wishes and aRWSome Apprenticeship and clocked more than 14,700 hours of volunteer work in 2015, achieving a volunteerism rate of 10%. Together with its stakeholders, Genting Singapore employees raised funds for Christmas gifts and spread cheer to 1,400 children beneficiaries and families at the annual aRWSome Wishes.

Since 2011, the RWS Apprenticeship programme has provided opportunity to 160 underserved youths to work alongside Genting Singapore's team members, in an effort to equip them with practical knowledge and skills for lifelong learning. In 2015, there were 68 students from 10 secondary schools designated as ride attendant greeters, guest servicers and Edu-guides at the various attractions and offerings in Resorts World Sentosa.

In support of *FairPrice Walk for Rice @ South East* charity campaign, Resorts World Sentosa donated six bowls of white and brown rice for every trip made by its team members on the Sentosa Boardwalk from 20 to 31 October 2015. This tripartite partnership between Resorts World Sentosa FairPrice and South East Community Development Council met the target of donating 12,000 bowls of rice.

Resorts World Casino New York City's employees donated coats in the third 'Annual New York Cares Coat Drive'

Resorts World Casino New York City's employees donated over 10 barrels of coats in the third 'Annual NY Cares Coat Drive' in 2015. Its team also hosted four American Red Cross blood donation drives in 2015, allowing guests and staff to donate blood. The targeted goal of 100 pints of donated blood was collected by June 2015, resolving a critical blood shortage situation in the city at that time. Our employees and family members continue to volunteer their personal time to support the American Cancer Society, City Harvest to feed the poor, New York Cares, and the American Red Cross. They have also spent time building local community gardens through the MillionTreesNYC project, led by New York Restoration Project (NYRP) and the New York City Department of Parks and Recreation.

Resorts World Bimini General Manager Ray Valentino led a team of volunteers to deliver toys to Bimini's children for Christmas

Resorts World Bimini's employees participate in the gifting of toys and turkeys to the island's children and residents every year, during festive holidays.

Genting UK's employees are involved in many charitable events held across the UK, to raise money or get together to donate blood to help the community.

Genting Casino Newcastle raised £4,805 in support of a transatlantic rowing challenge

Genting Plantations frequently provides financial support and participates in the observance of festivals and religious celebrations at the local villages where it operates. The same goes for its property townships. Celebrations of cultural and religious festivals, sports tournaments, carnivals and other family-oriented events are organised by Genting Plantations to foster greater community spirit among residents and its society as well as to promote healthy and balanced lifestyles.

EDUCATION

We support **education**. Concurring with the motto 'Knowledge is Power', we are firm believers in the role of education in socio-economic advancement, poverty alleviation and the empowerment of society.

The Tan Sri (Dr.) Lim Goh Tong Endowment Funds, established in 2009 by Genting Berhad for Universiti Malaya's Faculty of Business and Accountancy and Genting Plantations for Universiti Putra Malaysia's agriculture programme have collectively funded scholarships for high achieving students, student exchange programmes, overseas study trips, university's research activities and other educational programmes. The activities sponsored by the two endowment funds in 2015 included a group study trip to South Korea, student exchange programmes to Taiwan and Hong Kong and scholarships for high achieving students pursuing agriculture studies.

In addition to Genting Malaysia Education Fund which provides scholarships to needy students, Genting Malaysia supported the fund-raising efforts of the Joseph William Yee Eu Foundation and the Dr Rama Subbiah Scholarship Fund in 2015 to extend its education aid for poor deserving students on a broader scale. Substantial contribution was also made in aid of the development of Tamil schools in the Federal Territory.

Genting Malaysia's "*Back to School*" programme brought joy to 200 children from welfare homes and poor families in Kuala Lumpur, Selangor and Bentong who received school-going essentials in preparation for their academic year in 2015. Genting Malaysia also supported the Malaysian Institute of Management's 28th Tunku Abdul Rahman lecture in 2015 to promote the exchange of dialogue and management knowledge among professionals.

Genting Plantations has collaborated with the non-profit Borneo Child Aid Society to bring educational opportunities to the underprivileged children by providing various support to build, upkeep and operate Humana learning centres in Sabah. Through our involvement in eight Humana schools, basic education has been made possible for hundreds of children who would have otherwise been denied access to basic education due to distance, poverty or legal status.

Genting Plantations takes an active role in supporting education in Indonesia. Two kindergartens, two primary schools, one lower secondary school and one agricultural vocational school have been established in the Kalimantan Tengah region, with ongoing financial assistance extended to the teachers. These schools have been officially recognised by authorities as part of the national school system. In Kalimantan Barat, Genting Plantations provides financial support to the

existing national schools within the vicinity of its operations through monthly honorariums for the teachers and funding assistance for other educational activities. Dedicated buses are provided to safely transport the children of its workers to and from these schools.

Genting Plantations regularly extends scholarships to needy students for tertiary studies in Indonesia. Financial support is also extended to eligible students from the local areas where Genting Plantations operates to pursue studies in agriculture and other related disciplines at leading institutions, such as Lembaga Pendidikan Perkebunan in Yogyakarta.

The Community Chest, managed by a Board of Trustees for which Tan Sri Lim Kok Thay is a founder and permanent trustee, continues to support the local vernacular schools in Malaysia. In 2015, the independent non-for-profit organisation has over 200 volunteers across the nation to help implement the fundings allocated to 311 schools in Malaysia with the aim of improving the quality of education of local learning institutions, through improved school facilities.

We support **sports** to encourage a healthy lifestyle, promote sports tourism and to foster good ties with the community.

We supported charitable runs like the 2015 Edge Kuala Lumpur Rat Race and the Bursa Bull Charge Run in Malaysia whereby the runners were represented from Genting Berhad, Genting Malaysia, Genting Plantations and Genting Energy. Our employees also participated in the Terry Fox Charitable Run and helped the event organisers to sell the Terry Fox t-shirts to raise funds.

Genting Malaysia supported the initiatives of the National Sports Council to promote sporting events locally in Malaysia and to elevate its sports performance to an international status. In 2015, we contributed to the development programmes of the Selangor Tennis Association and the Pahang Football Association and supported the Asean Cycle Fest Kuala Lumpur and the Sultan of Johor Cup (Under-21) International Hockey Tournament, organised by the Malaysian Hockey Confederation. Genting Malaysia also sponsored 65 athletes and officials of the Malaysian Deaf Association to the 2015 8th Asia Pacific Deaf Games in Taiwan.

WORKPLACE

The Genting Group is an equal opportunity employer that embraces diversity in the workplace. We strive to maintain an inclusive work culture that supports diverse talent to contribute positively to the growth and productivity in line with the Group's vision and mission.

Employees form an integral part of Genting and we remain committed to human resource development. Our global workforce was about 62,000 as at 31 December 2015 with 29% Malaysians comprising Malay (10%), Chinese (16%), Indian (2%) and Others (1%); and the remaining 71% from other countries including but not limited to Singapore, Indonesia, China, United Kingdom, United States and Bahamas. The male to female employees ratio is 66:34; with age below 30 (34%), between 30 to 55 (62%) and above 55 (4%).

The diversity of our workforce from different culture backgrounds has helped our various operational teams, especially in the resort and gaming properties to be responsive in its communication and services to guests from all over the world.

We seek to attract and retain the best talents by fostering a secure and enabling workplace where every individual is valued and empowered to realise his or her full potential. The rights of employees are always respected. In engaging with our people, we exercise impartiality, consistency and transparency, mutually guided by the relevant Human Resource handbooks and manuals that clearly set out the relevant policies, procedures, responsibilities and benefits.

Zumba Fitness Dance participated by Genting employees

Orientation programmes are organised while on-site induction programmes on job expectations, safety procedures and health aspects are held upon the arrival of new workers, particularly foreign workers to help them adapt to the local culture and work environment.

We stand firm against any form of violence, harassment or discrimination against race, religion, national origin, disabilities, pregnancy, age and gender. A formal grievance procedure ensures complaints, if any, are addressed in a timely manner, systematically and equitably, in accordance with established processes and procedures.

We have in place the Code of Conduct/Practice that outlines the standard of behaviour expected of employees. We also have in place the Whistleblower policy and Grievance Handling Procedures that are designed to guide and create a fair, responsible, prompt and confidential platform for employees to lodge their grievances.

We offer comprehensive remuneration schemes that are in line with industry and market benchmarks and consistent with all applicable collective agreements and minimum wage policies.

We advocate a safe and engaging workplace. Our business properties are accredited with high safety and management standards.

Genting Plantations' oil palm mills are certified with OSHAS 18001:2007 and MS 1722:2011 occupational health and safety management systems, reinforcing our commitment to safety in the workplace. Genting Plantations ensure that occupational safety and health ("OSH") standards are applied uniformly across all operating centres and guided by the industry-specific OSH Manual and Guidelines. As a result, Genting Plantations achieved zero fatal accidents in 2015. Statistics compiled from all Genting Plantations' operating units indicated the average percentage of Lost Time Injury or lost man days caused by accidents at the workplace was as low as 0.03%.

Genting Malaysia is working towards a 'Zero Accident' goal through constant improvements in reducing workplace accidents and by building up a more proactive safety and health culture through awareness and education. These initiatives were carried out in line with the Environment, Health and Safety ("EHS") policy and an established externally certified EHS Management System. Periodical assessments and audits are carried out by EHS specialists on the Occupational Health and Safety Management System (OHSAS 18001) and Environmental Management System (ISO 14001). In March 2015, Genting Malaysia obtained a second-time audit recertification by SIRIM QAS International.

Genting Malaysia regularly engages with its employees to promote a positive safety and health culture. These engagements include organising activities to improve knowledge and skills on safety and health matters; having trained Safety Secretaries for each property or department; conducting monthly Occupational Safety and Health talks to educate employees on safety and health matters and encouraging them to take ownership of their own safety and health at the workplace. Talks and programmes on occupational health, hygiene and road safety campaigns are regularly organised for employees. A total of 72 safety training sessions were conducted in 2015 for Genting Malaysia's employees and the EHS committee.

We encourage a healthy work-life balance among our employees through various sports, wellness and health activities, blood donation drives, talks, staff trips, celebrations of major religious and cultural festivities, annual dinners and self improvement workshops.

Genting Group Annual Staff Dinner 2015

We provide a conducive working and living environment for our employees. Our integrated resort properties provide employees with standard facilities and amenities including cafeterias, free Wi-Fi at designated spots, well-equipped resource centre and library, recreation centres, places of worship, gymnasium and sports or recreational facilities.

Recognition and award appreciation events such as the “Employee of the Month”, “Employee Appreciation Nite” and staff dinners are organised annually for our employees.

Employees are also regularly updated on the ongoing developments and happenings within the Genting Group through internal communication channels such as internal monthly newsletters, intranet and internal notice boards.

Conferences and seminars are organised annually to train and develop our management teams. The 27th Genting Malaysia Senior Managers’ Conference themed “Accelerating Global Brand Success” was held in Resorts World Manila, Philippines from 7 to 8 September 2015 and the 34th Genting Plantations Management Conference was held in Kunming, China from 16 to 19 September 2015. Genting UK organised the Senior Management Conference themed “Game Changing” in March 2015 in London with Sir Clive Woodward as its key note speaker.

Employees are encouraged to participate in professionally conducted training courses to enhance their work knowledge and competencies.

In Malaysia, the training programmes are conducted jointly by Genting Malaysia’s Genting Centre of Excellence and other

outsourced training providers, to enhance the competencies and knowledge of the employees in their respective specialisations. Genting Malaysia invested RM3.27 million in 2015 to provide both internal and external training for its employees. Of this amount, RM2.39 million was invested in internal training for all levels of employees across its various departments.

Genting UK continues to build on its Manager Designate programme to source suitably experienced managers from outside the casino industry, who then complete an intensive gaming course to equip them with the gaming knowledge required to progress to Casino Managers within the business. In 2015, Genting UK launched the Genting Academy Prospectus with a choice of courses which can be tailored to individual development needs. A total of 30,996 courses have been completed via Genting Academy on-line since its launch.

64% of Genting UK’s employees completed the Genting Staff Engagement Survey in 2015, which provided the company with valuable feedback from employees in areas such as communication, learning & development, technology and employee benefits to shape and improve the workplace. The local and regional “listening” events provide the opportunity for Genting UK’s management team to engage with its employees further and understand the views on their workplace.

Different business units of Genting UK held team building events in 2015 including General Manager Strategy Days, Marketing Workshops and Slot Workshops. Genting UK provides a Staff Social Fund so that staff social events and team building activities can be held by its casino properties.

Winners of the Home Markets Dealer of the Year

Genting UK organised the “Dealer of the Year” competition in May 2015 in which more than 80 of its casino employees participated.

We continue to support and provide educational opportunities to the financially disadvantaged but deserving students. Genting Malaysia Education Fund committee disbursed RM1.3 million in scholarships to scholars undertaking courses overseas and locally in 2015.

Communication channels such as internal monthly newsletters, intranet, internal notice boards, e-Kiosks and regular meetings are provided to keep employees and management up to date.

Genting Malaysia inculcates two-way communication with its employees and regularly seeks feedback through the *Townhall Meetings* and the *Tea Talk* sessions which were initiated in 2015. The *Townhall Meetings* were held to update employees on the current operational performance as well as ongoing initiatives and developments at the resort, in addition to offering employees a platform to voice out their concerns and share their ideas that will contribute to the growth and development of the company. The *Tea Talk* sessions are an informal communication forum for employees to meet and share their concerns with the top management and to provide feedback for future improvements. These initiatives are in line with the management’s efforts to broaden the channels of communication between employees and the management.

The Townhall Meetings offer employees a platform to voice out their concerns and share ideas

Resorts World Bimini increased housing facilities for its employees in 2015 by completing the construction of two additional employee dormitories, adding another 176 employee living space. Team building events are held regularly such as the Employee and Supervisor of the Month recognition programme, movie nights, birthday celebrations, beach volleyball and sports teams to promote a positive working environment in the resort.

The opening of Resorts World Birmingham in October 2015 created hundreds of new jobs. Various recruitment campaigns were undertaken prior to the opening and the team also worked with the local council and job recruitment centres. Induction programmes were held to cover important topics such as customer service, responsible gambling, first aid, technical systems, food hygiene and money laundering days as well as fun team building events to help the new staff bond together.

As an endorsement of good human resource practices, Genting Plantations and Genting Malaysia were named among the ‘Best Companies to work for in Asia 2015’ by HR Asia, the region’s largest circulation publication for human resource professionals.

The Genting Malaysia Senior Managers’ Conference 2015 was held in the Philippines

MARKETPLACE

Our business conduct shall be guided by honesty, integrity and commitment to excellence. We encourage responsible practices among our business partners, show care for our customers and uphold good corporate governance to meet the expectation of our investors.

We have a Board of Directors comprising the best qualified individuals with the requisite knowledge, experience, independence, foresight and good judgement to discharge their duties in the best interest of our shareholders.

Our Group observes strict standards to ensure that business affairs are always conducted with utmost professionalism and integrity, free from any form of corruption or unethical behaviour. This ethical code applies to all dealings, whether with our Group's business partners, vendors, contractors, customers or governing authorities.

Our business affairs and financial reports are managed in accordance with the rules and requirements of regulatory bodies such as the Malaysian Code on Corporate Governance, Listing Requirements of Bursa Malaysia Securities Berhad, the Companies Act 1965 and the Malaysian Accounting Standards Board in Malaysia.

We play an active role in carrying out responsible operations and business practices. We have a strong and diverse network of suppliers and where possible, we would purchase materials from local suppliers to support local industries and reduce transportation-related emissions. For example, Genting Malaysia has in place a policy for procurement of products and services. All potential suppliers or vendors are required to pre-register wherein they would need to provide details of their respective companies en route to a pre-qualification assessment before their appointment as suppliers. Our vendor selection process is instrumental in ensuring that we provide the best quality of products and services, integrate sustainability into our core businesses, reduce costs and create a more efficient supply chain.

We comply with ISO 4001 by only engaging with licensed collectors who are registered with the Department of Environment ("Jabatan Alam Sekitar") for the collection of waste oil and used chemical drums.

We work close with our suppliers to reduce negative environmental and social impacts. We undertake due diligence on the local farms before we purchase the produce from them to ensure compliance with food safety and relevant local environmental laws. The Hazard Analysis and Critical Control Point certification demonstrates our commitment in maintaining healthy food practices and standards, improving our employee awareness of their role in protecting consumers and eliminating or minimising the risks of food safety hazards.

We recognise and respect the legal rights of individuals on matters involving the ownership, use and disclosure of

intellectual property. All customer and employee information are strictly private and confidential and are treated as such at all times. We conduct yearly 'Train the Trainers' refresher sessions on the Personal Data and Protection Act 2010, whereupon the trainers would then share the information and create awareness among all personnel in their respective departments to ensure compliance with these requirements.

Our casino teams work closely with the regulatory bodies to ensure compliance with all applicable laws and regulations. Self-exclusion programmes such as 'Request for Assistance Programme', help services and responsible gaming awareness materials are available in our casino properties to encourage responsible gaming among casino patrons. Ongoing briefings on responsible gaming are regularly conducted for all casino staff including new trainees.

For example, Resorts World Genting implemented its self exclusion Request for Assistance Programme in 2006, in which, guests with a compulsion to gamble can voluntarily prohibit themselves from the casino. Brochures on Responsible Gaming are placed at the entrance of Resorts World Genting's casinos, to create awareness and encourage those with problems to take the first step. Free and one-to-one counselling services are also available at the Responsible Gaming room or over the phone (hotline). Currently, Resorts World Genting has 57 trained Responsible Gaming ambassadors in its casino operations in Malaysia. A total of 1,865 staff underwent the briefing/training sessions on responsible gaming in 2015.

Resorts World Sentosa has a Responsible Gambling Programme to create awareness of problem gambling, to prompt intervention in problem gambling cases and provide referrals to professional help services such as the National Council on Problem Gambling. In November 2015, Resorts World Sentosa Casino became the first casino in Asia Pacific to receive RG Check accreditation from the Responsible Gambling Council, one of the most comprehensive and rigorous responsible gambling accreditation programmes in the world. This independent assessment is a seal of approval for Genting Singapore's commitment to Resort World Sentosa Casino's player safety net.

Genting UK has developed and launched the Self-Enrolment National Self-Exclusion scheme in summer 2015. This innovative scheme allows a customer who may be experiencing gambling related harm to enter a self-exclusion agreement not only for all Genting UK casinos, but across all other UK casino groups. The scheme is the first in the industry to extend across a sector and demonstrates both the industry and Genting's commitment to player protection. Genting UK voluntarily contributes to the Responsible Gambling Trust to support research, prevention efforts and treatment of gambling related harm. The team also work closely with GamCare and their partners across the country to guide any customers who may be experiencing gambling related harm to the help available.

Resorts World Casino New York City launched in 2015 a strategic partnership with the New York Council on Problem Gambling, a not-for-profit government funded organisation that is dedicated to address problem gambling. In-house Responsible Gaming Resource Center and professionally trained Responsible Gaming Ambassadors are committed to take a proactive approach to alleviate problem gaming.

Resorts World Casino New York City has also partnered with New York City's tourism board, NYC & Company, and the Queens Economic Development Corporation to promote the casino property as a top destination for visitors. Queens, New York City was named the Top Destination for 2015 by Lonely Planet and tourism numbers have continued to increase. The property has already seen an increase in visitation with the highly successful Red Express bus service, which provides free transportation to the property from across New York City. The property attracts over 8 million visitors each year and provides job employment to many local residents.

Genting Malaysia has invested about USD500 million into the development of Resorts World Bimini and this has significantly enhanced the local economy in Bimini. Resorts World Bimini is the single largest employer on the island and committed to the long term success and economic growth of Bimini. The resort attracts over 100,000 visitors to the island each year which results in local businesses generating about USD9 million each year.

Resorts World Miami continues to foster partnerships with the local trade, with special emphasis on certified minority and women-owned businesses. The team work with local non-profit organisations to identify qualified minority businesses which offer services that Resorts World Miami could utilise in its development works.

Genting Plantations seek to build mutually beneficial relationships with the communities where it operates through ongoing active engagements and regular dialogue sessions with the local communities. Genting Plantations adopts the concept of free prior and informed consent ("FPIC") to guide its engagement with the local communities and relevant stakeholders. The established procedures are to ensure these stakeholders are consulted on the development plans and their interests are not overlooked. These comprehensive procedures cover the handling of land disputes and related resolution and compensation, native customary rights, as well as dispute settlement facility and mediation. Mechanisms are also in place to provide for complaints and grievances to be addressed in a systematic, timely and transparent manner.

Genting Plantations give the priority to the local area talents in filling job vacancies and in the offering of contract works. Genting Plantations is fully committed to the development of plantation under the plasma scheme, an assistance programme that has proven beneficial for the wellbeing of local small landholders in Indonesia. These efforts are complemented by regular consultative meetings to enhance goodwill and cooperation with plasma farmers.

Genting Plantations' presence in the rural interiors, brings more than just jobs. Infrastructure and amenities such as roads and bridges that are built and maintained as part of its development, help to improve accessibility and connectivity of these remote areas.

Genting Plantations is an active member of the Malaysian Palm Oil Association and is represented in various committees at the national and international levels, including the Malaysia Sustainable Palm Oil Nation Steering Committee and Technical Committee, the ISCC's Southeast Asia Technical Working Group, the Council of Palm Oil Producing Countries' Technical Working Groups for Harmonisation of Standards & Green Economic Zone and MPOA's Sustainability Steering Committee. Leveraging on its expertise in oil palm genomics, Genting Plantations is involved in research and development collaborations for crop improvement with the likes of the Department of Agriculture, Sabah in Malaysia. Our plantations team has actively participated in International Sustainability and Carbon Certification events, with our representative being among the invited notable speakers.

As transparency and accountability are the cornerstone of effective stakeholder engagement, we endeavour to disclose all material corporate information through the appropriate channels in a timely, accurate and complete manner. Our annual general meeting is a useful and interactive forum for direct engagement with shareholders.

We maintain an open and regular communications with the professional investment community through periodic briefings, face-to-face meetings, conference calls and site visits.

Our corporate website at www.genting.com provides information on our business activities with annual reports, press releases, quarterly results, announcements and investor presentations made available. The Visitors' Galleria and the Horizon 50 at Resorts World Genting are open to the general public and provide a first-hand look at the history, operations and facilities of Resorts World Genting and the Genting Group.

CORPORATE GOVERNANCE STATEMENT

It is the policy of the Company to manage the affairs of the Group (this would include the Company and its unlisted subsidiaries) in accordance with the appropriate standards for good corporate governance. Set out below is a description of how and the extent to which the Company has applied the principles and complied with the recommendations as set out in the Malaysian Code on Corporate Governance 2012 ("MCCG 2012").

A. PRINCIPLE 1: ESTABLISH CLEAR ROLES AND RESPONSIBILITIES

The Board has seven members, comprising three Executive Directors and four Independent Non-Executive Directors. This composition fulfils the requirements mandated by the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Securities") which stipulate that at least two Directors or one-third of the Board, whichever is higher, must be independent. The Directors have wide ranging experience and all had previously held or are currently holding senior positions in the public and/or private sectors. A brief profile of each of the Directors is presented on pages 14 to 18 of this Annual Report.

The Board has overall responsibility for the proper conduct of the Company's business and the Board Charter adopted by the Board clearly sets out the respective roles and responsibilities of the Board and the management to ensure accountability. The Board Charter is made available on the Company's website and is periodically reviewed and updated to take into consideration the needs of the Company as well as any development in relevant rules, regulations and laws that may have an impact on the discharge of the Board's duties and responsibilities. The Board is guided by the prevailing legal and regulatory requirements as well as the Company's policies in discharging its fiduciary duties and responsibilities. The Independent Non-Executive Directors, who form the majority of Board members, provide a check and balance to ensure that deliberation and decision making by the Board is independent of management. The Independent Non-Executive Directors also play a role to ensure a clear separation between the policy-making process and day-to-day management of the Group's businesses.

In discharging its fiduciary duties in respect of the Group, the Board is responsible for the following :

- Reviewing and adopting a strategic plan for the Group
- Overseeing and evaluating the conduct of the Group's businesses
- Identifying principal risks and ensuring the implementation of appropriate systems to manage these risks
- Establishing a succession plan for senior management
- Overseeing the development and implementation of a shareholder communication policy for the Company
- Reviewing the adequacy and the integrity of the management information and internal controls system of the Group
- Formulating corporate policies and strategies
- Approving key matters such as financial results as well as major investments and divestments, major acquisitions and disposals and major capital expenditure in accordance with the limits of authority
- Assessing on an annual basis the effectiveness of the Board, Board Committees and individual Directors including the Chief Executive

The Chairman is responsible for ensuring the smooth and effective functioning of the Board. His duties include providing

leadership for the Board, ensuring that the Board carries out its responsibilities in the best interest of the Company and that all the key issues are discussed in a timely manner. The Chairman is also tasked with facilitating active discussion and participation by all Directors and ensuring that sufficient time is allocated to discuss all relevant issues at Board meetings.

The Chief Executive is responsible for providing the vision and strategic direction of the Group and to formulate appropriate corporate strategies and develop the business. He is assisted by the President and Chief Operating Officer for implementing the policies and decisions of the Board and overseeing the day-to-day operations of the Group.

Certain matters are specifically reserved for the Board's decision, including overall strategic direction, annual operating plan, capital expenditure plan, material acquisitions and disposals, material capital projects, monitoring of the Group's operating and financial performance and reviewing key risks affecting the Company and its unlisted subsidiaries.

The Board meets on a quarterly basis and additionally as required from time to time to consider urgent proposals or matters that require the Board's decision. Quarterly meetings are scheduled in advance annually so that the Directors can plan ahead to ensure their attendance at Board meetings. The Board reviews, amongst others, the performance of the major unlisted operating subsidiaries of the Company, risk management and compliance reports and approves the quarterly results of the Group. The Board tracks the performance of the management against the annual plan submitted for each financial year. Quarterly performance reports are presented to the Board by management for review and approval. The President and Chief Operating Officer, Executive Vice President-Finance and respective Heads/senior management of the operating units, where relevant, are invited to attend the Board meetings to brief the Board on the performance of the respective business operations.

Notice of meetings setting out the agenda and accompanied by the relevant Board papers are given to the Directors in sufficient time to enable the Directors to review, seek additional information and/or clarification on the matters to be deliberated at Board meetings. Materials for Board meetings are uploaded onto a secured website, which can be accessed by the Directors via their i-pads or lap-tops at their convenience by using a personal password.

As a Group practice, any Director who wishes to seek independent professional advice in the course of discharging his duties may do so at the Group's expense. Directors have access to all information and records of the Company and also the advice and services of the Company Secretary. The Company Secretary, an Associate member of The Malaysian Institute of Chartered Secretaries and Administrators, satisfies the qualification as prescribed under Section 139A of the Companies Act, 1965 and has the requisite experience and competency in company secretarial services. The Company Secretary advises the Board on any updates relating to new statutory and regulatory requirements pertaining to the duties and responsibilities of Directors, and promptly disseminates communications received from the relevant regulatory/governmental authorities. The Company Secretary organises and attends all Board and Board Committee meetings and is responsible to ensure that meetings are properly convened and accurate and proper records of the proceedings and resolutions passed are taken and maintained at the Registered Office of the Company.

CORPORATE GOVERNANCE STATEMENT (cont'd)

A. PRINCIPLE 1: ESTABLISH CLEAR ROLES AND RESPONSIBILITIES (cont'd)

During the year under review, four meetings of the Board were held and all Directors have complied with the requirement in respect of board meeting attendance as provided in the MMLR.

The details of Directors' attendances during the financial year 2015 are set out below:

Name of Directors	Number of Meetings Attended
Tan Sri Lim Kok Thay	4 out of 4
Tun Mohammed Hanif bin Omar	4 out of 4
Mr Lim Keong Hui	4 out of 4
Dato' Dr. R. Thillainathan	4 out of 4
Dato' Paduka Nik Hashim bin Nik Yusoff (Retired on 11 June 2015)	2 out of 2
Tan Sri Dr. Lin See Yan	4 out of 4
Datuk Chin Kwai Yoong	4 out of 4

The Articles of Association of the Company provide that at least one-third of the Directors are subject to retirement by rotation at each Annual General Meeting ("AGM") and that all Directors shall retire once in every three years. A retiring Director is eligible for re-election. The Articles of Association also provide that a Director who is appointed by the Board in the course of the year shall be subjected to re-election at the next AGM to be held following his appointment.

Directors over seventy years of age are required to submit themselves for re-appointment annually in accordance with Section 129(6) of the Companies Act, 1965.

The Directors observe the Company Directors' Code of Ethics established by the Companies Commission of Malaysia ("CCM") which can be viewed from CCM's website at www.ssm.com.my.

The Company recognises that any genuine commitment to detecting and preventing actual or suspected unethical, unlawful, illegal, wrongful or other improper conduct must include a mechanism whereby employees can report their concerns freely without fear of reprisal or intimidation. To this end, the Company has adopted a Whistleblower Policy which is disseminated to employees.

The Group is committed to operating in a sustainable manner and seeks to contribute positively to the well-being of its stakeholders. Details of the Group's key corporate responsibility activities in 2015 can be found in the Sustainability Report on pages 44 to 60 of this Annual Report.

B. PRINCIPLE 2: STRENGTHEN COMPOSITION

Formal Board Committees established by the Board, namely the Audit Committee, Nomination Committee and Remuneration Committee assist the Board in the discharge of its duties. The Audit Committee consists of 3 members,

who are all Independent Non-Executive Directors. The Nomination Committee and the Remuneration Committee each consist of 2 members, who are all also Independent Non-Executive Directors.

The Nomination Committee has been established since 2002 and information on the members of the Nomination Committee are set out on page 12 of this Annual Report.

The Terms of Reference of the Nomination Committee are:

- To identify and recommend to the Board suitable candidates for appointment to the Board, taking into consideration the candidates':
 - skills, knowledge, expertise and experience;
 - professionalism;
 - integrity; and
 - in the case of candidates for the position of independent non-executive directors, the nominating committee should also evaluate the candidates' ability to discharge such responsibilities/functions as expected from independent non-executive directors.
- To recommend to the Board, candidates for appointment to Board Committees.
- To review and recommend to the Board, the Board's and senior management's succession plans.
- To review and recommend to the Board, the training programmes for the Board.

The Nomination Committee met once during the financial year ended 31 December 2015 where all the members attended.

The Chairman of the Nomination Committee, Tan Sri Dr. Lin See Yan (email address: seeyan.lin@genting.com) has been designated as the Senior Independent Non-Executive Director identified by the Board pursuant to Recommendation 2.1 of the MCCG 2012.

The Nomination Committee carried out its duties in accordance with its Terms of Reference and the main activities carried out by the Nomination Committee during the financial year ended 31 December 2015 are set out below:

- considered and reviewed the Board's succession plans, the present size, structure and composition of the Board and Board Committees as well as the required mix of skills, experience and competency required;
- considered and reviewed the Senior Management's succession plans; and
- considered and reviewed the trainings attended by the Directors, discussed the training programmes required to aid the Directors in the discharge of their duties as directors and to keep abreast with industry developments and trends.

CORPORATE GOVERNANCE STATEMENT (cont'd)

B. PRINCIPLE 2: STRENGTHEN COMPOSITION (cont'd)

Members of the Nomination Committee would meet up with potential candidates for the position of director to assess their suitability based on a prescribed set of criteria. Potential candidates are required to declare and confirm in writing, amongst others, his/ her current directorships, that he/ she is not an undischarged bankrupt, or is involved in any court proceedings in connection with the promotion, formation or management of a corporation or involving fraud or dishonesty punishable on conviction with imprisonment or is subject to any investigation by any regulatory authorities under any legislation. Further, candidates being considered for the position of independent directors are required to declare and confirm their independence based on the criteria set out in the MMLR.

Management would assist new Directors to familiarise themselves with the Group's structure and businesses by providing the Directors with relevant information about the Group. New Directors are also encouraged to undertake site visits and to meet with key senior executives.

The process of assessing the Directors is an on-going responsibility of the entire Board. The Board has put in place a formal evaluation process to annually assess the effectiveness of the Board as a whole and the Board Committees, as well as the contribution and performance of each individual Director (including the Independent Non-Executive Directors) and the Chief Executive. The criteria used, amongst others, for the annual assessment of individual Directors/Chief Executive include an assessment of their roles, duties, responsibilities, competency, expertise and contribution whereas for the Board and Board Committees, the criteria used include composition, structure, accountability, responsibilities, adequacy of information and processes.

In respect of the assessment for the financial year ended 31 December 2015, the Board was satisfied that the Board and Board Committees have discharged their duties and responsibilities effectively. The Board was also satisfied that the Board composition in terms of size, the balance between Executive, Non-Executive and Independent Directors and mix of skills was adequate.

The Group practices non-discrimination in any form, whether based on age, gender, ethnicity or religion, throughout the organisation. This includes the selection of Board members. In addition, the Group believes it is of utmost importance that the Board is composed of the best-qualified individuals who possess the requisite knowledge, experience, independence, foresight and good judgement to ensure that the Board functions effectively and is able to discharge its duties in the best interests of the Company and shareholders. In 2015, all the Directors of the Company are male and the racial composition is 14% Malay, 72% Chinese and 14% Indian. 14% of the Directors are between the ages of 30 and 55 and the remaining 86% are above 55 years old.

The Remuneration Committee has been established since 2002 and information on the members of the Remuneration Committee are set out on page 13 of this Annual Report. The Remuneration Committee is responsible for making recommendations to the Board on the remuneration packages of Executive Directors and members of Board

Committees. In making recommendations to the Board, information provided by independent consultants and appropriate survey data are taken into consideration. The Board as a whole, determines the level of fees of Non-Executive Directors and Executive Directors. Directors' fees are approved at the AGM by the shareholders. Directors do not participate in decisions regarding their own remuneration packages.

The Remuneration Committee met twice during the financial year.

Details of the Directors' remuneration are set out in the Audited Financial Statements on page 123 of this Annual Report. In the interest of security, additional information have not been provided other than the details stipulated in the MMLR.

C. PRINCIPLE 3: REINFORCE INDEPENDENCE

The Board noted Recommendation 3.2 of the MCGG 2012 that the tenure of an independent director should not exceed a cumulative term of nine years. The Board is of the view that the ability of long serving independent directors to remain independent and to discharge their duties with integrity and competency should not be measured solely by tenure of service or any pre-determined age. Their long service should not affect their independence as they are independent-minded and they continue to provide the necessary checks and balances in the best interest of the Company. The Independent Directors have each provided an undertaking to Bursa Securities since their appointments confirming and declaring that they are "independent directors" as defined under paragraph 1.01 of the MMLR of Bursa Securities. The Board agreed that ultimately the Independent Directors themselves are the best persons to determine whether they can continue to bring independent and objective judgement to Board deliberations.

The Independent Non-Executive Directors do not participate in the day-to-day management of the Company. They engage with senior management, external and internal auditors as and when required to address matters concerning the management and oversight of the Company's business and operations.

In line with Recommendation 3.1 of the MCGG 2012 whereby the Board is required to develop criteria to assess independence of directors, the Board had adopted the same criteria used in the definition of "independent directors" prescribed by the MMLR. However, the Board does not agree that tenure should be a criteria in determining independence of the Directors for the reasons stated above. As such, Recommendation 3.2 of the MCGG 2012 (assessment criteria for independence of directors should include tenure) and Recommendation 3.3 of the MCGG 2012 (the Board is allowed to seek shareholders' approval for independent directors after 9 years tenure to remain as an independent director) have not been adopted.

Accordingly, Tan Sri Dr. Lin See Yan who has been an Independent Non-Executive Director of the Company since 28 November 2001, will continue to be an Independent Director of the Company, notwithstanding having served as an independent director on the Board for more than nine years.

CORPORATE GOVERNANCE STATEMENT (cont'd)

C. PRINCIPLE 3: REINFORCE INDEPENDENCE (cont'd)

For the financial year ended 31 December 2015, all three Independent Non-Executive Directors had provided their annual confirmations of independence to the Board based on the Company's criteria of assessing independence in line with the definition of "independent directors" prescribed by the MMLR. Tan Sri Foong Cheng Yuen, the newly appointed Independent Non-Executive Director of the Company with effect from 18 January 2016, has also confirmed and declared his independence pursuant to the MMLR. The Board had assessed and concluded that the four Independent Non-Executive Directors of the Company, namely Tan Sri Dr. Lin See Yan, Dato' Dr. R. Thillainathan, Datuk Chin Kwai Yoong and Tan Sri Foong Cheng Yuen continue to demonstrate conduct and behavior that are essential indicators of independence, and that each of them is independent of the Company's management and free from any business or other relationship which could interfere with the exercise of independent judgement or the ability to act in the best interest of the Company. Each Independent Director has undertaken to notify the Board of any changes in their circumstances or of any new interest or relationship that would affect their independence as an independent director of the Company. The Board will promptly consider that new information in reassessing the Director's independence.

In addition to the annual confirmation mentioned above from the Independent Non-Executive Directors, all the Directors are required to confirm on an annual basis if they have any family relationship with any other Director and/or major shareholders of the Company, if there are any conflict of interest with the Company and if they have been convicted of any offence within the past ten years other than traffic offences. These information, together with the annual evaluation and assessment of each Director during the financial year, form the basis and justification for recommending whether the retiring Director should be nominated for re-election or re-appointment at the AGM, as the case may be.

The Board is mindful of the dual role of Chairman and Chief Executive held by Tan Sri Lim Kok Thay but is of the view that there are sufficient experienced and independent – minded Directors on the Board to provide sufficient check and balance. Although the composition of Independent Directors dropped below 50% due to the retirement of Dato' Paduka Nik Hashim bin Nik Yusoff in June 2015, the Board had in January 2016, appointed Tan Sri Foong Cheng Yuen as an Independent Non-Executive Director of the Company. Given that there are four experienced Independent Directors representing more than 50% of the Board, the Board collectively would be able to function independently of management. Having joined the Board in 1976, Tan Sri Lim Kok Thay has considerable experience in the Group's businesses and provides leadership for the Board in considering and setting the overall strategies and objectives of the Company. The Board is of the view that it is in the interest of the Company to maintain the above arrangement so that the Board could have the benefit of a chairman who is knowledgeable about the businesses of the Group, capable of guiding discussions at Board meetings and who is able to brief the Board in a timely manner on key issues and developments.

D. PRINCIPLE 4: FOSTER COMMITMENT

In line with Recommendation 4.1 of the MCCG 2012 whereby the Board should set out expectations on time commitment for its members and protocols for accepting new directorships, each Director is required to notify the Chairman of the Board prior to accepting directorships in public and public listed companies incorporated in Malaysia as well as directorships in corporations with similar businesses operating in the same jurisdiction. The Chairman of the Board shall notify all the Board members before accepting directorships in public and public listed companies incorporated in Malaysia as well as directorships in corporations with similar businesses operating in the same jurisdiction. The notification will also include an approximate indication of time per year that will be spent by the Directors on the new directorships.

All the Directors have attended the Mandatory Accreditation Programme and are also encouraged to attend courses whether in-house or external to help them in the discharge of their duties.

During the financial year ended 31 December 2015, the Directors received regular briefings and updates on the Group's businesses, operations, risk management, internal controls, corporate governance, finance and any new or changes to the relevant legislation, rules and regulations.

The Company maintains a policy for Directors to receive training at the Company's expense, in areas relevant to them in the discharge of their duties as Directors or Board Committee members.

E. PRINCIPLE 5: UPHOLD INTEGRITY IN FINANCIAL REPORTING

The Board aims to ensure that the quarterly reports, annual financial statements as well as the annual review of operations in the annual report are presented in a manner which provides a balanced and comprehensive assessment of the Group's performance and prospects.

The Audit Committee, amongst others, has been delegated with the responsibility to review the quarterly reports of the Group, focusing particularly on:

- (a) changes in or implementation of major accounting policy changes;
- (b) significant and unusual events; and
- (c) compliance with accounting standards and other legal requirements.

The Directors are also required by the Companies Act, 1965 to prepare financial statements for each financial year which have been made out in accordance with the Financial Reporting Standards, the Malaysian Accounting Standards Board Approved Accounting Standards in Malaysia for Entities and Other Than Private Entities which give a true and fair view of the state of affairs of the Group and of the Company at the end of the financial year and of the results and cash flows of the Group and of the Company for the financial year.

A statement by the Board of its responsibilities for preparing the financial statements is set out on page 180 of this Annual Report.

The Company through the Audit Committee, has an appropriate and transparent relationship with the external auditors. In the course of audit of the Group's financial statements, the external auditors would highlight to the Audit Committee and the Board, matters that require the Board's attention. Audit Committee meetings are attended by the external auditors for purposes of presenting their audit plan and report and for presenting their comments on the audited financial statements. At least twice a year, these meetings are held without the presence of the management of the Company to ensure that the external auditors can freely discuss and express their opinions on any matter to the Audit Committee, and the Audit Committee can be sufficiently assured that management has fully provided all relevant information and responded to all queries from the external auditors. In addition, the external auditors are invited to attend the AGM of the Company and are required to be available to answer shareholders' questions on the conduct of the statutory audit and contents of their audit report.

CORPORATE GOVERNANCE STATEMENT (cont'd)

E. PRINCIPLE 5: UPHOLD INTEGRITY IN FINANCIAL REPORTING (cont'd)

The Audit Committee is responsible for reviewing the audit and non-audit services provided by the external auditors. Non-audit services comprise mainly regulatory reviews and reporting, review of quarterly financial results, tax advisory and compliance services. The Audit Committee ensures that the independence and objectivity of the external auditors are not compromised in accordance with the assessment criteria set out in the "Group Policy on External Auditors' Independence". The terms of engagement for services provided by the external auditors are reviewed by management and approved in accordance with managements' authority limits. The purpose of and rationale for such services are tabled to the Audit Committee in the quarter in which the approval is given.

The external auditors are also required to provide a confirmation to the Audit Committee that they are and have been independent throughout the conduct of the audit engagement in accordance with the terms of all relevant professional and regulatory requirements. The policies governing the circumstances under which contracts for the provision of non-audit services could be entered into and procedures that must be followed by the external auditors have been approved by the Board.

The Audit Committee is satisfied with the suitability and independence of the external auditors based on the quality and competency of services delivered, sufficiency of the firm and professional staff assigned to the annual audit as well as the non-audit services performed for the financial year ended 31 December 2015 and has recommended their re-appointment for the financial year ending 31 December 2016.

F. PRINCIPLE 6: RECOGNISE AND MANAGE RISKS

The Board is responsible for the Group's risk management framework and system of internal control and for reviewing their adequacy and integrity. While acknowledging their responsibility for the system of internal control, the Directors are aware that such a system is designed to manage rather than eliminate risks and therefore cannot provide an absolute assurance against material misstatement or loss.

To assist the Board in maintaining a sound system of internal control for the purposes of safeguarding shareholders' investment and the Group's assets, the Group has in place, an adequately resourced internal audit department. The department undertakes regular and systematic audits and reports audit results quarterly to the Audit Committee, which provide the Board with sufficient assurance regarding the adequacy and effectiveness of the system of internal controls. The department functions independently of the activities it audits and carries out its works according to the standards set by professional bodies. During the financial year ended 31 December 2015, the internal audit carried out duties in areas covering operation audit, information system audit and compliance audit.

As proper risk management is a significant component of a sound system of internal control, the Group has also put in place a risk management process to help the Board in identifying, evaluating and managing risks. The implementation and maintenance of the risk management process is carried out by the respective Risk and Business Continuity Management Committees of the Group.

A Statement on Risk Management and Internal Control which provides an overview of the state of internal controls within the Group is set out on pages 73 to 74 of this Annual Report.

G. PRINCIPLE 7: ENSURE TIMELY AND HIGH QUALITY DISCLOSURE

The Board observes the Corporate Disclosure Guide issued by the Bursa Securities which can be viewed from Bursa Securities' website at www.bursamalaysia.com as well as adhering to and complying with the disclosure requirements of the MMLR.

The Group acknowledges the importance of timely and equal dissemination of material information to the shareholders, investors and public at large. The Company holds separate quarterly briefings for fund managers, institutional investors and investment analysts after each quarter's financial results announcement.

The Group maintains a corporate website at www.genting.com which provides information relating to annual reports, press releases, quarterly results, announcements and investor presentations. In line with the MCCG 2012, the Board Charter, Memorandum and Articles of Association of the Company and other relevant and related documents or reports relating to Corporate Governance are made available on the aforesaid website.

The Group also participates in investor forums held locally and abroad and periodically organises briefings and meetings with analysts and fund managers to give them a better understanding of the businesses of the Group.

H. PRINCIPLE 8: STRENGTHEN RELATIONSHIP BETWEEN COMPANY AND SHAREHOLDERS

The Company's AGM remains the principal forum for dialogue with shareholders. Shareholders are encouraged to participate in the proceedings and ask questions about the resolutions being proposed and the operations of the Group.

The Board has identified Tan Sri Dr. Lin See Yan (email address: seeyan.lin@genting.com) to whom concerns may be conveyed.

The current minimum notice period for notices of meetings is as prescribed in MMLR and the Board is of the view that it is adequate. However, the Board notes the recommendation of the MCCG 2012 to serve notices for meetings earlier than the minimum notice period and will endeavour to meet this recommendation for future meetings.

CORPORATE GOVERNANCE STATEMENT (cont'd)

H. PRINCIPLE 8: STRENGTHEN RELATIONSHIP BETWEEN COMPANY AND SHAREHOLDERS (cont'd)

The rights of shareholders, including the right to demand for a poll, are found in the Articles of Association of the Company, a copy of which has been made available on the Company's website. At the 47th AGM of the Company held on 11 June 2015, the Chairman had notified the shareholders of their right to demand a poll vote at the commencement of the AGM.

The Board has taken the requisite steps to adopt electronic voting, where feasible, to facilitate greater shareholders participation at general meetings and to ensure accurate recording of votes.

I. OTHER INFORMATION

(i) Material Contracts

Material contracts of the Company and its subsidiaries involving Directors and major shareholders either subsisting at the end of the financial year ended 31 December 2015, or entered into since the end of the previous financial year are disclosed in Note 47 to the financial statements under "Significant Related Party Transactions and Balances" on pages 159 to 161 of this Annual Report.

(ii) Share Buy-Back

The details of the Company's Share Buy Back exercises for the financial year ended 31 December 2015 are as follows:

INTERNAL AUDIT FUNCTION AND RISK MANAGEMENT PROCESS

The Group has an adequately resourced internal audit function to assist the respective Boards in maintaining a sound system of internal control. The internal audit department reports to the Committee and the primary role of the department is to undertake regular and systematic review of the risk management and internal control processes to provide sufficient assurance that the Company and the Group have sound systems of internal control and that established policies and procedures are adhered to and continue to be effective in addressing the risks identified.

Internal audit functions independently of the activities it audits and carries out its work according to the standards set by professional bodies.

During the financial year ended 31 December 2015, the internal audit carried out duties in areas covering operation audit, information system audit and compliance audit.

On a quarterly basis, internal audit submits audit reports and the status of the internal audit plan for review and approval by the Committee. Included in the reports are recommended corrective measures on risks or internal control weaknesses identified, if any, for implementation by Management. Internal audit also conducts subsequent follow-up work to check that Management has dealt with the recommendations satisfactorily.

AUDIT COMMITTEE REPORT (cont'd)

INTERNAL AUDIT FUNCTION AND RISK MANAGEMENT PROCESS (CONT'D)

The total costs incurred for the internal audit function of the Company and of the Group for the financial year ended 31 December 2015 amounted to RM0.5 million and RM15.2 million respectively.

As proper risk management is a significant component of a sound system of internal control, the Group has also put in place a risk management process to help the Board in identifying, evaluating and managing risks. The implementation and maintenance of the risk management process is carried out by the respective Risk and Business Continuity Management Committees of the Group.

The review of the risk management processes and reports is delegated by the Board to the Committee. In this regard, quarterly risk management reports and the annual Statement on Risk Management and Internal Control are reviewed and deliberated by the Committee prior to recommending for endorsement by the Board.

A Statement on Risk Management and Internal Control which provides an overview of the state of internal controls within the Group is set out on pages 73 to 74 of this Annual Report

TERMS OF REFERENCE

The Committee is governed by the following terms of reference :

1. Composition

(i) The Committee shall be appointed by the Board from amongst the Directors excluding Alternate Directors; shall consist of not less than three members, all of whom are non-executive Directors with a majority of them being independent Directors; and at least one member of the audit committee:

(a) must be a member of the Malaysian Institute of Accountants; or

(b) if he is not a member of the Malaysian Institute of Accountants, he must have at least 3 years' working experience and:

- iii) The meetings and proceedings of the Committee are governed by the provisions of the Articles of Association of the Company regulating the meetings and proceedings of the Board so far as the same are applicable.
- iv) The head of finance and the head of internal audit shall normally attend meetings of the Committee. The presence of a representative of the external auditors will be requested if required.
- v) Upon request by the external auditors, the Chairman of the Committee shall convene a meeting of the Committee to consider any matters the external auditors believe should be brought to the attention of the Directors or Shareholders of the Company.
- vi) At least twice a year, the Committee shall meet with the external auditors without the presence of any executive Director.
- vii) Whenever deemed necessary, meetings can be convened with the external auditors, internal auditors or both, excluding the attendance of other directors and employees.

6. Secretary and Minutes

The Secretary of the Committee shall be the Company Secretary. Minutes of each meeting are to be prepared and sent to the Committee members, and the Company's Directors who are not members of the Committee.

This Audit Committee Report is made in accordance with a resolution of the Board of Directors dated 15 April 2016.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

for the Financial Year ended 31 December 2015

Board's Responsibilities

Pursuant to the requirements under the Malaysian Code of Corporate Governance (March 2012) for companies listed on the Bursa Malaysia Securities Berhad ("Bursa Securities"), the Board of Directors ("the Board") of Genting Berhad ("Company") acknowledges their responsibility for risk management and internal control under the Bursa Securities Main Market Listing Requirements to: -

- Review the risk management framework, processes and responsibilities to provide reasonable assurance that risks are managed within tolerable ranges and embed risk management in all aspects of business activities via identifying principal risks and ensure implementation of appropriate control measures to manage the risks.
- Review the adequacy and integrity of the internal control system and management information systems and systems for compliance with applicable laws, regulations, rules, directives and guidelines.

The risk management framework was developed and implemented more than ten (10) years ago based on established risk management standards and practices. The framework is continuously enhanced to ensure that the ongoing risk management process is able to identify, evaluate, and manage significant risks in order to mitigate effectively risks that may impede the achievement of the business and corporate objectives of Genting Berhad and its principal subsidiaries, which include Genting Malaysia Berhad, Genting Plantations Berhad and Genting Singapore PLC (collectively referred to as the "Group"). It should be noted that an internal control system is designed to manage risks rather than eliminate them, and can provide only reasonable but not absolute assurance against any material misstatement or loss.

The review of the risk management and internal control reports and processes is delegated by the Board to the Audit Committee.

Management's Responsibilities

Management is accountable to the Board for risk management and internal control and has implemented processes to identify, evaluate, monitor and report risks and controls. In this regard Risk and Business Continuity Management Committees ("RBCMC") have been established at the Company and its principal subsidiaries to:-

- Undertake implementation and maintenance of the risk management process in the respective business units.
- Ensure the effectiveness of the risk management process and implementation of risk management policies.
- Identify risks relevant to the business of the respective companies to achieve their objectives.
- Identify significant changes to risk or emerging risks, take actions as appropriate to communicate to their respective Audit Committees and Board of Directors.

The RBCMC of Genting Berhad comprises senior management of the Group and is chaired by the President and Chief Operating Officer of Genting Berhad. The RBCMCs of principal subsidiaries Genting Malaysia Berhad, Genting Plantations Berhad and Genting Singapore PLC are represented by their senior management and chaired by the Deputy Chief Operating Officer, the Chief Financial Officer and Executive Vice President of Corporate Services respectively.

The Risk Management Process

The Group adopts the Control Self-Assessment ("CSA") approach on an ongoing basis to formalise the risk management process at the business/operating unit level. With the CSA, departments/business areas of the Group are required to identify risks and evaluate controls within key functions/activities of their business processes. The risks to the Group's strategic objectives are consolidated and assessed at the Group level.

The key aspects of the risk management process are:-

- Risks are identified by each key business function/activity assessing the probability and impact of their occurrence and are evaluated as Low, Medium or High. The level of residual risk is determined after identifying and evaluating the effectiveness of existing controls/mitigating measures.
- Business/Operations Heads undertake to update their risk profiles on a six monthly basis from the previous update and issue a letter of assurance to confirm that they have reviewed the risk profiles, risk reports and related business processes and are also monitoring the implementation of action plans.
- The risk profiles, control procedures and status of the action plans are reviewed on a regular basis by the Head-Risk Management with the Business/ Operations Heads.
- Management of the respective companies is provided with reports to enable them to review, discuss and monitor the risk profiles and implementation of action plans.
- On a quarterly basis the RBCMC of the respective companies meet to review status of risk reviews, the significant risks identified and the progress of the implementation of action plans. Consequently a risk management report summarizing the significant risks and/or status of action plans of the respective companies are presented quarterly to the respective Audit Committees for review, deliberation and recommendation for endorsement by the respective Boards of Directors.

Business continuity management is regarded as an integral part of the Group's risk management process. In this regard to minimize potential disruptions to business and operations either due to failure of critical IT systems and/or operational processes, some of the subsidiaries and key operating units have either implemented or are in the process of implementing business continuity plans.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (cont'd)

for the Financial Year ended 31 December 2015

The Internal Control Processes

The key aspects of the internal control process are:-

- The Board and the Audit Committee meet every quarter to discuss matters raised by Management, Internal Audit and the external auditors on business and operational matters including potential risks and control issues.
- The external auditors independently test certain internal controls as part of their audit of the financial statements, and provide recommendations on significant findings detected. Management takes appropriate action on these internal control recommendations.
- The Board has delegated the responsibilities to various committees established by the Board and Management of the Company and its principal subsidiary companies to implement and monitor the Board's policies on controls.
- Delegation of authority including authorization limits at various levels of Management and those requiring the Board's approval are documented and designed to ensure accountability and responsibility.
- Internal procedures and policies are documented in manuals, which are reviewed and revised periodically to meet changing business and operational requirements and statutory reporting needs.
- Performance and cash flow reports are provided to Management and the Group Executive Committee to facilitate review and monitoring of financial performance and cash flow position.
- Business/operating units present their annual budget, which includes the financial and operating targets, capital expenditure proposals and performance indicators for review by the Group Executive Committee and the Board.
- A half yearly review of the annual budget is undertaken by Management to identify and where appropriate, to address significant variances from the budget.

Some weaknesses in internal control were identified for the year under review but these are not deemed significant and hence have not been disclosed in this statement, as these weaknesses have not materially impacted the business or operations of the Group. Nevertheless, measures have been or are being taken to address these weaknesses.

The Internal Audit Function

The Internal Audit Division ("Internal Audit") is responsible for undertaking regular and systematic review of the risk management and internal control processes to provide the Audit Committee and the Board with sufficient assurance that the systems of internal control are effective in addressing the risks identified. Internal Audit functions independently of the activities it audits and carries out its duties according to the standards and best practices set out by professional bodies.

On a quarterly basis, Internal Audit submits audit reports and plan status for review and approval by the Audit Committee.

Included in the reports are recommended corrective measures on risks identified, if any, for implementation by Management. Internal Audit also conducts subsequent follow-up work to check that Management has dealt with the recommendations satisfactorily.

The Risk Management Function

The Risk Management Department ("Risk Management") facilitates the implementation of the risk management framework and processes with the respective business or operating units. Risk Management is responsible for reviewing risks on an ongoing basis so that risks that may impede the achievement of objectives are adequately identified, evaluated, managed and controlled.

On a quarterly basis, Risk Management prepares a report detailing the significant risks, the status of risk reviews and the status of implementation of action plans for review by the RBCMC and the Audit Committee.

The process as outlined in this statement for identifying, evaluating and managing risks has been in place for the year under review and up to date of approval of this statement. The risk management process and internal control system of the Company have been reviewed and found to be operating adequately and effectively in all material respects and the Board has accordingly received a statement of assurance from the relevant key executive officers including the Chairman and Chief Executive and Executive Vice President - Finance of the Company.

The representations made by the Group's principal subsidiary, jointly controlled and associated companies in respect of their risk management and internal control systems have been taken into consideration by the Board in issuing this statement.

As required by Paragraph 15.23 of the Bursa Malaysia Securities Berhad Main Market Listing Requirements, the external auditors have reviewed this Statement on Risk Management and Internal Control. Their limited assurance review was performed in accordance with Recommended Practice Guide ("RPG") 5 (Revised) issued by the Malaysian Institute of Accountants, which does not require the external auditors to form an opinion on the adequacy and effectiveness of the risk management and internal control systems of the Company and that of the Group. Based on the procedures performed, nothing had come to their attention that caused them to believe that the Statement on Risk Management and Internal Control set out above was not prepared, in all material respects, in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issues, nor was factually inaccurate.

This Statement on Risk Management and Internal Control is made in accordance with the resolution of the Board dated 23 February 2016.

DIRECTORS' REPORT AND STATEMENT PURSUANT TO SECTION 169(15) OF THE COMPANIES ACT, 1965

CONSOLIDATION OF SUBSIDIARY WITH DIFFERENT FINANCIAL YEAR END

The Companies Commission of Malaysia ("CCM") had on 17 December 2015 granted an order pursuant to Section 168(8) of the Companies Act, 1965 approving the application by the Company to allow Resorts World Travel Services Private Limited (incorporated in India), a wholly owned subsidiary of Resorts World Tours Sdn Bhd, which in turn is a wholly owned subsidiary of Genting Malaysia Berhad, a company which is 49.3% owned by the Company to adopt a financial year end which does not coincide with that of the Company in relation to the financial year ending 31 March 2016, subject to the following conditions:

- (i) The Company is required to report this approval in its Directors' Report; and
- (ii) The Company is to ensure compliance with the Ninth Schedule of the Companies Act, 1965 and Approved Accounting Standards pertaining to the preparation of Consolidated Accounts.

TREASURY SHARES

The shareholders of the Company had granted a mandate to the Company to purchase its own shares at the Annual General Meeting of the Company held on 11 June 2015.

During the financial year, the Company purchased 1,050,000 ordinary shares of 10 sen each of its issued share capital from the open market at an average price of RM6.80 per share. The share buy back transactions were financed by internally generated funds. As at 31 December 2015, the total number of shares purchased was 26,120,000 and held as treasury shares in accordance with the provisions of Section 67A of the Companies Act, 1965.

DIVIDENDS

Since the end of the previous financial year, a final single-tier dividend of 3.0 sen per ordinary share of 10 sen each amounting to RM111.5 million in respect of the financial year ended 31 December 2014 was paid by the Company on 27 July 2015.

The Directors recommend payment of a final single-tier dividend of 3.5 sen per ordinary share of 10 sen each in respect of the financial year ended 31 December 2015 to be paid to shareholders registered in the Register of Members on a date to be determined later by the Directors. Based on the issued and paid-up capital (less treasury shares) of the Company as at the date of this report, the final dividend would amount to RM130.1 million.

DIRECTORS' REPORT AND STATEMENT PURSUANT TO SECTION 169(15) OF THE COMPANIES ACT, 1965 (cont'd)

RESERVES AND PROVISIONS

There were no other material transfers to or from reserves or provisions during the financial year other than as disclosed in Notes 31, 36 and 39 to the financial statements.

ISSUE OF SHARES AND DEBENTURES

During the financial year, 146,050 new ordinary shares of RM0.10 each were issued by virtue of the exercise of 146,050 warrants to subscribe for 146,050 ordinary shares of RM0.10 each in the capital of the Company at an exercise price of RM7.96 per ordinary share pursuant to the non-renounceable restricted issue of 764,201,920 new warrants in the Company ("Warrants 2013/2018").

All the above mentioned ordinary shares rank pari passu with the then existing ordinary shares of the Company.

There was no issue of debentures during the financial year.

SHARE OPTIONS

No options have been granted by the Company to any parties during the financial year to take up unissued shares of the Company.

No shares have been issued during the financial year by virtue of the exercise of any option to take up unissued shares of the Company. As at the end of the financial year, there were no unissued shares of the Company under options.

WARRANTS 2013/2018

The Warrants 2013/2018 are listed on the Main Market of Bursa Malaysia Securities Berhad with effect from 23 December 2013.

Each Warrant carries the right to subscribe for 1 new ordinary share of RM0.10 each in the Company at any time from 19 December 2013 up to the expiry date on 18 December 2018, at an exercise price of RM7.96 for each new share. Any warrant not exercised by the expiry of the exercise period will lapse and cease to be valid for all purposes. The Warrants 2013/2018 are constituted by a Deed Poll dated 12 November 2013.

The ordinary shares issued from the exercise of Warrants 2013/2018 shall rank pari passu in all respects with the existing issued ordinary shares of the Company except that they shall not be entitled to any dividends, rights, allotments and/or other distributions, the entitlement date of which is prior to the date of allotment of the new shares arising from the exercise of Warrants 2013/2018.

At the end of the financial year, there were 740,490,934 outstanding warrants of the Company.

Legend:

- * *Tan Sri Lim Kok Thay has received a distribution of 57,619,980 shares and 14,404,995 warrants in the Company from the liquidators of Time Life Equity Sdn Bhd, a company which is owned by him and placed under members' voluntary liquidation.*
- # *Deemed interest through Parkview Management Sdn Bhd ("PMSB") on account of Tan Sri Lim Kok Thay and Mr Lim Keong Hui being beneficiaries of a discretionary trust of which PMSB is the trustee, in accordance with the Singapore Companies Act.*

PMSB as trustee of the discretionary trust is deemed interested in the GENS shares held by Kien Huat Realty Sdn Berhad ("KHR") and Genting Overseas Holdings Limited, a wholly owned subsidiary of the Company. KHR controls more than 20% of the voting capital of the Company.
- ^ *Represents the right of the participant to receive ordinary shares subject to the performance conditions as determined by the Remuneration Committee of GENM.*
- ** *GENS Employee Share Option Scheme has expired on 7 September 2015.*
- @ *Represents the right of the participant to receive ordinary shares, upon the participant satisfying the criteria set out in the Performance Share Scheme of GENS and upon satisfying such conditions as may be imposed.*

Apart from the above disclosures:

- (a) the Directors of the Company do not have any other interests in shares in the Company and in shares in other related corporations of the Company either at the beginning or end of the financial year; and
- (b) neither during nor at the end of the financial year, was the Company a party to any arrangement whose object is to enable the Directors to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

Since the end of the previous financial year, no Director of the Company has received or become entitled to receive a benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by the Directors and the provision for Directors' retirement gratuities shown in the financial statements) by reason of a contract made by the Company or a related corporation with the Director or with a firm of which he is a member or with a company in which he has a substantial financial interest except for any benefit which may be deemed to have arisen by virtue of the following transactions:

- (i) A corporation in which Tan Sri Lim Kok Thay is a director and has substantial financial interest, has:
 - (a) leased an office premise on the 10th Floor, Genting Centre, Singapore from Resorts World Properties Pte. Ltd., a wholly owned subsidiary of GENS, which in turn is an indirect 52.9% owned subsidiary of the Company.
 - (b) been appointed by GENM, a company which is 49.3% owned by the Company, as the consultant for theme park and resort development and operations of the Resorts World Genting at Genting Highlands.
- (ii) Transactions made by the Company or its related corporations with certain corporations referred to in Note 47 in which the nature of relationships of Tan Sri Lim Kok Thay and Mr Lim Keong Hui are disclosed therein.

Mr Lim Keong Hui is due to retire by rotation at the forthcoming Annual General Meeting ("AGM") in accordance with Article 99 of the Articles of Association of the Company and he, being eligible, has offered himself for re-election.

Tun Mohammed Hanif bin Omar, Dato' Dr. R. Thillainathan, Tan Sri Dr. Lin See Yan and Tan Sri Foong Cheng Yuen will retire pursuant to Section 129 of the Companies Act, 1965 at the forthcoming AGM and that separate resolutions will be proposed for their re-appointment as Directors at the AGM under the provision of Section 129(6) of the said Act to hold office until the next AGM of the Company.

DIRECTORS' REPORT AND STATEMENT PURSUANT TO SECTION 169(15) OF THE COMPANIES ACT, 1965 (cont'd)

OTHER STATUTORY INFORMATION

Before the income statements, statements of comprehensive income and statements of financial position of the Group and of the Company were made out, the Directors took reasonable steps:

- (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowances for doubtful debts, and satisfied themselves that all known bad debts had been written off and adequate allowance had been made for doubtful debts; and
- (ii) to ensure that any current assets which were unlikely to realise in the ordinary course of business their values as shown in the accounting records, were written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:

- (i) which would render the amount written off for bad debts or the amount of the allowance for doubtful debts in the Group and in the Company inadequate to any substantial extent;
- (ii) which would render the values attributed to the current assets in the financial statements of the Group or of the Company misleading;
- (iii) which have arisen which render adherence to the existing methods of valuation of assets or liabilities in the financial statements of the Group and of the Company misleading or inappropriate; and
- (iv) not otherwise dealt with in this report or in the financial statements of the Group and of the Company, that would render any amount stated in the respective financial statements misleading.

At the date of this report there does not exist:

- (i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year which secures the liabilities of any other person; or
- (ii) any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent or other liability of the Group or of the Company has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group or of the Company to meet their obligations as and when they fall due.

In the opinion of the Directors:

- (i) the results of the operations of the Group and of the Company for the financial year have not been substantially affected by any item, transaction or event of a material and unusual nature; and
- (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

STATEMENT BY DIRECTORS PURSUANT TO SECTION 169(15) OF THE COMPANIES ACT, 1965

In the opinion of the Directors, the financial statements set out on pages 81 to 179 are drawn up so as to give a true and fair view of the state of affairs of the Group and of the Company as at 31 December 2015 and of the results and the cash flows of the Group and of the Company for the financial year ended on that date in accordance with Financial Reporting Standards, the Malaysian Accounting Standards Board Approved Accounting Standards in Malaysia for Entities Other Than Private Entities and comply with the provisions of the Companies Act, 1965.

Less: Cash and cash equivalents acquired	30.0
Net cash outflow on acquisition of a subsidiary	(16.0)

On 1 October 2015, Nedby Limited, an indirect wholly owned subsidiary of GENM entered into a conditional sale and purchase agreement with RWI International Investments Limited ("RWI International"), a joint venture of the Group, to acquire from RWI International all the issued and paid up capital of Genting Alderney Limited ("Genting Alderney") for a total consideration of GBP7.2 million (equivalent to approximately RM46.0 million). The acquisition was completed on 30 November 2015 and Genting Alderney became an indirect wholly owned subsidiary of GENM.

The fair value of the assets (including intangible assets) and liabilities ensuing from the acquisition had been determined based on provisional fair values assigned to identifiable assets and liabilities on acquisition date. Any adjustments to these provisional fair values upon finalisation of the detailed Purchase Price Allocation exercise will be recognised in intangible assets and property, plant and equipment within 12 months of the acquisition date as permitted by FRS 3 "Business Combinations". The residual goodwill on acquisition represents the value of assets and earnings that do not form separable assets under FRS 3 but nevertheless are expected to contribute to the future results of the Group.

The revenue and net loss of the above acquired subsidiary included in the consolidated income statement of the Group for the period from 1 December 2015 to 31 December 2015 amounted to RM4.3 million and RM2.0 million, respectively. Had the acquisition taken effect on 1 January 2015, the revenue and net loss of the acquired subsidiary

included in the consolidated income statement of the Group would have been RM57.5 million and RM20.9 million, respectively. These amounts have been determined using the Group's accounting policies.

(b) Acquisition of Business

On 11 September 2014, BB Entertainment Limited ("BBEL"), an indirect 78% owned subsidiary of GENM, entered into an agreement to acquire land from RAV Bahamas Limited, a non-controlling shareholder of BBEL, for a total consideration of USD24.6 million (equivalent to approximately RM91.5 million). The transaction was completed on 12 February 2015. The Group considers the acquisition of land which includes certain properties with restaurants as an acquisition of business and accordingly had accounted for the acquisition as a business combination under FRS 3.

The effect of the acquisition of business is as follows:

	2015
	As at the date of acquisition of business
Purchase consideration, representing net cash outflow of acquisition	
- via cash consideration	(44.7)
- via issuance of shares	(46.8)
	(91.5)
Fair value of land acquired	143.9
Gain arising from acquisition of business	52.4

The fair value of the land acquired had been determined based on the provisional valuation by independent professional valuer. The excess of fair value of the land which includes business acquired and purchase consideration represents gain from bargain purchase. This gain has been credited to and recorded as other income in profit or loss during the current financial year ended 31 December 2015.

(c) Net Cash Outflow Arising on Disposal of Subsidiaries

The details of the net assets disposed and cash flow arising from the disposal of subsidiaries as disclosed in Note 45(b) are as follows:

	2015
	As at the date of disposal
Inventories	0.8
Cash and cash equivalents	25.9
Trade and other payables	(0.1)
Non-controlling interest	(10.6)
Net assets disposed off	16.0
Loss on disposal of subsidiaries	(0.1)
Cash proceeds from disposal	15.9
Less: Cash and cash equivalents in subsidiaries disposed off	(25.9)
Net cash outflow on disposal of subsidiaries	(10.0)

1. CORPORATE INFORMATION

Genting Berhad ("the Company") is a public limited liability company incorporated and domiciled in Malaysia, and is listed on the Main Market of Bursa Malaysia Securities Berhad. The registered office of the Company is 24th Floor, Wisma Genting, Jalan Sultan Ismail, 50250 Kuala Lumpur.

The Company is principally an investment holding and management company.

The principal activities of the Group include leisure and hospitality, gaming and entertainment businesses, development and operation of integrated resort, plantation, the generation and supply of electric power, property development and management, tours and travel related services, genomics and life sciences research and development, investments and oil and gas exploration, development and production activities.

Details of the principal activities of the subsidiaries, joint ventures and associates are set out in Note 48 to the financial statements.

There have been no significant changes in the nature of the activities of the Group and of the Company during the financial year.

2. BASIS OF PREPARATION

The financial statements of the Group and the Company have been prepared in accordance with and comply with Financial Reporting Standards ("FRS"), the Malaysian Accounting Standards Board ("MASB") Approved Accounting Standards in Malaysia for Entities Other Than Private Entities and the provisions of the Companies Act, 1965.

The Group, which includes transitioning entities, has elected to continue to apply FRS for the current financial year. The Group will be adopting the new IFRS-compliant framework, Malaysian Financial Reporting Standards ("MFRS") from the financial year beginning on 1 January 2018. In adopting the new framework, the Group will be applying MFRS 1 "First-time adoption of MFRS".

The financial statements have been prepared on a historical cost basis, except as disclosed in the significant accounting policies below.

The preparation of financial statements in conformity with FRS requires the Directors to make judgements, estimations and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported financial year. It also requires Directors to exercise their judgements in the process of applying the Group's accounting policies. Although these judgements and estimations are based on Directors' best knowledge of current events and actions, actual results could differ from those judgements and estimations.

(a) Judgements and estimations

In the process of applying the Group's accounting policies, management makes judgements and estimations that can significantly affect the amount recognised in the financial statements. These judgements and estimations include:

(i) Income taxes

The Group is subject to income taxes in numerous jurisdictions in which the Group operates. Significant judgement is required in determining the provision for income taxes. There are transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for tax based on estimates of assessment of the tax liability due. The Group also recognised certain tax recoverables for which the Group believes that there is reasonable basis for recognition. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions and tax recoverable balance in the period in which such determination is made.

(ii) Exploration costs

Exploration cost is accounted for in accordance with the full cost method. Under this method, all costs relating to the exploration activities are capitalised when incurred.

Exploration cost is written down to its recoverable amount when:

- it is determined that further exploration activities will not yield commercial quantities of reserves, no further exploration drilling is planned and there is no existing production in the block or field; or
- the petroleum contract has expired or is surrendered.

In making decisions about whether to continue to capitalise exploration drilling costs, it is necessary to make judgements about the satisfaction of the above conditions after technical, commercial and management reviews. The Group is committed to continue exploring and developing these interests.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

31 December 2015

2. BASIS OF PREPARATION (cont'd)

(a) Judgements and estimations (cont'd)

(iii) Intangible assets

The Group tests goodwill and intangible assets with indefinite useful life for impairment annually or whenever events indicate that the carrying amount may not be recoverable. The calculations require the use of estimates as set out in Note 21.

In addition, the Group recognises costs incurred on development projects as intangible assets to the extent that the capitalisation criteria in FRS 138 - Intangible Assets are met. The Group uses its judgement in determining whether the milestone payments for research and development expertise and capacity in genomics meet the capitalisation criteria so as to enable the amount to be capitalised. The future commercial viability of these intangible assets is assessed by using discounted cash flow valuation technique, which requires the Group to use estimates and assumptions concerning the future.

(iv) Impairment of trade receivables

Management reviews its trade receivables for objective evidence of impairment. Adverse changes in background reputation and financial capability of the debtor, and default or significant delay in payments are considered objective evidence that a receivable is impaired. In determining this, management makes judgement as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor.

Where there is objective evidence of impairment, management uses estimates based on credit-worthiness of the debtors, past repayment history for each debtor and historical loss experience for debtors with similar credit risk characteristics to determine the amount to be impaired. The methodology and assumptions used are reviewed regularly to reduce any differences between the estimated loss and actual loss experience.

(v) Property, plant and equipment

The Group conducts a regular operational review of the estimated useful lives of property, plant and equipment to better reflect their useful lives. Genting Singapore PLC ("GENS"), an indirect 52.9% subsidiary of the Company, has performed a review for the current financial year and the effect of the review has resulted in a reduction of the GENS Group's depreciation expenses by SGD28.4 million (approximately RM80.6 million). The impact of the change in estimated useful lives for each of the next five years approximates that of the current financial year.

(vi) Impairment and valuation of available-for-sale financial assets

Pursuant to paragraph 61 of FRS 139 "Financial Instruments: Recognition and Measurement", a significant or prolonged decline in the fair value of an investment in an equity instrument below its cost is objective evidence of impairment. The Group has recognised impairment losses in the income statement in respect of equity investments classified as available-for-sale financial assets as their quoted share prices had declined significantly as at 31 December 2015 compared with the Group's cost of investment. In addition, the measurements of available-for-sale financial assets within Level 3 of the fair value hierarchy are disclosed in Note 4(c).

(b) Standards, amendments to published standards and interpretations that are effective

The Group and the Company have applied the following amendments for the first time for the financial year beginning on 1 January 2015:

- Annual Improvements to FRSs 2010-2012 Cycle
- Annual Improvements to FRSs 2011-2013 Cycle
- Amendments to FRS 119 "Defined Benefits Plans: Employee Contributions"

The adoption of these amendments did not have any significant impact on the current or prior year and are not likely to affect future periods.

(c) Standards and amendments that have been issued but not yet effective

A number of new standards and amendments to standards and interpretations are effective for financial years beginning after 1 January 2016. None of these is expected to have a significant effect on the Group and the Company, except for the following as set out below:

- Amendment to FRS 11 "Joint Arrangements" (effective from 1 January 2016) requires an investor to apply the principles of FRS 3 "Business Combinations" when it acquires an interest in a joint operation that constitutes a business. The amendments are applicable to both the acquisition of the initial interest in a joint operation and the acquisition of additional interest in the same joint operation. However, a previously held interest is not re-measured when the acquisition of an additional interest in the same joint operation results in retaining joint control.

The Group will apply this amendment to acquisitions within this scope which occur on or after 1 January 2016.

2. BASIS OF PREPARATION (cont'd)

c) Standards and amendments that have been issued but not yet effective (cont'd)

- MFRS 9 "Financial Instruments" (effective from 1 January 2018)* which will be effective in conjunction with the adoption of MFRS Framework, will replace MFRS 139 "Financial Instruments: Recognition and Measurement".

MFRS 9 retains but simplifies the mixed measurement model in MFRS 139 and establishes three primary measurement categories for financial assets: amortised cost, fair value through profit or loss and fair value through other comprehensive income ("OCI"). The basis of classification depends on the entity's business model and the cash flow characteristics of the financial asset. Investments in equity instruments are always measured at fair value through profit or loss with an irrevocable option at inception to present changes in fair value in OCI (provided the instrument is not held for trading). A debt instrument is measured at amortised cost only if the entity is holding it to collect contractual cash flows and the cash flows represent principal and interest.

For liabilities, the standard retains most of the MFRS 139 requirements. These include amortised cost accounting for most financial liabilities, with bifurcation of embedded derivatives. The main change is that, in cases where the fair value option is taken for financial liabilities, the part of a fair value change due to an entity's own credit risk is recorded in OCI rather than the income statement, unless this creates an accounting mismatch.

MFRS 9 introduces an expected credit loss model on impairment for all financial assets that replaces the incurred loss impairment model used in MFRS 139. The expected credit loss model is forward-looking and eliminates the need for a trigger event to have occurred before credit losses are recognised.

The adoption of MFRS 9 will result in a change in accounting policy. The Group is currently assessing the financial impact of adopting MFRS 9.

- MFRS 15 "Revenue from Contracts with Customers" (effective from 1 January 2018)* replaces MFRS 118 "Revenue", MFRS 111 "Construction Contracts" and related interpretation. The standard deals with revenue recognition and establishes principles for reporting useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers.

Revenue is recognised when a customer obtains control of goods or services and thus has the ability to direct the use and obtain the benefits from the goods or services. The core principle in MFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to the customer in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The Group is in the process of making an assessment of the potential impact of this standard on the financial statements.

- Amendments to MFRS 116 "Property, Plant and Equipment" and MFRS 141 "Agriculture" (effective from 1 January 2018)* introduce a new category of biological assets i.e. the bearer plants. A bearer plant is a living plant that is used in the production and supply of agricultural produce, is expected to bear produce for more than one period, and has remote likelihood of being sold as agricultural produce (except for incidental scrap sales). Bearer plants are accounted for under MFRS 116 as an item of property, plant and equipment. Agricultural produce growing on bearer plants continue to be measured at fair value less costs to sell under MFRS 141, with fair value changes recognised in profit or loss as the produce grows. The Group is in the process of making an assessment of the potential impact of these amendments on the financial statements.

* These standards are to be adopted in conjunction with the adoption of MFRS Framework.

On 8 September 2015, MASB announced that in light of the International Accounting Standards Board's deferral of IFRS 15 "Revenue from Contracts with Customers", the effective date for the Transitioning Entities to apply the MFRS Framework will also be deferred to 1 January 2018.

The Group falls within the scope definition of Transitioning Entities and accordingly, will adopt the MFRS Framework from the financial year beginning on 1 January 2018. In presenting its first MFRS financial statements, the Group will be required to restate the comparative financial statements to amounts reflecting the application of MFRS Framework. Adjustments required on transition, if any, will be made retrospectively against opening retained earnings. The Group is currently assessing the financial impact of adopting MFRS 15 and amendments to MFRS 116 and MFRS 141.

3. SIGNIFICANT ACCOUNTING POLICIES

Basis of Consolidation

(a) Subsidiaries

Subsidiaries are all entities (including special purpose entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement and fair value of any pre-existing equity interest in the subsidiary. Identifiable assets acquired and liabilities and contingent liabilities assumed in business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis, either at fair value or at the non-controlling interest's proportionate share of the recognised amounts of acquiree's identifiable net assets.

Acquisition-related costs are expensed as incurred.

If the business combination is achieved in stages, the carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in the profit or loss.

Any contingent consideration to be transferred by the Group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognised in accordance with FRS 139 either in profit or loss or in OCI. Contingent consideration that is classified as equity is not remeasured, and its subsequent settlement is accounted for within equity.

Goodwill is initially measured as the excess of the aggregate of the consideration transferred, the amount of any non-controlling interest and the fair value of any previous equity interest in the acquiree at the acquisition date over the fair value of the net identifiable assets acquired and liabilities assumed. If the total consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired, the difference is recognised directly in the profit or loss as a gain on bargain purchase.

Inter-company transactions, balances, income and expenses on transactions between group companies are eliminated. Profits or losses resulting from inter-company transactions that are recognised in assets are also eliminated. Where necessary, accounting policies for subsidiaries have been changed to ensure consistency with the policies adopted by the Group.

Non-controlling interest in the results and equity of subsidiaries are shown separately in the consolidated income statements, statements of comprehensive income, statements of changes in equity and statements of financial position respectively.

(b) Changes in ownership interests in subsidiaries without change of control

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions – that is, as transactions with the owners in their capacity as owners. The difference between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

(c) Disposal of subsidiaries

When the Group ceases to have control, any retained interest in the entity is re-measured to its fair value at the date when control is lost, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in OCI in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This means that amounts previously recognised in OCI are reclassified to the profit or loss. Gains or losses on the disposal of subsidiaries include the carrying amount of goodwill relating to the subsidiaries sold.

(d) Joint arrangements

A joint arrangement is an arrangement of which there is contractually agreed sharing of control by the Group with one or more parties, where decisions about the relevant activities relating to the joint arrangement require unanimous consent of the parties sharing control. The classification of a joint arrangement as a joint operation or a joint venture depends upon the rights and obligations of the parties to the arrangement. A joint venture is a joint arrangement whereby the joint venturers have rights to the net assets of the arrangement.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

31 December 2015

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Basis of Consolidation (cont'd)

(d) Joint arrangements (cont'd)

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangements have rights to the assets and obligations for the liabilities, relating to the arrangement. Joint control is based on the contractually agreed sharing of control of an arrangement, and decisions of relevant activities would require the unanimous consent of the parties sharing control. The Group accounts for each of the assets, liabilities, revenue and expenses relating to its interest in a joint operation in accordance with its contractually conferred rights and obligations.

The Group's interests in joint ventures are accounted for in the consolidated financial statements by the equity method of accounting. Equity accounting involves recognising the Group's share of the post acquisition results of joint ventures in the profit or loss and its share of post acquisition movements within reserves in OCI. The cumulative post acquisition movements are adjusted against the cost of the investment and include goodwill on acquisition less impairment losses, where applicable. See accounting policy note on impairment of non-financial assets.

The Group recognises the portion of gains or losses on the sale of assets by the Group to the joint venture that is attributable to the other parties in the ventures. The Group does not recognise its share of profits or losses from the joint venture until it resells the assets to an independent party. However, if a loss on the transaction provides evidence of a reduction in the net realisable value of current assets or an impairment loss, the loss is recognised immediately.

Equity accounting is discontinued when the carrying amount of the investment in joint ventures (including any other unsecured receivables) reaches zero, unless the Group has incurred obligation or made payment on behalf of the joint venture.

Where necessary, in applying the equity method, adjustments have been made to the financial statements of joint ventures to ensure consistency of accounting policies with those of the Group.

When the Group ceases to equity account its joint venture because of a loss of joint control, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate or financial asset. In addition, any amount previously recognised in OCI in respect of the entity is accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in OCI are reclassified to profit or loss.

If the ownership interest in a joint venture is reduced but joint control is retained, only a proportionate share of the amounts previously recognised in OCI is reclassified to profit or loss where appropriate.

(e) Associates

Associates are companies in which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the associates but not control over those policies.

Investments in associates are accounted for by the equity method of accounting and are initially recognised at cost. Equity accounting involves recognising in profit or loss the Group's share of the associates' results and its share of post-acquisition movements in reserves is recognised in OCI with a corresponding adjustment to the carrying amount of the investment. Equity accounting is discontinued when the carrying amount of the investment in an associate (including any other unsecured receivables) reaches zero, unless the Group has incurred obligation or made payment on behalf of the associate.

The Group's investment in associates includes goodwill (net of any accumulated impairment loss) identified on acquisition. See impairment policy note on impairment of non-financial assets.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the assets transferred.

Dilution gains and losses arising in investments in associates are recognised in the profit or loss.

The cost of acquiring additional stake in an associate is added to the carrying amount of the associate. This is the deemed cost of the Group's investment in the associate for applying equity accounting. Goodwill arising on the purchase of additional stake is computed using the fair value information at the date the additional interest is purchased. The previously held interest is not re-measured.

Where necessary, in applying the equity method, adjustments have been made to the financial statements of associates to ensure consistency of accounting policies with those of the Group.

When the Group ceases significant influence, investments in associates are derecognised. Any retained equity interest in the entity is remeasured at its fair value. The difference between the carrying amount of the retained interest at the date when significant influence is lost and its fair value is recognised in the profit or loss.

31 December 2015

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Investment in Subsidiaries, Joint Ventures and Associates

In the Company's separate financial statements, investments in subsidiaries, joint ventures and associates are shown at cost less accumulated impairment losses. On disposal of investments in subsidiaries, joint ventures and associates, the difference between disposal proceeds and the carrying amounts of the investments are recognised in the profit or loss. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. See accounting policy on impairment of non-financial assets.

The amounts due from subsidiaries of which the Company does not expect repayment in the foreseeable future are considered as part of the Company's investments in subsidiaries.

Property, Plant and Equipment

Property, plant and equipment are tangible items that:

- (i) are held for use in the production or supply of goods or services, or for administrative purposes; and
- (ii) are expected to be used during more than one period.

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses except for certain properties which were revalued before 1998. In accordance with the transitional provision allowed by MASB upon first adoption of IAS 16 "Property, Plant and Equipment", the valuation of these assets have not been updated, and they continue to be stated at their existing carrying amounts less accumulated depreciation, amortisation and impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the items. Cost also includes borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. See accounting policy on borrowings.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the profit or loss during the financial year that they are incurred.

Freehold land is stated at cost and is not depreciated. The depreciation of leasehold land is capitalised during the period of construction as part of construction-in-progress in property, plant and equipment until the construction is completed. Depreciation on assets under construction commences when the assets are ready for their intended use.

The depreciable amount of an item of property, plant and equipment is determined as the difference between the cost less its residual value. The residual value is the estimated amount that the Group expects to obtain from disposal of the asset, after deducting the estimated cost of disposal, if the asset was already of the age and in the condition expected at the end of its useful lives.

Depreciation of other assets is calculated using the straight-line method to allocate their cost or revalued amounts to their residual values over their estimated useful lives, as follows:

	Years
Buildings and improvements	2 – 60
Plant, equipment and vehicles	2 – 50
Leasehold lands	51 – 999
Aircrafts, sea vessels and improvements	2 – 20

The assets' residual values and useful lives are reviewed annually and revised if appropriate.

Where an indication of impairment exists, the carrying amount of the asset is assessed and written down immediately to its recoverable amount. See accounting policy note on impairment of non-financial assets.

Gains or losses on disposals are determined by comparing proceeds with the carrying amounts and are included in the profit or loss. On disposal of revalued assets, amounts in the revaluation reserve relating to those assets are transferred to retained earnings.

Investment Properties

Investment properties consist of investments in land and buildings that are held for long-term rental yield and/or for capital appreciation and are not occupied by the Group.

Investment in freehold land is stated at cost. Leasehold land is amortised using the straight-line method over the lease period. Other investment properties are stated at cost less accumulated depreciation and impairment losses. Investment properties under construction are not depreciated. Depreciation for other investment properties is calculated using the straight-line method to allocate their cost over their estimated economic lives as follows:

	Years
Leasehold land	51 – 97
Buildings and improvements	2 – 50

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Where an indication of impairment exists, the carrying amount of the asset is assessed and written down immediately to its recoverable amount. See accounting policy note on impairment of non-financial assets.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

31 December 2015

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Investment Properties (cont'd)

Investment property is derecognised either when it has been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its retirement from use.

Gains or losses on disposals are determined by comparing the net disposal proceeds with the carrying amount and are included in the profit or loss.

Construction Contracts

Where the outcome of a construction contract can be estimated reliably, contract revenue and contract costs are recognised by reference to the stage of completion of the contract activity at each reporting date ("percentage of completion method"), as measured by the surveys of work performed.

Where the outcome cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that it is probable will be recoverable. Contract costs are recognised as expenses in the period in which they are incurred. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

The Group presents as an asset the gross amount due from customers for contract work for all contracts in progress for which costs incurred plus recognised profits (less recognised losses) exceed progress billings and is shown as trade and other receivables (within other non-current assets). The Group presents as a liability the gross amount due to customers for contract work for all contracts in progress for which progress billings exceed costs incurred plus recognised profits (less recognised losses).

Leasehold Land Use Rights

Leasehold land that normally has a finite economic life and title which is not expected to pass to the lessee by the end of the lease term is treated as an operating lease. The payment made on entering into or acquiring a leasehold land is accounted for as leasehold land use rights (referred to as prepaid lease payments in FRS 117 "Leases") and is amortised over the lease term in accordance with the pattern of benefits provided.

Plantation Development

Plantation development comprises cost of planting and development on oil palms and other plantation crops.

Cost of new planting and development of plantation crops are capitalised from the stage of land clearing up to the stage of maturity. The cost of new planting capitalised is not amortised. However, where the cost of new planting is incurred on leasehold land which has unexpired period shorter than the crop's economic life, the cost is amortised over the remaining period of the lease on a straight-line basis.

Replanting expenditure is charged to profit or loss in the financial year in which the expenditure is incurred.

Property Development Activities

(a) Land Held for Property Development

Land held for property development consists of land on which no significant development work has been undertaken or where development activities are not expected to be completed within the normal operating cycle. Such land is classified as non-current asset and is stated at cost less accumulated impairment losses, if any.

Cost comprises cost of land and all related costs incurred on activities necessary to prepare the land for its intended use. Where the Group had previously recorded the land at revalued amounts, it continues to retain these amounts as its surrogate cost as allowed by FRS 201²⁰⁰⁴ "Property Development Activities". Where an indication of impairment exists, the carrying amount of the asset is assessed and written-down immediately to its recoverable amount. See accounting policy note on impairment of non-financial assets.

Land held for property development is transferred to property development costs and included under current assets when development activities have commenced and where the development activities can be completed within the normal operating cycle of 2 to 3 years.

(b) Property Development Costs and Revenue Recognition

Property development costs comprise costs associated with the acquisition of land and all costs directly attributable to development activities or costs that can be allocated on a reasonable basis to these activities.

When the outcome of the development activity can be estimated reliably, property development revenue and expenses are recognised by using the percentage of completion method in respect of sales where agreements have been finalised. Under this method, profits are recognised as the property development activity progresses. The stage of completion is determined based on proportion of property development costs incurred for work performed up to the reporting date over the estimated total property development cost to completion.

When the outcome of a development activity cannot be reliably estimated, property development revenue is recognised only to the extent of property development costs incurred that is probable of recovery, and property development costs on the development units sold are recognised as an expense when incurred. Foreseeable losses, if any, arising when it is probable that total property development costs (including expected defect liability expenditure) will exceed total property development revenue, are recognised immediately in the profit or loss.

Property development cost not recognised as an expense is recognised as an asset and is stated at the lower of cost and net realisable value. Upon completion of development, the unsold completed development properties are transferred to inventories.

Property Development Activities (cont'd)

(b) Property Development Costs and Revenue Recognition (cont'd)

Where revenue recognised in the profit or loss exceeds billings to purchasers, the balance is shown as accrued billings under trade and other receivables (within current assets). Where billings to purchasers exceed revenue recognised in the profit or loss, the balance is shown as progress billings under trade and other payables (within current liabilities).

Financial Assets

(a) Classification

The Group classifies its financial assets in the following categories: at fair value through profit or loss, loans and receivables and available-for-sale. The classification depends on the nature of the asset and purpose for which the asset was acquired. Management determines the classification of its financial assets at initial recognition.

(i) Financial assets at fair value through profit or loss

There are two subcategories: financial assets held for trading and those designated as at fair value through profit or loss on initial recognition. A financial asset is classified as held for trading if acquired principally for the purpose of selling in the short term or if so designated by management. Derivatives are also categorised as held for trading unless they are designated as hedges. Assets in this category are classified as current assets if they are either held for trading or are expected to be realised within 12 months after the reporting date; otherwise, they are classified as non-current.

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those maturing more than 12 months after the reporting date which are classified as non-current assets. Loans and receivables are included in "trade and other receivables", "other non-current assets", "restricted cash", "cash and cash equivalents" and intercompany balances in the statement of financial position (see accounting policy note on receivables).

(iii) Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the assets within 12 months after the reporting date.

(b) Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date, the date on which the Group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs that are directly attributable to the acquisition of the financial assets for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the profit or loss. Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables are subsequently carried at amortised cost using the effective interest method.

Gains or losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are presented in profit or loss within other income/expense in the financial year in which they arise. Dividend income from financial assets at fair value through profit or loss is recognised in the profit or loss as part of other income when the Group's right to receive payments is established.

Changes in the fair value of monetary securities denominated in a foreign currency and classified as available-for-sale are analysed between translation differences resulting from changes in amortised cost of the security and other changes in the carrying amount of the security. The translation differences on monetary securities are recognised in the profit or loss and translation differences on non-monetary securities are recognised in OCI. Changes in the fair value of monetary and non-monetary securities classified as available-for-sale are recognised in OCI.

When securities classified as available-for-sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the profit or loss as 'gains and losses or impairment losses from available-for-sale financial assets'.

Interest on available-for-sale securities calculated using the effective interest method is recognised in the profit or loss. Dividends on available-for-sale equity instruments are recognised in the profit or loss when the Group's right to receive payments is established.

The fair values of quoted investments are based on current bid prices. If the market for a financial asset is not active (and for unlisted securities), the Group establishes fair value by using valuation techniques. These include the use of recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, and option pricing models, making maximum use of market inputs and relying as little as possible on entity-specific inputs.

Financial assets are derecognised when the right to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

Financial Assets (cont'd)

(c) Impairment of financial assets

The Group assesses at each reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired. In the case of equity securities classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its cost is taken as evidence that the securities are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss - measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss - is removed from equity and recognised in the profit or loss. Impairment losses recognised in the profit or loss on equity instruments classified as available-for-sale are not reversed through the profit or loss.

Intangible Assets

(a) Goodwill

Goodwill arises on the acquisition of subsidiaries and represents the excess of the aggregate of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of any previous equity interest in the acquiree over the fair value of the net identifiable assets acquired and liabilities assumed. If the aggregate of consideration transferred, the amount of non-controlling interest and the fair value of previously held interest in the acquiree are less than the fair value of the net identifiable assets of the acquiree, the resulting gain is recognised in the profit or loss. Goodwill is stated at cost less accumulated impairment losses. Impairment losses on goodwill are not reversed. Goodwill is allocated to cash-generating units for the purpose of annual impairment testing. The allocation is made to those cash generating units or groups of cash generating units that are expected to benefit from the business combination in which the goodwill arose.

(b) Licences

Casino licences - indefinite lives

The Group capitalises purchased casino licences. The amount capitalised is the difference between the price paid for a casino including the associated licence and the fair value of a similar property without a casino licence. Casino licences have indefinite useful lives as there is no foreseeable limit to the period over which the licences are expected to generate cash inflows. Each licence is reviewed annually for impairment and as such is stated at cost less any accumulated impairment losses.

Purchased licences - definite lives

The Group capitalises purchased licence. The licences, which have definite useful lives, are initially recognised at cost and subsequently carried at cost less accumulated amortisation and accumulated impairment losses. The cost is amortised using the straight-line method over its estimated useful lives of 30 to 40 years. The amortisation period and amortisation method are reviewed at each reporting date. The effects of any revision are recognised in the profit or loss when changes arise. Where an indication of impairment exists, the carrying amount of licences is assessed and written down immediately to its recoverable amount.

Casino and theme park licences - Singapore

Casino and theme park licences are initially recognised at cost and subsequently carried at cost less accumulated amortisation and accumulated impairment losses. Such cost is amortised using the straight-line method over 3 to 30 years, which is the shorter of its economic useful life and periods of contractual right. The amortisation period and amortisation method are reviewed at each reporting date. The effects of any revision are recognised in the profit or loss when changes arise. Amortisation is recognised in the profit or loss unless the amount can be capitalised as part of construction-in-progress. Where an indication of impairment exists, the carrying amount of licence is assessed and written down immediately to its recoverable amount.

(c) Trademarks

Trademarks are reviewed annually for impairment and are stated at cost less any accumulated impairment losses. Trademarks have an indefinite useful life as it is maintained through continuous marketing and upgrading.

(d) Concession right

Concession right is recognised as an intangible asset to the extent that it receives a right to charge users of the service. Concession rights are stated at cost less accumulated amortisation and accumulated impairment losses. Amortisation is calculated using the straight-line method over the licensing agreement periods.

Subsequent costs and expenditures to enhance or upgrade existing infrastructure are recognised as additions to the intangible assets and are stated at cost. Repairs and maintenance are expensed and recognised in the profit or loss when incurred.

Intangible Assets (cont'd)

(e) Research and development expenditure

Research expenditure is recognised as an expense when incurred. Costs incurred on development projects (relating to the design and testing of new or improved products) are recognised as intangible assets when the following criteria are fulfilled:

- (i) It is technically feasible to complete the intangible asset so that it will be available for use or sale;
- (ii) Management intends to complete the intangible asset and use or sell it;
- (iii) There is an ability to use or sell the intangible asset;
- (iv) It can be demonstrated that the intangible asset will generate probable future economic benefits;
- (v) Adequate technical, financial and other resources to complete the development and to use or sell the intangible asset are available; and
- (vi) The expenditure attributable to the intangible asset during its development can be reliably measured.

Collaborations and alliances are maintained with third parties for provision of research and development expertise and capacity in genomics for the achievement of performance milestones. Milestone payments are capitalised to the extent that the capitalisation criteria in FRS 138 "Intangible Assets" are met. Judgement is involved in determining whether the amount paid meets the performance milestones so as to enable the amount to be capitalised as intangible assets.

Other development expenditures that do not meet these criteria are recognised as an expense when incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period. Capitalised development costs are recorded as intangible assets and amortised from the point at which the asset is ready for use or sale, on a straight-line basis over the estimated useful lives, not exceeding 20 years.

(f) Intellectual property rights

Acquired intellectual property ("IP") rights are stated at cost less accumulated amortisation and accumulated impairment losses. The IP rights are amortised from the point at which the asset is available for use or sale, on a straight-line basis over its useful life not exceeding 20 years.

(g) Software development

Software development that does not form an integral part of other related hardware is treated as an intangible asset. Costs that are directly associated with development and acquisition of software development programmes by the Group are capitalised as intangible assets when the following criteria are met:

- (i) It is technically feasible to complete the software product so that it will be available for use;
- (ii) Management intends to complete the software product and use or sell it;
- (iii) There is an ability to use or sell the software product;
- (iv) It can be demonstrated that the software product will generate probable future economic benefits;
- (v) Adequate technical, financial and other resources to complete the development and to use or sell the software product are available; and
- (vi) The expenditure attributable to the software product during its development can be reliably measured.

Direct costs include staff cost of the software development team and an appropriate portion of relevant overheads. Costs associated with maintaining software development programmes are recognised as an expense when incurred.

Expenditure that enhances or extends the performance of computer software programmes beyond their original specifications is recognised as a capital improvement and added to the original cost of the software.

Completed software development programmes recognised as assets are amortised using the straight-line method over their estimated useful lives of 5 years. The amortisation period and amortisation method are reviewed at each reporting date. The effects of any revision are recognised in profit or loss when changes arise.

Software development programmes under development are not amortised.

See accounting policy note on impairment of non-financial assets for intangible assets.

Rights of Use of Oil and Gas Assets

(a) Exploration cost

Oil and gas exploration cost is accounted for in accordance with the full cost method. Under this method, all costs relating to the exploration activities are capitalised when incurred. Exploration cost is written down to its recoverable amount when:

- it is determined that further exploration activities will not yield commercial quantities of reserves, no further exploration drilling is planned and there is no existing production in the block or field; or
- the petroleum contract has expired or is surrendered.

Rights of Use of Oil and Gas Assets (cont'd)

(a) Exploration cost (cont'd)

Other exploration and evaluation activity involves the search for mineral resources, the determination of technical feasibility and the assessment of the commercial viability of an identified resource. Exploration and evaluation costs are capitalised in respect of each area of interest for which the legal rights to tenure are current and where:

- (i) The exploration and evaluation expenditures are expected to be recouped through successful development and exploitation of the area of interest or alternatively by its sale; and
- (ii) Exploration and evaluation activities in the area of interest have not reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves and active operations in, or in relation to, the areas of interest are continuing.

Exploration cost is stated at cost less any accumulated impairment losses. Where an indication of impairment exists, the carrying amount of the exploration cost is assessed and written down immediately to its recoverable amount. See accounting policy note on impairment of non-financial assets.

(b) Rights and concessions

Included in rights and concessions are purchase consideration that the Group has paid for the acquisition of working interest in contracts for petroleum exploration, development and production.

Rights and concessions are amortised according to the unit of production ("UOP") method based on the proved and probable reserves of the fields, represented by the Group's estimated entitlements to future production under the terms of the petroleum contracts.

(c) Production wells, related equipment and facilities

Production wells, related equipment and facilities are shown in the statement of financial position as Rights of Use of Oil and Gas Assets in recognition of the eventual ownership of production assets being vested in the government. Capitalisation is made within Rights of Use of Oil and Gas Assets according to the nature of the expenditure. These assets are stated at cost less accumulated depreciation, depletion and amortisation.

Completed production wells, related equipment and facilities are depleted according to the UOP method based on the proved and probable reserves of each field, represented by the Group's estimated entitlements to future production under the terms of the relevant petroleum contracts.

Construction in progress are not amortised until the assets are completed and transferred to production wells.

At each reporting date, the Group assesses whether there is any indication of impairment. If such indication exists, an analysis is performed to assess whether the carrying amount of asset is fully recoverable. A write down is made if the carrying amount exceeds the recoverable amount.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost includes, where relevant, appropriate proportions of overheads and is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less costs of completion and selling expenses. The cost of unsold properties comprises cost associated with the acquisition of land, direct costs and an appropriate proportion of allocated costs attributable to property development activities.

Non-Current Assets Held for Sale

Non-current assets are classified as assets held for sale and stated at the lower of carrying amount and fair value less costs to sell if their carrying amount is recovered principally through a sale transaction rather than a continuing use, and a sale is considered highly probable.

Receivables

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment loss. An impairment of receivables is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of receivables. The amount of impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the impairment loss is recognised in the profit or loss. An impairment loss is reversed only to the extent of previously recognised impairment losses for the same asset. The reversal is recognised in the profit or loss.

Cash and Cash Equivalents

Cash and cash equivalents include cash and bank balances (net of bank overdrafts), money market instruments, deposits and other short term, highly liquid investments that are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value (with original maturities of 3 months or less). Bank overdrafts are included within short term borrowings in current liabilities in the statement of financial position.

Payables

Payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Finance Leases

Leases of property, plant and equipment where the Group assumes substantially all the benefits and risks of ownership are classified as finance leases. The Group adopts the following accounting policy in respect of accounting by a lessee.

Finance leases are capitalised at the inception of the lease at the lower of the fair value of the leased property and the present value of the minimum lease payments. Each lease payment is allocated between the liability and finance charges so as to achieve a constant periodic rate of interest on the balance outstanding. The corresponding rental obligations, net of finance charges, are included in borrowings. The interest element of the finance charge incurred on qualifying assets are capitalised until the assets are ready for their intended use after which such expense is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Property, plant and equipment acquired under finance lease is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating Leases

(a) Accounting for Lessee

Leases where a significant portion of the risks and rewards of ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are charged to the profit or loss on a straight-line basis over the period of the lease.

(b) Accounting for Lessor

Leases where the Group retains substantially all risks and rewards of ownership are classified as operating leases. Rental income from operating leases (net of any incentives given to the lessees) is recognised in the profit or loss on a straight-line basis over the lease term.

Initial direct costs incurred by the Group in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognised as an expense in profit or loss over the lease term on the same basis as the lease income.

Lease incentives are recognised as other receivables where such incentives are provided by the Group and recognised net of lease income in profit or loss over the lease term on the same basis as the lease income. Contingent rents are recognised as income in profit or loss when earned.

Share Capital

Ordinary shares are classified as equity when there is no contractual obligation to deliver cash or other financial assets to another entity or to exchange financial assets or liabilities with another entity that are potentially unfavourable to the issuer.

Incremental costs directly attributable to the issue of new shares, warrants, options or for the acquisition of a business are shown in equity as a deduction, net of tax, from the proceeds.

The proceeds received net of any directly attributable transaction costs are credited to share capital (nominal value) and share premium when the options are exercised.

Treasury Shares

A purchase by the Company of its own equity shares is accounted for under the treasury stock method. Under this method, the shares purchased and held as treasury shares is measured and carried at the cost of purchase (including any directly attributable incremental external costs, net of tax). On presentation in the statement of financial position, the carrying amount of the treasury shares is offset against equity. Where treasury shares are distributed as share dividends, the cost of the treasury shares is applied in the reduction of the share premium account or the distributable reserves, or both. Where treasury shares are reissued by resale in the open market, the difference between the sales consideration and the carrying amount of the treasury shares is shown as a movement in equity. As treasury shares, the rights attached to voting, dividends and participation in other distribution are suspended.

Perpetual Capital Securities

Perpetual capital securities are classified as equity when there is no contractual obligation to deliver cash or other financial assets to another person or entity or to exchange financial assets or financial liabilities with another person or entity that are potentially unfavourable to the issuer. Incremental costs directly attributable to the issuance of new perpetual capital securities are shown in equity as a deduction, net of tax, from the proceeds. The proceeds received net of any directly attributable transaction costs are credited to perpetual capital securities.

Warrants Reserve

Proceeds from the issuance of warrants, net of issuance costs, are credited to warrants reserve. Warrants reserve is transferred to the share premium account upon the exercise of the warrants. Warrants reserve in relation to unexercised warrants at the expiry of the warrants period is transferred to retained earnings.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Borrowings

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Borrowings are recognised initially at fair value, net of transaction costs incurred. Subsequently, borrowings are stated at amortised cost using the effective interest method. Any difference between the amount recorded as borrowings and the associated redemption value is recognised in the profit or loss over the period of the borrowings.

Costs incurred on borrowings to finance qualifying assets are capitalised until the assets are ready for their intended use after which such expenses are charged to the profit or loss. All other borrowing costs are charged to the profit or loss.

Interest income earned from specific borrowings which are invested temporarily pending the utilisation of such borrowings on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Financial Guarantee Contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due. Financial guarantee contracts are recognised initially at fair value plus transactions costs and thereafter, at the higher of the best estimate of the expenditure required to settle the present obligation at the end of the reporting period and the amount initially recognised less, where appropriate, cumulative amortisation recognised.

Impairment of Non-Financial Assets

The carrying amounts of non-financial assets other than inventories, assets arising from construction contracts, property development activities, deferred tax assets and non-current assets classified as held for sale are reviewed for impairment losses whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If such indication exists, an impairment review is performed to assess whether the carrying amount of the asset is fully recoverable.

Irrespective of whether there is any indication of impairment, the Group also:

- (a) tests intangible assets with indefinite useful life for impairment annually by comparing its carrying amount with its recoverable amount.
- (b) tests goodwill acquired in a business combination for impairment annually.

Impairment loss is recognised when the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of

disposal and its value in use, which is measured by reference to discounted future cash flows. Recoverable amounts are estimated for individual assets, or if it is not possible, for the cash generating unit.

An impairment loss is charged to the profit or loss, unless the asset is carried at revalued amount, in which case the impairment loss is used to reduce the revaluation surplus.

Non-financial assets other than goodwill that have suffered impairment are reviewed for possible reversal of the impairment at each reporting date.

An impairment loss is reversed only to the extent of previously recognised impairment losses for the same asset unless the asset is carried at revalued amount, in which case the reversal is treated as an increase to revaluation reserve. An impairment loss recognised for goodwill shall not be reversed.

Contingent Liabilities and Contingent Assets

The Group does not recognise a contingent liability but discloses its existence in the financial statements, except in a business combination. A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. When a change in the probability of an outflow of economic resources occurs and the outflow is probable, it will then be recognised as a provision. However, contingent liabilities do not include financial guarantee contracts.

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by uncertain future events beyond the control of the Group. The Group does not recognise contingent assets but discloses their existence where inflows of economic benefits are probable, but not virtually certain. When inflow of economic resources is virtually certain, the asset is recognised.

In the acquisition of subsidiaries by the Group under a business combination, the contingent liabilities assumed are measured initially at their fair value at the acquisition date, irrespective of the extent of any non-controlling interests.

The Group recognises separately the contingent liabilities of the acquirees as part of allocating the cost of a business combination where the fair values can be measured reliably. Where the fair values cannot be measured reliably, the resulting effect will be reflected in the goodwill arising from the acquisitions.

Subsequent to the initial recognition, the Group measures the contingent liabilities that are recognised separately at the date of acquisition at the higher of the amount that would be recognised in accordance with FRS 137 "Provisions, Contingent Liabilities and Contingent Assets" and the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with FRS 118 "Revenue".

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

31 December 2015

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past event, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate can be made of the amount of the obligation.

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits received under it.

Where the Group expects a provision to be reimbursed by another party, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain.

Asset Retirement Obligations – oil and gas

Asset retirement obligations (including future decommissioning and restoration) which meet the criteria of provisions are recognised as provisions and the amount recognised is the present value of the estimated future expenditure determined in accordance with local conditions and requirements, while a corresponding addition to the related oil and gas assets of an amount equivalent to the provision is also created. This is subsequently amortised as part of the costs of the Rights of Use of Oil and Gas Assets. Interest expense from asset retirement obligations for each period are recognised using the effective interest method over the useful life of the related oil and gas assets.

Income Taxes

(a) Current Taxation

Current taxation is determined according to the tax laws of each jurisdiction in which the Group operates and includes all taxes based upon the taxable income and is measured using the tax rates which are applicable at the reporting date.

(b) Deferred Taxation

Deferred tax liabilities and/or assets are recognised, using liability method, on temporary differences between the carrying amounts of assets and liabilities in the financial statements and their related tax bases. Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill, the initial recognition of assets or liabilities

in a transaction that is not a business combination and that affects neither accounting profit nor taxable profit or loss. Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the deferred tax assets can be utilised. Deferred tax liability in respect of asset revaluations is also recognised. Deferred tax liabilities and assets are measured at the tax rates that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax is recognised on temporary differences arising on investments in subsidiaries, joint ventures and associates except where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Tax benefit from investment tax allowance is recognised when the tax credit is utilised and no deferred tax asset is recognised when the tax credit is receivable.

Discontinued Operations

A discontinued operation is a component of the Group's business that represents a separate major line of business or geographical area of operations that has been disposed of or is held for sale, or is a subsidiary acquired exclusively with a view to resale. Classification as a discontinued operation occurs upon disposal or when the operation meets the criteria to be classified as held for sale, if earlier. When an operation is classified as a discontinued operation, the comparative income statement and OCI are represented as if the operation had been discontinued from the start of the comparative period.

Employee Benefits

(a) Short-Term Employee Benefits

Short-term employee benefits include wages, salaries, bonus, social security contributions and paid annual leave. These benefits are accrued when incurred and are measured on an undiscounted basis.

(b) Post-Employment Benefits

Post-employment benefits include defined contribution plans under which the Group pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. These benefits are accrued when incurred and are measured on an undiscounted basis.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Employee Benefits (cont'd)

(c) Long-Term Employee Benefits

Long-term employee benefits include retirement gratuities payable under a retirement gratuity scheme which was established in 1991 by the Board of Directors for Executives and Executive Directors of the Company and certain subsidiaries. The level of retirement gratuities payable is determined by the Board of Directors in relation to services rendered and it does not take into account the employee's performance to be rendered in later years up to retirement and the gratuity is a vested benefit when the employee reaches retirement age.

The present value of the retirement gratuities is determined by discounting the amount payable by reference to market yields at the reporting date on high quality corporate bonds which have terms to maturity approximating the terms of the related liability. Employee turnover is also factored in arriving at the level of the retirement gratuities payable. Past-service costs are recognised immediately in the profit or loss.

Such retirement gratuities payable are classified as current liabilities where it is probable that a payment will be made within the next twelve months and also provided that the amount has been approved for payment by the Board of Directors.

(d) Share-based Compensation

For equity-settled, share-based compensation plan, the fair value of employee services rendered in exchange for the grant of the shares and/or options is recognised as an expense with a corresponding increase in equity over the vesting period. The total amount to be expensed in the income statement over the vesting period is determined by reference to the fair value of shares and/or options granted at the grant date and the number of shares and/or options vested by vesting date, excluding the impact of any non-market vesting conditions. Non-market vesting conditions are included in the estimates of the number of shares and/or options that are expected to become vested and/or exercisable. At each reporting date, the respective companies will revise its estimates of the number of shares and/or options that are expected to be vested and it recognises the impact of this revision in the income statement with a corresponding adjustment to equity. After the vesting date, no adjustment to the income statement is made. For performance shares that are expected to be granted, due to services received before grant date, the total amount to be recognised over the vesting period is determined by reference to the fair value of the performance shares at the end of the reporting period, until the date of grant has been established.

The proceeds received net of any directly attributable transaction costs are credited to share capital and share premium when the options are exercised. For share-based compensation plan implemented by a subsidiary,

the proceeds are credited in equity as transactions with owners.

Where the terms of a share-based compensation plan are modified, the expense that has yet to be recognised for the award is recognised over the remaining vesting period as if the terms had not been modified. Additional expense is recognised for any increase in the total fair value of the share and/or options due to the modification, as measured at the date of the modification.

Revenue Recognition

Sales are recognised upon delivery of products or performance of services, net of goods and services tax, returns, rebates and discounts and amounts collected on behalf of third parties and after eliminating sales within the Group.

Sales relating to property development projects are recognised progressively as the project activity progresses and are in respect of sales where agreements have been finalised. The recognition of sales is based on the percentage of completion method and is consistent with the method adopted for profit recognition.

Rental income from operating leases (net of any incentives given to the lessees) is recognised in the profit or loss on a straight-line basis over the lease term.

Casino revenue represents net house takings. The casino licence in Malaysia is renewable every three months.

Revenue from the sale of oil, net of taxes, is recognised when the significant risks and rewards of ownership have been transferred, which is considered to occur when oil has been delivered to the customer.

Revenue from construction contract is recognised on the percentage of completion method.

Dividend income is recognised when the right to receive payment is established, which in the case of quoted securities is the ex-dividend date.

Fees from management and licensing services are recognised in the period in which the services are rendered.

Dividends

Dividends on ordinary shares are accounted for in shareholders' equity as an appropriation of retained earnings and accrued as a liability in the financial year in which the obligation to pay is established.

Government Grant

Government grants related to assets are recognised initially as deferred income at fair value when there is reasonable assurance that they will be received and the Group will comply with the conditions associated with the grant and are then recognised in profit or loss as other income on a systematic basis over the useful life of the assets when the assets are commissioned.

Interest Income

Interest income is recognised using the effective interest method.

Foreign Currency Translation

(a) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional and presentation currency.

(b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit or loss, except when deferred in equity as qualifying cash flow hedges and qualifying net investment hedges.

Translation differences on non-monetary financial assets and liabilities such as equities held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss. Translation differences on non-monetary financial assets such as equities classified as available-for-sale are included in the fair value reserve as OCI.

(c) Group companies

On consolidation, the results and financial position of all the Group's entities which have a functional currency different from that of the Group's presentation currency are translated into the Group's presentation currency as follows:

- (i) assets and liabilities are translated at the closing rate at the reporting date;
- (ii) income and expenses for each profit or loss are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- (iii) all resulting exchange differences are recognised as a separate component of OCI.

On consolidation, exchange differences arising from the translation of the net investment in foreign operations, and of borrowings and other currency instruments designated as hedges of such investments, are taken to OCI. When a foreign operation is partially disposed of or sold, such exchange differences that were recorded in equity are recognised in the profit or loss as part of the gain or loss on sale.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate. Exchange differences arising are recognised in OCI.

Derivative Financial Instruments and Hedging Activities

Derivative financial instruments are initially recognised at fair value on the date the derivative contract is entered into and are subsequently remeasured at their fair value at the end of each reporting period. The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

Fair value changes on derivative that are not designated or do not qualify for hedge accounting are recognised in profit or loss within fair value gains/losses on derivative financial instruments when the changes arise.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

31 December 2015

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Derivative Financial Instruments and Hedging Activities (cont'd)

The Group documents at the inception of the transaction the relationship between the hedging instruments and hedged items, as well as its risk management objective and strategies for undertaking various hedging transactions. The Group also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives designated as hedging instruments are highly effective in offsetting changes in fair value or cash flows of the hedged items.

The fair value changes on the effective portion of interest rate swaps or other derivatives that are designated and qualify as cash flow hedges are recognised in the cash flow hedge reserve and reclassified to the profit or loss when the interest expense on the borrowings is recognised in the profit or loss unless the amount transferred can be capitalised as part of the cost of a self-constructed asset, in which case, both the reclassification and interest expense are capitalised. The fair value changes on the ineffective portion are recognised immediately in the profit or loss.

When a hedging instrument expires or is sold or is terminated, or when the cash flow hedge is discontinued or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss existing in equity at that time remains in equity and is only transferred to profit or loss when the forecast transaction is ultimately recognised in the profit or loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in cash flow hedge reserve is immediately transferred to the profit or loss within fair value gains/losses on derivative financial instruments.

The carrying amount of the derivative designated as a hedge is presented as a non-current asset or liability if the remaining expected life of the hedged item is more than 12 months and as a current asset or liability if the remaining expected life of the hedged item is less than 12 months.

Segmental Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-makers. The chief operating decision-makers, who are responsible for allocating resources and assessing performance of the operating segments, have been identified as the Chairman and Chief Executive and the President and Chief Operating Officer of the Company.

4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

(a) Financial risk factors

The Group's overall financial risk management objective is to optimise the value creation for shareholders. The Group seeks to minimise the potential adverse impacts arising from fluctuations in foreign currency exchange and interest rates and the unpredictability of the financial markets.

The Group operates within clearly defined guidelines that are approved by the Board of Directors. Financial risk management is carried out through risk reviews conducted at all significant operating units. This process is further enhanced by effective internal controls, a comprehensive insurance programme and adherence to the financial risk management policies.

The main areas of financial risks faced by the Group are as follows:

(i) Foreign currency exchange risk

The Group is exposed to foreign currency exchange risk when the Company and its subsidiaries enter into transactions that are not denominated in their functional currencies. The Group attempts to significantly limit its exposure for committed transactions by entering into forward foreign currency exchange contracts within the constraints of market and government regulations.

4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (cont'd)

(a) Financial risk factors (cont'd)

(i) Foreign currency exchange risk (cont'd)

The following table demonstrates the sensitivity of the Group's profit after tax and equity to 10% (2014: 10%) strengthening of each currency respectively in SGD, USD, HKD, IDR and KRW against the respective functional currencies of the entities within the Group, with all other variables held constant.

	Increase/(Decrease)	
	Profit after tax	OCI
2015		
Group		
SGD	8.6	-
USD	658.1	2.8
HKD	19.9	-
IDR	16.2	-
KRW	42.6	-
2014		
Group		
SGD	4.0	-
USD	235.6	349.5
HKD	34.8	-
IDR	21.7	-

A 10% (2014: 10%) weakening of the above currencies against the respective functional currencies of the entities within the Group would have the equal but opposite effect to the amount shown above, on the basis that all other variables remain constant.

The Company's principal foreign currency exposure relates mainly to cash and cash equivalents of RM153.9 million (2014: RM156.8 million) which is denominated in USD. At the reporting date, if exchange rate of USD had been 10% (2014: 10%) stronger/weaker respectively, with all other variables remaining constant, the profit after tax of the Company will be higher/lower by RM15.4 million (2014: RM15.7 million).

(ii) Interest rate risk

Interest rate risks arise mainly from the Group's borrowings and debt securities classified as available-for-sale financial assets. Borrowings issued at variable rates expose the Group to cash flow interest rate risk. The Group manages its cash flow interest rate risk by using floating-to-fixed interest rate swaps. Such interest rate swaps have the economic effect of converting the borrowings from floating rates to fixed rates. Under the interest rate swaps, the Group agrees with financial institutions to exchange, at specified intervals, the difference between the fixed contract rates and floating-rate interest amounts calculated by reference to the agreed notional principal amounts. The Group also enters into Interest Rate Capped Libor-In-Arrears Swap ("IRCLIA") contract to limit its exposure to fluctuation in interest rate movements if the interest rate moves beyond the capped rate. There are no significant cash flow interest rate risks arising from debt securities classified as available-for-sale.

The Group's outstanding borrowings as at the year end at variable rates on which hedges have not been entered into are denominated mainly in SGD, USD and RMB. At the reporting date, if annual interest rates had been 1% (2014: 1%) higher/lower respectively, with all other variables in particular foreign exchange rates and including tax rate being held constant, the profit after tax will be lower/higher by RM115.0 million (2014: RM87.8 million) as a result of increase/decrease in interest expense on these borrowings.

4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (cont'd)

(a) Financial risk factors (cont'd)

(iii) Credit risk

Exposure to credit risk arises mainly from sales made on deferred credit terms, cash and cash equivalents, deposits with financial institutions, money market instruments and debt securities. Risks arising therefrom are minimised through effective monitoring of receivables and suspension of sales to customers whose accounts exceed the stipulated credit terms. Credit limits are set and credit history is reviewed to minimise potential losses.

In managing credit risk exposure from trade receivables, GENS has established a Credit Committee and processes to evaluate the creditworthiness of its counterparties. The counterparty's payment profile and credit exposure are continuously monitored by the Credit Committee, together with the operational policies and guidelines. Credit exposure to an individual counterparty is restricted by the credit limits set by the Credit Committee based on the ongoing credit evaluation.

The top 10 trade debtors of GENS Group as at 31 December 2015 represented 22% (2014:16%) of its trade receivables. The GENS Group also establishes an allowance account for impairment that represents its estimate of losses in respect of trade and other receivables. The main component of this allowance is estimated losses that relate to the specific counterparties. Subsequently, when the GENS Group is satisfied that no recovery of such losses is possible, the trade receivable is considered irrecoverable and the amount charged to the allowance account is then written off against the carrying amount of the impaired trade receivables.

The Group avoids, where possible, any significant exposure to a single customer. However, in the ordinary course of business, certain subsidiaries in the Group's Power Segment have trade receivables that are solely from their offtakers, the provincial or national electricity utility companies whereas certain subsidiaries in Group's Oil and Gas Segment are transacting solely with the state-owned customers. As such, the counter party risk is considered to be minimal.

The Group's cash and cash equivalents and short term deposits are placed with creditworthy financial institutions and the risks arising thereof are minimised in view of the financial strength of these financial institutions. The risks arising therefrom are further minimised by the setting of exposure limits for each financial institution and the tenure of the placements which are normally less than one year. The approved exposure limit for each financial institution is subjected to regular reviews. To minimise the Group's counterparty risk, the Group enters into derivative transactions only with creditworthy financial institutions.

The Group is exposed to credit risk from non-related counterparties where the Group holds debt securities issued by those entities. The Group only holds debt securities with issuers which are of investment grade.

The Group also seeks to invest cash assets safely and profitably and buys insurance to protect itself against insurable risks. In this regard, counterparties are assessed for credit risk and limits are set to minimise any potential losses.

At the Company level, credit risk arises from amounts due from subsidiaries, cash and cash equivalents, income fund and deposits with banks and financial institutions. The Company's exposure to bad debts is not significant. The Company also manages its credit risk by performing regular reviews of the ageing profile of amounts due from subsidiaries. The credit risk on income fund is limited because the fund is ultimately deposited with creditworthy financial institutions.

Financial assets that are neither past due nor impaired

Information regarding other non-current assets and trade and other receivables that are neither past due nor impaired is disclosed in Notes 28 and 31. Deposits with banks and other financial institutions, investment securities and derivatives that are neither past due nor impaired are placed with or entered into with reputable financial institutions or companies with high credit ratings and no history of default.

Financial assets that are either past due or impaired

Information regarding trade receivables that are past due or impaired is disclosed in Note 31.

Apart from those disclosed above, none of the other financial assets is past due or impaired.

4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (cont'd)

(a) Financial risk factors (cont'd)

(iii) Credit risk (cont'd)

As the Group and the Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the statements of financial position, except as follows:

	Company	
	2015	2014
Corporate guarantee provided to banks on subsidiaries' facilities	3,614.3	3,787.5

(iv) Price risk

The Group is exposed to equity securities price risk from its investments in quoted securities classified as financial assets at fair value through profit or loss, available-for-sale financial assets and derivative financial instruments. To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio which is done in accordance with the limits set by the Group.

If the prices of equity securities and derivative financial instruments listed in the respective countries change by 1% (2014: 1%) respectively with all other variables including tax rate being held constant, the Group's profit after tax and OCI for the current and previous financial years will be as follows:

2015		← Increase/Decrease →	
Group		Profit after tax	OCI
Listed equity securities and derivative financial instruments			
– increase/decrease 1%		0.1	29.1
Company			
Listed derivative financial instruments			
– increase/decrease 1%		2.2	-
2014		← Increase/Decrease →	
Group		Profit after tax	OCI
Listed equity securities and derivative financial instruments			
– increase/decrease 1%		22.2	32.6
Company			
Listed derivative financial instruments			
– increase/decrease 1%		1.3	-

Profit after tax would increase/decrease as a result of gains/losses on equity securities classified as at fair value through profit or loss and derivative financial instruments. Other components of equity would increase/decrease as a result of gains/losses on equity securities classified as available-for-sale.

(a) Financial risk factors (cont'd)

(v) Liquidity risk

The Group practises prudent liquidity risk management to minimise the mismatch of financial assets and liabilities. The Group's cash flow is reviewed regularly to ensure that the Group is able to settle its commitments when they fall due.

The Group manages its liquidity risk with the view to maintaining a healthy level of cash and cash equivalents appropriate to the operating environment and expected cash flows of the Group. Liquidity requirements are maintained within its undrawn committed borrowing facilities at all times and are sufficient and available to the Group to meet its obligations.

Generally, surplus cash held by the operating entities over and above the balance required for working capital management are managed by the Group Treasury. The Group Treasury invests surplus cash in interest bearing accounts, money market deposits and marketable securities, choosing instruments with appropriate maturities or sufficient liquidity to provide sufficient headroom as determined by the above-mentioned cash flows of the Group.

The table below analyses the financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (cont'd)

(b) Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to provide returns for shareholders and benefits for other stakeholders.

In order to optimise the capital structure, or the capital allocation amongst the Group's various businesses, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares and warrants, buy back issued shares, take on new debt or sell assets to reduce debt.

Consistent with others in the industry, the Group monitors capital utilisation on the basis of the gearing ratio. This ratio is calculated as total debt divided by total capital. Total debt is calculated as total borrowings (comprising 'short term and long term borrowings' as shown in the statements of financial position). Total capital is calculated as the sum of total equity and total debt.

The gearing ratio as at 31 December 2015 and 2014 are as follows:

	Group	
	2015	2014
Total debt	18,504.7	12,552.6
Total equity	62,791.1	53,065.4
Total capital	81,295.8	65,618.0
Gearing ratio	23%	19%

There were no changes in the Group's approach to capital management during the current financial year.

The Group was in compliance with externally imposed capital requirements for the financial years ended 31 December 2015 and 2014.

(c) Fair value measurement

The assets and liabilities carried at fair value are categorised into different levels of the fair value hierarchy as follows:

- Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 : Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3 : Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The following table presents the Group's financial instruments that are measured at fair value.

	<u>134.3</u>	<u>200.0</u>	<u>-</u>	<u>334.3</u>

The carrying amount less impairment provision of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated based on quoted market prices or dealer quotes for similar instruments by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments. The fair value of current borrowings approximates their carrying amount.

The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in Level 1.

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

Specific valuation techniques used to value financial instruments include:

- Quoted market prices or dealer quotes for similar instruments.
- The fair value of interest rate swaps, cross currency swaps and commodity collar contracts are calculated as the present value of the estimated future cash flows based on observable yield curves.
- The fair value of forward foreign currency exchange contracts is determined using forward exchange rates at the reporting date.
- Other techniques, such as discounted cash flow analysis, are used to determine fair value for the remaining financial instruments.

There were no transfers between Levels 1 and 2 during the current financial year (2014: Nil).

The following table presents the changes in Level 3 financial instruments for the financial years ended 31 December 2015 and 2014:

	Group	
	2015	2014
Available-for-sale financial assets		
As at 1 January	928.1	668.9
Foreign exchange differences	227.7	41.9
Additions	109.2	114.9
Fair value changes – recognised in OCI	318.0	122.4
Investment income and interest income	8.9	-
Impairment loss – recognised in income statement	-	(6.8)
Repayment	(6.1)	(5.3)
Reclassification	3.8	-
Disposal	-	(7.9)
As at 31 December	1,589.6	928.1

Although the Group believes that its estimates of fair values are appropriate, the use of different methodologies or assumptions could lead to different measurement of fair value. For fair value measurement in Level 3, if the carrying value changes by 5% (2014: 5%), the impact on equity would be RM79.5 million (2014: RM46.4 million).

If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. Changing one or more of the unobservable inputs in the valuation technique used for Level 3 instruments will not significantly impact the fair value of these instruments. The assessment of the fair value of unquoted equity securities is performed based on the available data such as underlying net asset value of the investee entity, discounted cash flow with key inputs such as growth rates and discount rates, or recent transacted prices of similar financial instruments as indications of their fair values as at reporting date.

5. SEGMENT ANALYSIS

Management has determined the operating segments based on the reports reviewed by the chief operating decision-maker that are used to make strategic decisions.

The chief operating decision-maker considers the business from both a geographic and industry perspective and has the following reportable segments:

Leisure & Hospitality	-	This segment includes the gaming, hotel, entertainment and amusement, tours and travel related services, development and operation of integrated resorts and other support services. The contribution from non-gaming operations is not significant.
Plantation	-	This segment is involved mainly in oil palm plantations, palm oil milling and related activities.
Power	-	This segment is involved in the generation and supply of electric power.
Property	-	This segment is involved in property development activities.
Oil & Gas	-	This segment is involved in oil & gas exploration, development and production activities.

All other immaterial segments including investments in equities are aggregated and disclosed under "Investments & Others" as they are not of a sufficient size to be reported separately.

The performance of the operating segments is based on a measure of adjusted earnings before interest, tax, depreciation and amortisation ("EBITDA"). This measurement basis also excludes the effects of non-recurring items from the operating segments, such as fair value gains and losses, gain or loss on disposal of financial assets, gain or loss on deemed dilution of shareholdings in associates, project costs written off, reversal of previously recognised impairment losses, impairment losses, pre-opening and development expenses, assets written off, gain or loss on disposal of assets and share-based payment.

Segment assets consist primarily of property, plant and equipment, intangible assets, inventories, trade and other receivables, available-for-sale financial assets, financial assets at fair value through profit or loss, and cash and cash equivalents. Segment assets exclude interest bearing instruments, joint ventures, associates, deferred tax assets, tax recoverable and assets classified as held for sale as these assets are managed on a group basis.

Segment liabilities comprise operating liabilities. Segment liabilities exclude interest-bearing instruments, tax payable and deferred tax liabilities as these liabilities are managed on a group basis.

The Power segment relates mainly to the Jangi Wind Farm and the Banten Plant while that for the Meizhou Wan power plant has been reclassified and disclosed as "Discontinued Operations" up to 10 July 2014, the completion date of the disposal of 51% shareholding in Fujian Pacific Electric Company Limited (see Note 13). Following the completion of the disposal, the financial results of the Meizhou Wan power plant have been accounted for as a joint venture of the Group.

14. EARNINGS PER SHARE

The basic and diluted earnings per share of the Group are computed as follows:

(a) Basic earnings per share:

Basic earnings per share of the Group is calculated by dividing the profit for the financial year by the weighted average number of ordinary shares in issue during the financial year.

	Continuing Operations		Discontinued Operations		Total	
	2015	2014	2015	2014	2015	2014
Profit/(Loss) for the financial year attributable to equity holders of the Company (RM million)	1,388.0	1,503.6	-	(7.5)	1,388.0	1,496.1
Weighted average number of ordinary shares in issue ('million)	3,717.7	3,715.0	3,717.7	3,715.0	3,717.7	3,715.0
Basic earnings/(loss) per share (sen)	37.34	40.47	-	(0.20)	37.34	40.27

(b) Diluted earnings per share:

For the diluted earnings per share calculation, the Group's profit for the financial year is reduced by the lower consolidated earnings from subsidiaries arising from the potential dilution of the Group's shareholdings in those subsidiaries that have issued potential ordinary shares that are dilutive. The weighted average number of ordinary shares in issue of the Company is also adjusted to assume conversion of all dilutive potential ordinary shares issued by the Company.

Fixed assets have been revalued by the Directors based upon valuations carried out by independent firms of professional valuers using the fair market value basis except for assets revalued in 1991, which were based on the values determined by a regulatory authority in connection with a restructuring exercise. The net book value of the revalued assets of the Group would have amounted to RM226.8 million (2014: RM228.5 million) had such assets been stated in the financial statements at cost.

Property, plant and equipment with a carrying amount of approximately RM310.1 million (2014: RM283.5 million) have been pledged as collateral as at 31 December 2015 for the USD borrowing in the Group's power plant business.

Banker guarantees of SGD10.0 million (equivalent to approximately RM30.6 million) (2014: SGD20.0 million or equivalent to approximately RM52.8 million) were obtained and held by Sentosa Development Corporation ("SDC"), as part of the conditions in the Development Agreement entered into with SDC. These guarantees and the bank borrowings of GENS Group are substantially secured over assets of the Singapore leisure and hospitality business segment.

Fair value at end of the financial year	3,410.7	2,980.2

Fair values of the Group's investment properties at the end of the financial year have been determined by independent professional valuers based on the market comparable approach that reflects the recent transaction prices for similar properties and are within Level 2 of the fair value hierarchy.

The aggregate rental income and direct operating expenses arising from investment properties that generated rental income which was recognised during the financial year amounted to RM53.5 million and RM50.1 million (2014: RM45.3 million and RM32.0 million) respectively.

During the current financial year, GENM Group recorded a reversal of previously recognised impairment losses of RM11.7 million (2014: RM17.4 million) on the Omni Centre in US (part of the properties segment) due to improved rental rates. The recoverable amounts of these properties were assessed together with the related goodwill arising from the acquisition of Omni Centre. The calculations require the use of estimates as set out in Note 21.

The other intangible assets comprised software development, patents and research and development costs.

Included in the licences is an amount of RM2,705.4 million (2014: RM2,266.5 million) which has been pledged as collateral for the GENM Group's USD borrowing.

The intellectual property rights represents the fair value of genomic data arising from the GENP Group's acquisition of the remaining 50% equity interest in ACGT Intellectual Limited in 2010.

The intellectual property development costs comprise expenditure incurred on intellectual property development relating to the use of genomics-based techniques and other methods or tools thereof to increase the yields and profit streams principally from oil palm and other crops where it can be reasonably anticipated that the costs will be recovered through commercialisation, sale and marketing of all the resulting products from the aforesaid development.

As at 31 December 2015, the expenditure incurred on these intellectual property development represents mainly payments made in respect of the genome sequencing data received by GENP Group for the research and development activities in the area of genomics.

At the beginning of the current financial year, GENP Group had revised the remaining useful life of intellectual property rights and development costs to 7 years. The remaining amortisation period of the intellectual property rights and development costs as at 31 December 2015 is 6 years (2014: 10.75 years).

(a) Completion of Purchase Price Allocation

During the current financial year, the Group has completed the purchase price allocation ("PPA") exercise to determine the fair value of the net assets of Lion Agriculture (Indonesia) Sdn Bhd ("LAI") and its subsidiary, PT Varita Majutama ("PTVM") within the stipulated time period, i.e. twelve months from the acquisition date, in accordance with FRS 3 "Business Combinations".

The changes in the provisional fair values of LAI and PTVM's identifiable assets have been reflected in the Consolidated Statement of Financial Position as at previous financial year ended 31 December 2014.

Below are the effects of the final PPA adjustments for the acquisitions of LAI and PTVM as at 31 December 2014 in accordance with FRS 3:

21. INTANGIBLE ASSETS (cont'd)

Goodwill - Malaysia

The impairment test for goodwill relating to the Malaysia CGU was assessed using the value-in-use ("VIU") method. Cash flow projections used in this calculation were based on financial budgets approved by management covering a five-year period. Cash flows beyond the five-year period were extrapolated using the estimated growth rate stated below. The growth rate did not exceed the long-term average growth rate for the leisure & hospitality industry in which the CGU operates.

Key assumptions used in the VIU calculation for 2015 include a growth rate and discount rate of 1.0% and 8.8% (2014: 1.0% and 9.1%) respectively.

Based on the impairment assessment, no impairment is required for goodwill attributed to the Malaysia CGU.

There are no reasonably possible changes in any of the key assumptions used that would cause the carrying amount of this CGU to materially exceed the recoverable amount.

Goodwill and other intangible assets with indefinite useful lives – UK

- (i) Goodwill and other intangible assets with indefinite useful lives – casino business in UK

Goodwill and other intangible assets with indefinite useful lives that have been allocated to the UK Group were tested for impairment. Goodwill is allocated to the UK segment for the purpose of impairment review. The casino licences, considered to have an indefinite useful life, are assigned to smaller CGUs for the purposes of impairment review.

The recoverable amounts of goodwill, casino licences and trademarks in the UK were determined based on the higher of fair value less cost to sell and VIU. VIU has been calculated using cash flow projections. The cash flow projections are based on current financial budgets approved by the Directors for the next financial year and projections for the following four years.

Key assumptions used for VIU calculations include:

	Leisure and hospitality	
	2015	2014
Growth rate	2.25%	2.25%
Discount rate	10.50%	9.00%

The growth rate did not exceed the long-term average growth rate for the leisure and hospitality industry in which the CGUs operate and is consistent with the forecasts included in industry reports.

Based on the above impairment assessment, the Group recorded reversal of previously recognised impairment losses of RM178.5 million (2014: impairment loss of RM49.2 million) on casino licences and RM13.5 million (2014: impairment loss of RM34.1 million) on property, plant and equipment in respect of certain casinos outside London as a result of the improved performance.

If the growth rate is reduced to 2% (2014: 2%) or the discount rate is 1% (2014: 1%) higher with all other variables including tax rate being held constant, the reversal of previously recognised impairment loss on the casino licences will be reduced by RM20.1 million and RM83.7 million respectively (2014: impairment loss increased by RM3.8 million and RM12.4 million respectively) based on VIU method.

- (ii) Goodwill and online gaming licence with definite useful lives – Acquisition of Genting Alderney by GENM Group

On 30 November 2015, GENM Group through its indirect wholly owned subsidiary, Nedby Limited completed the acquisition of Genting Alderney for a total cash consideration of GBP7.2 million (equivalent to approximately RM46.0 million) from RWI International Investments Limited. The GENM Group will engage an independent valuation firm to assist in the PPA exercise. The amount of intangible assets is currently determined based on provisional fair value assigned to the identifiable assets and liabilities as at acquisition date. Any adjustments to these provisional fair values upon finalisation of the detailed PPA exercise will be recognised in intangible assets within 12 months of the acquisition date as permitted by FRS 3 "Business Combinations". The goodwill and online gaming licence with definite useful lives are not tested for impairment at the year end as there is no indication of impairment.

Details of net assets acquired and goodwill arising on the above acquisitions are set out in Note (a) (iii) to the statements of cash flows.

- (iii) Acquisition of DNAe Group Holdings Limited (formerly known as DNA Electronics Limited) ("DNAe Group")

The impairment test for goodwill relating to the acquisition of DNAe Group was assessed using the VIU method. Cash flow projections used in this calculation were based on financial budgets approved by management covering a ten-year period in consideration of its nature of the business in research and development which requires a longer period. Cash flows beyond the ten-year period were extrapolated using the estimated growth rate stated below.

21. INTANGIBLE ASSETS (cont'd)

Goodwill and other intangible assets with indefinite useful lives – UK (cont'd)

- (iii) Acquisition of DNAe Group Holdings Limited (formerly known as DNA Electronics Limited) ("DNAe Group") (cont'd)

Key assumptions used in the VIU calculation include a growth rate and discount rate of 1.0% and 30% (2014: 1.0% and 30%) respectively.

Based on the impairment assessment, no impairment is required for goodwill attributed to the acquisition of DNAe Group.

There are no reasonably possible changes in any of the key assumptions used that would cause the carrying amount of this CGU to materially exceed the recoverable amount.

- (iv) Acquisition of DNA Electronics, Inc (formerly known as NanoMR, Inc) ("DNA Electronics")

On 15 January 2015, DNAe Group, an indirect subsidiary of the Company, had completed the acquisition of the entire issued share capital of DNA Electronics for a total consideration of USD24.0 million (equivalent to approximately RM84.1 million). During the current financial year, DNAe Group had completed the PPA exercise to determine the fair value of DNA Electronics. As the PPA to determine the fair value of the identifiable assets and liabilities was carried out during the current financial year and the identified assets and liabilities have been recorded at their respective fair values, the goodwill will be tested for impairment in the next financial year.

Details of net assets acquired and goodwill arising on the above acquisition are set out in Note (a)(i) to the consolidated statements of cash flows.

Goodwill – United States of America ("US")

The goodwill attributable to the US CGU arose from the acquisition of Omni Center in the City of Miami, Florida, US.

The Group has engaged an independent valuer to carry out a formal valuation of Omni Center, which includes a hotel, retail shops and office building. The recoverable amounts of the Omni Center were determined based on VIU of the respective properties. Key assumptions used in the VIU method include the growth rates of 1.0% to 23.5% (2014: 1.5% to 23.5%) and discount rates of 10.8% to 27.9% (2014: 10.6% to 27.9%). Based on impairment assessment, no impairment is required for goodwill attributed to the US CGU.

There are no reasonably possible changes in any of the key assumptions used that would cause the carrying amount of this CGU to materially exceed the recoverable amount.

Goodwill – Singapore

The goodwill attributed to the Singapore CGU mainly arises from the acquisition of 25% equity interest in Resorts World at Sentosa Pte. Ltd. ("RWSPL") which has developed the first integrated resort in Singapore. The impairment test for goodwill relating to the Singapore CGU was assessed using the VIU method. Cash flow projections used in this calculation were based on financial budgets approved by management covering a five-year period. Cash flows beyond the five-year period were extrapolated using the estimated growth rate stated below. The growth rate is below the long-term average growth rate for the leisure and hospitality industry in which the CGU operates.

Key assumptions used in the VIU calculation for 2015 include a growth rate and discount rate of 2.00% and 6.64% (2014: 2.00% and 7.80%) respectively.

Based on the impairment assessment, no impairment is required for goodwill attributed to the Singapore CGU.

There are no reasonably possible changes in any of the key assumptions used that would cause the carrying amount of this CGU to materially exceed the recoverable amount.

Goodwill – Indonesia

- (i) Acquisition of AsianIndo Holdings Pte Ltd ("AIH")

Goodwill arose in 2010 when the GENP Group increased its equity interest from 60% to 77% in a subsidiary of GENP, AIH. This goodwill represents the excess of the purchase consideration over the incremental share of net assets, which was based on the then existing GENP Group's carrying amounts, instead of fair values of the net assets in AIH when the additional equity interest was acquired.

The impairment test for goodwill was based on the most recent transacted prices of plantation lands in Indonesia. Based on the impairment assessment, there is no indication of impairment for the goodwill attributed to the plantation lands in Indonesia.

- (ii) Acquisition of PTVM

Goodwill arose from the acquisition of 95% equity interest in PTVM which was completed on 18 July 2014. During the current financial year, the Group had completed the PPA exercise to determine fair value of the net assets of LAI and PTVM (see note (a) above). The PPA exercise to determine the fair value of the identifiable assets and liabilities was finalised in July 2015 and the identifiable assets and liabilities have been stated at their respective fair values. No impairment is required for this goodwill.

All the above impairment assessments are based on past performance, management's expectations for the future and external sources where applicable.

The subsidiaries are listed in Note 48.

(a) The market values of quoted shares are traded in an active market and are within Level 1 of the fair value hierarchy.

(b) Apart from the interest free portion of the amounts due from subsidiaries classified as non-current which are considered as part of net investment, the carrying value of other interest free and interest bearing amounts due from/to subsidiaries which have no fixed repayment terms approximate their fair values based on the discounted cash flows using the market interest rate. The fair values are within Level 2 of the fair value hierarchy.

There were no interest bearing amounts due from subsidiaries as at 31 December 2015 (2014: Nil).

Included in the interest bearing amounts due to subsidiaries are loans obtained by the Company from the following subsidiaries:

(i) RM1.45 billion loan from GB Services Berhad, a wholly owned subsidiary of the Company on 12 November 2009. The loan bears an effective interest rate of 5.3% (2014: 5.3%) per annum.

The entire principal amount of the loan shall be repaid by 8 November 2019 provided always that the entire principal amount or any portion thereof, and any accrued and unpaid interest thereon shall be immediately due and payable upon the earlier of (i) 8 November 2019; or (ii) request(s) from GB Services Berhad for early prepayment of the loan or any portions thereof; or (iii) the acceleration of the loan.

(ii) RM0.5 billion loan from Genting Capital Berhad, a wholly owned subsidiary of the Company on 8 June 2012. The loan bears an effective interest rate of 4.42% (2014: 4.42%) per annum. The entire principal amount of the loan shall be repaid by 8 June 2022 provided always that the entire principal amount or any portion thereof, and any accrued and unpaid interest thereon shall be immediately due and payable upon the earlier of (i) 8 June 2022; or (ii) request(s) from Genting Capital Berhad for early prepayment of the loan or any portions thereof; or (iii) the acceleration of the loan.

(iii) RM1.5 billion loan from Genting Capital Berhad, a wholly owned subsidiary of the Company on 8 June 2012. The loan bears an effective interest rate of 4.86% (2014: 4.86%) per annum. The entire principal amount of the loan shall be repaid by 8 June 2027 provided always that the entire principal amount or any portion thereof, and any accrued and unpaid interest thereon shall be immediately due and payable upon the earlier of (i) 8 June 2027; or (ii) request(s) from Genting Capital Berhad for early prepayment of the loan or any portions thereof; or (iii) the acceleration of the loan.

(c) As at 31 December 2015, the Company's percentage shareholding in GENM was 49.3% (2014: 49.3%).

GENM's financial results are consolidated with those of the Company as its subsidiary notwithstanding the Company's shareholding of less than 50% in GENM. The Company is the single largest shareholder of GENM with all other shareholders having dispersed shareholding, and has consistently and regularly held a majority of the voting rights exercised at GENM's general meetings, and no other shareholder directly or indirectly controls a higher share of voting rights than the Company. In addition, the Company has control over GENM by virtue of the ability to manage the financial and operating policies of GENM's principal asset, Resorts World Genting, pursuant to an agreement between one of the Company's wholly owned subsidiaries and GENM.

	1,200.8	1,064.2
Market value of quoted shares	-	142.8

The market values of quoted shares of associates are traded in active market and are within Level 1 of the fair value hierarchy.

The Group has interest in a number of associates, none of which is individually material to the Group. The Group's shareholding percentage in Landmarks Berhad is 30.3% (2014: 30.3%) as at 31 December 2015 but the Group has not exercised significant influence over this company and has not participated in the financial and operating policies or had any access to detailed information by virtue of the Group not having any representation on either the board or management of Landmarks Berhad at any time after acquiring the shares in this company. The Group has no current plans to change this practice. In addition, there have been no transactions or arrangements entered into between the Group and Landmarks Berhad. Consequently, the Group has during the year reclassified the investment as an "Available-for-sale Financial Asset".

On 27 March 2014, the Group completed the acquisition of 50% equity interest in Landing Jeju Development Co., Ltd for SGD97.5 million (equivalent to approximately RM254.0 million).

The associates are listed in Note 48.

The amounts due from/to associates represent outstanding amounts arising from trade transactions and advances and payments made on behalf of associates, are unsecured, interest free and repayable on demand except for SGD235.9 million or equivalent to approximately RM750.9 million (2014: SGD97.5 million or equivalent to approximately RM267.6 million) which bears a fixed interest rate.

The following table summarises, in aggregate, the financial information of all individually immaterial associates that are accounted for using the equity method:

	All Associates	
	2015	2014
Carrying amount at 31 December	1,200.8	1,064.2

There are no contingent liabilities relating to the Group's interest in associates at the reporting date (2014: Nil).

26. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

The carrying amounts of financial assets at fair value through profit or loss are classified as follows:

	Group	
Current	2015	2014
Held for trading		
- Equity investments (quoted foreign corporations)	8.1	7.2

The fair values of quoted equity investments are determined by reference to the bid price on the relevant stock exchanges.

Non-current	2,303.0	2,856.2	-	-
	3,869.6	8,537.0	200.0	200.0

Included in the available-for-sale financial assets of the Group is a 50% equity investment of RM1 held in trust for a third party which the Group has no beneficial interest.

The fair values of the quoted equity investments and portfolio of quoted debt securities are determined based on the quoted market bid prices available on the relevant stock exchanges. The fair values of the unquoted debt securities are determined based on the price traded over the counter. The income funds are redeemable at the holder's discretion and the fair values are based on the fair values of the underlying net assets.

The fair values of certain unquoted equity investments are determined based on the valuation techniques supported by observable market data or past transaction prices of similar shares issued by the foreign corporations.

The nominal value of compound financial instruments of USD1,000.0 million (equivalent to approximately RM3,476.5 million) as at 31 December 2014 has matured in 2015 and were adjusted for features stipulated in the term sheets.

Since the derivative was not closely related to the host contract, the derivative and debt securities were separately valued as derivative financial liabilities (see Note 42) and available-for-sale financial assets. The difference between the fair value of the derivatives and the fair value of the compound financial instruments, representing the value of the debt securities, is recognised as available-for-sale financial assets until extinguished on maturity. The fair values of the compound financial instruments were within Level 2 of the fair value hierarchy.

28. OTHER NON-CURRENT ASSETS

	Group	
	2015	2014
Trade receivables	3,107.8	1,465.4
Other receivables	427.0	387.7
	3,534.8	1,853.1

Amounts due from associates (see Note 25)	750.9	267.6
Prepayments	80.3	81.8
	4,642.3	2,413.5

The carrying amounts of the Group's trade and other receivables approximate their fair values, which are based on cash flows discounted using the current market interest rates. The fair values are within Level 2 of the fair value hierarchy.

Included in trade receivables of the Group is an amount due from customers on contract of RM2,687.6 million (2014: RM972.2 million) in relation to the construction of the Group's power plant in Indonesia. The amount will be recovered throughout the concession period upon commercial operation of the power plant.

Included in other receivables of the Group is an investment of RM250.0 million (2014: RM250.0 million) in unquoted preference shares in a Malaysian corporation. The preference shares carry a cumulative, non-compounding fixed dividend of 4% (2014: 4%) per annum and are subordinated to loan facilities undertaken by the issuer. The preference shares are redeemable in two equal tranches on the 8th and 9th anniversary of the issue date which can be extended by the issuer.

The other long term receivables bear an effective annual interest rate of 2.87% to 11.40% (2014: 2.87% to 11.40%).

As at 31 December 2015, there were no non-current trade and other receivables (2014: Nil) that were past due but not impaired. These receivables are not secured by any collateral.

The maximum exposure to credit risk at the reporting date is the carrying value of each class of receivable mentioned above.

The assets and liabilities held for sale comprised of:

- (a) Land and infrastructure costs measuring approximately 20 acres (2014: 213.2 acres); and
- (b) a golf course and its recreational club in respect of previous financial year.

The disposal of 193.2 acres of land and the golf course and its recreational club located in the Mukim of Sg Petani classified as held for sale in the previous financial year was completed during the current financial year, resulting in an aggregate gain of RM5.0 million.

(ii) Planned disposal of available-for-sale financial assets - GENM

On 11 May 2015, GENM had proposed to obtain a mandate from its non-interested shareholders for the disposal by Resorts World Limited, an indirect wholly owned subsidiary of GENM, of the entire 1,431,059,180 ordinary shares of USD0.10 each in Genting Hong Kong Limited ("GENHK") ("Disposal Mandate"). On 2 July 2015, the Disposal Mandate was approved by the non-interested shareholders and is valid for a period of 1 year from the approval date.

The fair value of the available-for-sale financial assets as at 31 December 2015 was RM1,973.9 million. This fair value has been measured based on the quoted market bid price available on the stock exchange, and is therefore within Level 1 of the fair value hierarchy.

(iii) Planned disposal of aircraft - GENS

The GENS Group's assets classified as held for sale of RM97.8 million as at 31 December 2015 represents an aircraft owned by its wholly owned subsidiary. The sale of this asset is expected to be completed within the next twelve months.

35. TREASURY SHARES

At the Annual General Meeting of the Company held on 11 June 2015, the shareholders of the Company approved the renewal of the authority for the Company to purchase its own shares of up to 4% of the issued and paid-up share capital of the Company.

During the current financial year, the Company had purchased a total of 1,050,000 (2014: 160,000) ordinary shares of RM0.10 each of its issued share capital from the open market at an average price of RM6.80 (2014: RM9.86) per share. The total consideration paid for the purchase, including transaction costs, was RM7.1 million (2014: RM1.6 million) and was financed by internally generated funds. The purchased shares are held as treasury shares in accordance with the requirements of Section 67A of the Companies Act, 1965. There is no cancellation, resale or reissuance of treasury shares during the financial year. As treasury shares, the rights attached as to voting, dividends and participation in other distribution are suspended.

As at 31 December 2015, of the total 3,743,195,756 (2014: 3,743,049,706) issued and fully paid ordinary shares, 26,120,000 (2014: 25,070,000) are held as treasury shares by the Company. As at 31 December 2015, the number of outstanding ordinary shares in issue after the offset is therefore 3,717,075,756 (2014: 3,717,979,706) ordinary shares of RM0.10 each.

Details relating to the purchase during the current financial year are as follows:

36. RESERVES (cont'd)

The warrants reserve represents monies received from the issuance of warrants by the Company pursuant to the Restricted Issue of Warrants. The warrants were listed on the Main Market of Bursa Malaysia Securities Berhad on 23 December 2013. Each warrant carries the right to subscribe for 1 new ordinary share of RM0.10 each in the Company at any time on or after the issue date up to the expiry date of 18 December 2018 at the exercise price of RM7.96 for each new share. Any warrant not exercised by the expiry of the exercise period will lapse and cease to be valid for all purposes. The warrants are constituted by a Deed Poll dated 12 November 2013.

The movements in the warrants reserve and number of warrants during the financial year are summarised below:

	Group/Company		Warrants Reserve

37. PERPETUAL CAPITAL SECURITIES OF A SUBSIDIARY

On 12 March 2012 and 18 April 2012, GENS issued SGD1,800 million 5.125% perpetual capital securities ("Institutional Securities") and SGD500 million 5.125% perpetual capital securities ("Retail Securities") respectively at issue prices of 100 per cent each.

Holders of these Institutional and Retail securities are conferred a right to receive distribution on a semi-annual basis from their issue date at the rate of 5.125% per annum, subject to a step-up rate from 12 September 2022 and 18 October 2022 respectively. GENS has a right to defer this distribution under certain conditions.

The Institutional and Retail securities have no fixed maturity and are redeemable in whole, but not in part, at GENS's option on or after 12 September 2017 for the Institutional securities and 18 October 2017 for the Retail securities at their principal amounts together with any accrued, unpaid or deferred distributions. While any distributions are unpaid or deferred, GENS will not declare, pay dividends or make similar periodic payments in respect of, or repurchase, redeem or otherwise acquire any securities of lower or equal rank.

These perpetual capital securities were issued for GENS's general corporate purposes as well as to finance capital expenditure and the expansion of its business.

During the current financial year, the Board of Directors of GENS have approved the payments of the second and third distribution in respect of the Institutional and Retail Securities. Accordingly, distributions for Institutional Securities amounting to SGD45.7 million (equivalent to approximately RM140.2 million) and SGD46.5 million (equivalent to approximately RM142.5 million) were paid on 11 March 2015 and 11 September 2015 respectively. Distributions for Retail Securities amounting to SGD12.8 million (equivalent to approximately RM39.1 million) and SGD12.8 million (equivalent to approximately RM39.3 million) were paid on 20 April 2015 and 19 October 2015 respectively.

Finance lease liabilities are effectively secured as the rights to the leased assets, which will revert to the lessor in the event of default. The finance lease liabilities have an effective interest rate of 2.3% to 23.4% (2014: 1.9% to 16.5%) per annum.

- (c) Fair values of the borrowings as at 31 December 2015 was RM18,524.0 million (2014: RM12,598.5 million). Fair values of the borrowings have been estimated from the perspective of market participants that hold similar borrowings at the reporting date and are within Level 2 of the fair value hierarchy.
- (d) On 9 November 2009, the Company through its wholly owned subsidiary, GB Services Berhad ("GBS"), had successfully issued RM1.45 billion nominal amount of 10-year Medium Term Notes ("MTNs") pursuant to a RM1.6 billion nominal value MTNs programme. The issue was priced at 5.30% per annum, payable semi-annually and guaranteed by the Company. On 10 May 2010, GBS subsequently issued the remaining RM0.15 billion nominal amount of MTNs. The proceeds from issuance of the MTNs were on-lent to the Company and/or its subsidiaries for capital expenditure, investment, refinancing, working capital requirements and/or other general corporate purposes of the Group. The entire nominal amount of the MTNs shall be repaid by 8 November 2019 (the "Maturity Date") provided that the entire principal amount or any portion thereof, and accrued and unpaid interest thereon shall be immediately due and payable upon the earlier of (i) the Maturity Date; (ii) request(s) from GBS for early repayment; or (iii) acceleration of the loan. In the event of default, the Trustee of the MTNs may at its sole discretion, and shall if so directed by the MTNs holders by Extraordinary Resolution, declare by notice in writing to GBS that an event of default has occurred and notwithstanding the Maturity Date, the nominal value of all outstanding MTNs and unpaid interest thereon shall become immediately due and payable.

38. BORROWINGS (cont'd)

- (e) On 8 June 2012, the Company through its direct wholly owned subsidiary, Genting Capital Berhad, issued RM0.5 billion nominal amount of 10-year MTNs and RM1.5 billion nominal amount of 15-year MTNs pursuant to a RM2.0 billion nominal value MTNs programme. The issue was at coupon rates of 4.42% per annum and 4.86% per annum, respectively, payable semi-annually and guaranteed by the Company. The proceeds from the issuance of the MTNs were on-lent to the Company and/or its subsidiaries for operating activities, capital expenditure, investment, refinancing, working capital requirements, general funding requirements and/or other general corporate purpose of the Group.
- (f) On 5 June 2015, Benih Restu Berhad, an indirect wholly owned subsidiary of GENP, issued RM1.0 billion Sukuk Murabahah under the Sukuk Murabahah programme of up to RM1.5 billion in nominal value based on the Shariah principle of Murabahah. The Sukuk Murabahah has a tenure of 10 years, at a profit rate of 4.62% per annum payable semi-annually and guaranteed by GENP.
- (g) On 24 August 2015, GENM Capital Berhad, a direct wholly owned subsidiary of GENM, issued RM1.1 billion nominal amount of 5-year MTNs at a coupon rate of 4.5% per annum and RM1.3 billion nominal amount of 10-year MTNs at a coupon rate of 4.9% per annum under its MTN Programme which is guaranteed by GENM. The coupon is payable semi-annually. The net proceeds from MTN programme shall be utilised for operating expenses, capital expenditure, and/or working capital requirements of GENM including to finance the development, and/or re-development of the properties of GENM located in Genting Highlands, Pahang, Malaysia.

Details of assets pledged as securities for the borrowings are disclosed in Notes 16, 20, 21, 32 and 42.

Non-current - Warrants	(f)	N/A	215.6	-	N/A	134.3	-

The Group's derivative financial instruments relate to the following:

(a) Interest Rate Swaps ("IRS")

The Group had entered into IRS to hedge the Group's exposure to interest rate risk on its borrowings. This contract entitles the Group to receive interest at floating rates on notional principal amounts and oblige the Group to pay interest at fixed rates on the same notional principal amounts, thus allowing the Group to raise borrowings at floating rates and swap them into fixed rates.

The changes in fair value of these IRS contracts that are designated as hedges are included as hedging reserve in equity and continuously released to the income statement until the repayment of the bank borrowings or maturity of the IRS whichever is earlier. For the IRS contracts that are not designated as hedges, the changes in fair value are recognised as other income or other expense in the income statement.

42. DERIVATIVE FINANCIAL INSTRUMENTS (cont'd)

(b) Cross Currency Swap

The Group had entered into a Cross Currency Swap contract to exchange interest payments and principal denominated in two different currencies to hedge against the exposure of its borrowings to interest rate risk and foreign exchange risk.

The changes in the fair value of these Cross Currency Swap contracts that are designated as hedges are included as hedging reserve in equity and continuously released to the income statement until the repayment of the bank borrowings or maturity of Cross Currency Swap contracts whichever is earlier. For the Cross Currency Swap contracts that are not designated as hedges, the changes in the fair value are recognised as other income or other expense in the income statement.

(c) Interest Rate Capped Libor-In-Arrears Swap ("IRCLIA")

The Group had entered into IRCLIA to hedge the Group's exposure to interest rate risk on its borrowings. These contracts entitle the Group to limit its exposure to fluctuation in interest rate movements if the interest rate moves beyond certain caps.

These IRCLIA contracts are accounted for using the hedge accounting method. The changes of fair value of these IRCLIA are included as hedging reserves in equity and are recognised in the income statement as the underlying hedged items are recognised.

(d) Forward Foreign Currency Exchange

The Group had entered into various forward foreign currency exchange contracts to manage the exposure to foreign currency exchange risk in relation to its operations in respective countries.

The changes in fair value of these forward foreign currency exchange contracts that are designated as hedges are included as hedging reserves in equity and are recognised in the income statement as the underlying hedged items are recognised. For the forward foreign currency exchange contracts that are not designated as hedges, the changes in the fair value of these forward contracts are recognised as other income or other expense in the income statement.

(e) Commodity Collar

The Group entered into commodity collar contracts for crude oil to manage the Group's exposure to crude oil price fluctuation and hence moderate the effects of such fluctuations on the Group's financial performance. Crude oil prices were hedged at prices ranging from USD60 per barrel to USD73.71 per barrel, which is effective from 1 January 2015 to 31 December 2016 with a notional quantity of 1,982,800 barrels. The collars are settled net in cash on a monthly basis.

The changes in the fair value of these commodity collar contracts are recognised as other income or other expense in the income statement.

As at 31 December 2015, derivative financial instruments of approximately RM203.3 million (2014: RM85.7 million) have been pledged as security for the term loan facility of the Group's power plant and oil and gas businesses.

The fair values of the above instruments have been estimated using the published market prices or quotes from reputable financial institutions or valuation techniques supported by observable market data. The Group had no significant concentrations of credit risk as at 31 December 2015 and 31 December 2014.

Company

- (f) The Company's derivative financial instrument relates to the warrants in GENP which are exercisable at any time on or after 20 December 2013 up to the date of expiring on 17 June 2019. The warrants are traded in active market with fair value changes recognised in the income statement.

43. ON GOING LITIGATION

GENP and Genting Tanjung Bahagia Sdn Bhd ("GTBSB"), a wholly owned subsidiary of GENP, were named as the Second and Third Defendants respectively ("the Defendants") in a legal suit filed in the High Court of Sabah and Sarawak at Kota Kinabalu ("High Court") under Suit No. K22-245-2002 ("the Suit") dated 11 October 2002. The Suit was instituted by certain natives ("the Plaintiffs") claiming Native Customary Rights over the agricultural land or part thereof held under title number CL095330724 measuring approximately 8,830 hectares situated at Sungai Tongod, District of Kinabatangan, Sandakan, Sabah which was acquired by GTBSB from Hap Seng Consolidated Berhad.

On 11 February 2003, the Defendants filed an application to strike out the Plaintiffs' Suit ("Application to Strike Out") and on 13 June 2003 the Application to Strike Out was dismissed with cost. The Defendants appealed against the said decision ("Appeal for Application to Strike Out").

During the High Court's hearing of the Suit for an interlocutory injunction on 5 July 2004, the Defendants had raised a preliminary objection that the High Court has no original jurisdiction to hear the Suit and that this Suit will lead to multiplicity of actions as the Plaintiffs had already made an application to the Assistant Collector of Land Revenue for similar claims. On 20 June 2008, the High Court upheld the preliminary objection with cost awarded to the Defendants ("PO Decision") and struck out the Plaintiffs' suit.

On 7 July 2008, the Plaintiffs filed a Notice of Appeal to the Court of Appeal against PO Decision. On 9 June 2011, the Court of Appeal upheld the PO Decision of the High Court and dismissed the Plaintiffs' appeal against the PO Decision ("Court of Appeal Ruling").

The Plaintiffs had filed a motion for leave to appeal before the Federal Court against the Court of Appeal's Ruling ("Federal Court Appeal") and the Federal Court granted Plaintiff leave for the appeal on 25 July 2011. The Federal Court had on 24 November 2011 heard and allowed the Federal Court Appeal. The Federal Court further ordered that the matter be remitted to the High Court to hear the Appeal for the Application to Strike Out. The High Court had on 13 March 2012 dismissed the Appeal for Application to Strike Out with cost ("High Court Decision") and ordered the parties to proceed with trial.

The Defendants had on 17 April 2012 filed a Notice of Appeal to the Court of Appeal against the High Court Decision. The Court of Appeal heard the appeal on 8 May 2013. On 9 May 2013, the Court of Appeal dismissed the appeal. The Defendants' motion for leave to appeal to the Federal Court was dismissed with costs on 25 February 2014 and the Federal Court directed that the trial at the High Court should continue.

On an application by the Plaintiffs, the High Court allowed the Plaintiffs' application to amend the Statement of Claim and for joiner of three additional parties as the Sixth, Seventh and Eight Defendants, namely the Assistant Collector of Land Revenue, Tongod, the Registrar of Titles and Assistant Collector of Land Revenues, Kota Kinabatangan.

The High Court had proceeded with trial since 26 November 2012 and the trial is still ongoing.

The solicitors engaged by the GENP Group maintained their opinion that the Plaintiffs' action is misconceived and unsustainable.

There have been no changes to the status of the aforesaid litigation as at 23 February 2016.

45. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

- (a) On 15 January 2015, DNAe Group, an indirect 82.1% owned subsidiary of the Company, had completed the acquisition of the entire issued share capital of DNA Electronics for a total cash consideration of approximately RM84.1 million (USD24.0 million) ("Acquisition") by way of merger under the laws of Delaware, United States of America. DNA Electronics is a development-stage diagnostics company based in New Mexico, United States of America.

On completion of the Acquisition, DNA Electronics US, Inc. ("DNAE US"), a wholly owned subsidiary of DNAe Group which was incorporated in the State of Delaware, United States of America on 2 January 2015, was merged with and into DNA Electronics ("Merger"), with DNA Electronics as the surviving entity and wholly owned subsidiary of DNAe Group. Consequently, DNAE US ceased to be an indirect subsidiary of the Company and DNA Electronics became an indirect subsidiary of the Company pursuant to the Acquisition and Merger.

Pursuant to a rights issue by DNAe Group to fund the Acquisition, Edith Grove Limited, an indirect wholly owned subsidiary of the Company, had on 9 January 2015 subscribed for additional new ordinary shares in DNAe Group, thereby increasing its shareholding in DNAe Group from 63.8% as at 31 December 2014 to 82.1%.

- (b) On 19 August 2015, Genting Power China Limited ("GPCL"), an indirect wholly owned subsidiary of the Company had on 19 August 2015, completed the disposal of the entire issued and paid-up share capital of Coastal Wuxi Power Ltd ("CWP") comprising 1,000 ordinary shares of USD1.00 each for a total cash consideration of USD4,024,800 ("Disposal").

CWP is an investment holding company incorporated in the Cayman Islands which owns 60% equity interest in Wuxi Huada Gas Turbine Electric Power Company ("Wuxi Huada"). Wuxi Huada owns and operated a 42MW peaking power plant in Wuxi, Jiangsu Province, China which was shut down in 2008. CWP and Wuxi Huada have consequently ceased to be indirect subsidiaries of the Company.

- (c) GENP had on 6 March 2015 entered into a collaboration with Musim Mas Group to establish a palm oil refinery in Palm Oil Industrial Cluster in Lahad Datu, Sabah. Under this collaboration, Musim Mas has a 28% equity interest in Genting Musimmas Refinery Sdn Bhd (formerly known as Alfa Raya Development Sdn Bhd), the entity for the collaboration, while GENP holds the remaining 72% equity interest of the entity's enlarged share capital of RM50.0 million.

The refinery will have a capacity of 600,000 mt per annum and is targeted for completion in the second half of 2016. This palm oil refinery will be part of the larger Genting Integrated Biorefinery Complex that GENP Group is setting up for the production of high value-added downstream products.

- (d) Joint venture for the development and cultivation of oil palm plantation of approximately 69,000 hectares located at Kabupaten Kapuas and Barito Selatan, Kalimantan Tengah, Republic of Indonesia ("Joint Venture"):

GENP had on 14 September 2015 announced that all conditions precedent have been fulfilled in respect of the Conditional Sale and Purchase Agreement entered on 30 March 2012 between Universal Agri Investment Pte Ltd ("UAI"), a subsidiary of GlobalIndo Holdings Pte Ltd (formerly known as Global Agripalm Investment Holdings Pte Ltd) ("JV Co"), and affiliates of the vendor for UAI to acquire 95% equity interest of PT United Agro Indonesia ("PT UAI").

Accordingly, PT UAI became a subsidiary of GENP upon completion of the transfer of shares held by the affiliates of the vendor in PT UAI to UAI on 14 September 2015.

The total Purchase Price and Subscription Price under the Joint Venture attributable to GENP of USD94.4 million as set out below is within the USD116.0 million as agreed under the Sale and Purchase and Subscription Agreement dated 13 April 2012 for the Joint Venture ("SPSA"):

	USD million
Purchase Price and Subscription Price paid on 8 October 2012 under the SPSA	73.0
Balance of the Purchase Price based on the Additional Planted Area and upon completion of the Proposed PT UAI Acquisition	21.4
	<hr/> 94.4 <hr/>

The balance of Purchase Price was arrived at after adjustments on the size of the planted and plantable area, prevailing stage and conditions of planting and any outstanding third party liabilities in accordance with the terms and conditions of the SPSA.

On the same date, the JV Co had disposed 3 of its subsidiaries, namely Asia Pacific Agri Investment Pte Ltd, Transworld Agri Investment Pte Ltd and PT Globalindo Mitra Abadi Lestari to affiliates of the vendor, resulting a gain on disposal of RM0.2 million.

Total retained profits	23,009.1	21,650.6	9,444.6	8,779.3

The determination of realised and unrealised profits is compiled based on Guidance of Special Matter No. 1, *Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Securities Listing Requirements*, issued by the Malaysian Institute of Accountants on 20 December 2010.

The disclosure of realised and unrealised profits above is solely for the purposes of complying with the disclosure requirements stipulated in the directive of Bursa Securities and should not be applied for any other purposes.

STATEMENT ON DIRECTORS' RESPONSIBILITY PURSUANT TO PARAGRAPH 15.26(a) OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

As required under the Companies Act, 1965 ("Act"), the Directors of Genting Berhad have made a statement expressing an opinion on the financial statements. The Board is of the opinion that the financial statements have been drawn up so as to give a true and fair view of the state of affairs of the Group and of the Company as at 31 December 2015 and of the results and the cash flows of the Group and of the Company for the financial year ended on that date in accordance with Financial Reporting Standards, the MASB Approved Accounting Standards in Malaysia for Entities Other Than Private Entities and comply with the provisions of the Act.

In the process of preparing these financial statements, the Directors have reviewed the accounting policies and practices to ensure that they were consistently applied throughout the financial year. In cases where judgement and estimates were made, they were based on reasonableness and prudence.

Additionally, the Directors have relied on the systems of risk management and internal control to ensure that the information generated for the preparation of the financial statements from the underlying accounting records is accurate and reliable.

This statement is made in accordance with a resolution of the Board dated 23 February 2016.

STATUTORY DECLARATION PURSUANT TO SECTION 169(16) OF THE COMPANIES ACT, 1965

I, **CHONG KIN LEONG**, the Officer primarily responsible for the financial management of **GENTING BERHAD**, do solemnly and sincerely declare that the financial statements set out on pages 81 to 179 are, to the best of my knowledge and belief, correct and I make this solemn declaration conscientiously believing the same to be true, and by virtue of the provisions of the Statutory Declarations Act, 1960.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF GENTING BERHAD

(Incorporated in Malaysia)

(Company No.7916-A)

REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of Genting Berhad on pages 81 to 178 which comprise the statements of financial position as at 31 December 2015 of the Group and of the Company, the statements of income, statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on Notes 1 to 49.

Directors' Responsibility for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements so as to give a true and fair view in accordance with Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Group and of the Company as of 31 December 2015 and their financial performance and cash flows for the financial year then ended in accordance with Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report the following:

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.
- (b) We have considered the financial statements and the auditors' reports of all the subsidiaries of which we have not acted as auditors, which are indicated in Note 48 to the financial statements.
- (c) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.
- (d) The audit reports on the financial statements of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

OTHER REPORTING RESPONSIBILITIES

The supplementary information set out in Note 50 on page 179 is disclosed to meet the requirement of Bursa Malaysia Securities Berhad and is not part of the financial statements. The Directors are responsible for the preparation of the supplementary information in accordance with Guidance on Special Matter No. 1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements, as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

OTHER MATTERS

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

"That, subject always to the Companies Act, 1965, the Articles of Association of the Company, the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("MMLR") and the approval of any relevant governmental and/or regulatory authorities, where such approval is required, the Directors be and are hereby authorised and empowered pursuant to Section 132D of the Companies Act, 1965 to:

- (1) issue and allot shares in the Company; and/or
- (2) issue, make or grant offers, agreements, options or other instruments that might or would require shares to be issued (collectively "Instruments") during and/or after the period the approval granted by this resolution is in force,

at any time and from time to time and upon such terms and conditions and for such purposes as the Directors may, in their absolute discretion deem fit, provided that:

- (i) the number of shares to be issued pursuant to the authority granted under this resolution, when aggregated with all shares issued and/or shares that are capable of being issued from the Instruments issued pursuant to Section 132D of the Companies Act, 1965 in the preceding 12 months (calculated in accordance with the MMLR), does not exceed 10% of the issued and paid-up share capital of the Company at the time of issuance of shares or issuance, making or granting the Instruments; and

NOTICE OF ANNUAL GENERAL MEETING (cont'd)

AS SPECIAL BUSINESSES (cont'd)

7. Authority to Directors pursuant to Section 132D of the Companies Act, 1965 (cont'd)

- (ii) for the purpose of determining the number of shares which are capable of being issued from the Instruments, each Instrument is treated as giving rise to the maximum number of shares into which it can be converted or exercised,

and such authority under this resolution shall continue to be in force until the conclusion of the next Annual General Meeting of the Company or when it is required by law to be held, whichever is earlier, and that:

- (a) approval and authority be and are given to the Directors of the Company to take all such actions that may be necessary and/or desirable to give effect to this resolution and in connection therewith to enter into and execute on behalf of the Company any instrument, agreement and/or arrangement with any person, and in all cases with full power to assent to any condition, modification, variation and/or amendment (if any) in connection therewith; and
- (b) the Directors of the Company be and are also empowered to obtain the approval for the listing of and quotation for the additional shares so issued on Bursa Malaysia Securities Berhad."

(Ordinary Resolution 9)

8. Proposed renewal of the authority for the Company to purchase its own shares

"That, subject to the compliance with all applicable laws, the Company's Articles of Association, and the regulations and guidelines applied from time to time by Bursa Malaysia Securities Berhad ("Bursa Securities") and/or any other relevant regulatory authority:

- (a) approval and authority be and are given for the Company to utilise up to the aggregate balances of the total retained earnings and share premium account of the Company, based on its latest audited financial statements available up to the date of the transaction, to purchase, from time to time during the validity of the approval and authority under this resolution, such number of ordinary shares of nominal value RM0.10 each in the Company (as may be determined by the Directors of the Company) on Bursa Securities upon such terms and conditions as the Directors of the Company may deem fit and expedient in the interests of the Company, provided that:
 - (i) the aggregate number of shares to be purchased and/or held by the Company pursuant to this resolution does not exceed 4% of the total issued and paid-up ordinary share capital of the Company at the time of purchase; and
 - (ii) in the event that the Company ceases to hold all or any part of such shares as a result of (among others) cancellations, re-sales and/or distributions of any of these shares so purchased, the Company shall be entitled to further purchase and/or hold such additional number of shares as shall (in aggregate with the shares then still held by the Company) not exceed 4% of the total issued and paid-up ordinary share capital of the Company at the time of purchase,

and based on the audited financial statements of the Company for the financial year ended 31 December 2015, the balance of the Company's retained earnings and share premium account were approximately RM9,444.6 million and RM1,417.4 million respectively;

- (b) the approval and authority conferred by this resolution shall commence on the passing of this resolution, and shall remain valid and in full force and effect until:
 - (i) the conclusion of the next Annual General Meeting of the Company;
 - (ii) the expiry of the period within which the next Annual General Meeting is required by law to be held; or
 - (iii) the same is revoked or varied by an ordinary resolution of the shareholders of the Company in a general meeting,

whichever occurs first;

NOTICE OF ANNUAL GENERAL MEETING (cont'd)

AS SPECIAL BUSINESSES (cont'd)

8. Proposed renewal of the authority for the Company to purchase its own shares (cont'd)

- (c) approval and authority be and are given to the Directors of the Company, in their absolute discretion:

- (i) to deal with the shares so purchased in the following manner:

- (A) to cancel such shares;
- (B) to retain such shares as treasury shares;
- (C) to retain part of such shares as treasury shares and cancel the remainder of such shares; and/or
- (D) in any other manner as may be prescribed by applicable law and/or the regulations and guidelines applied from time to time by Bursa Securities and/or any other relevant authority for the time being in force,

and such authority to deal with such shares shall continue to be valid until all such shares have been dealt with by the Directors of the Company; and

- (ii) to deal with the existing treasury shares of the Company in the following manner:

- (A) to cancel all or part of such shares;
- (B) to distribute all or part of such shares as dividends to shareholders;
- (C) to resell all or part of such shares on Bursa Securities in accordance with the relevant rules of Bursa Securities; and/or
- (D) in any other manner as may be prescribed by applicable law and/or the regulations and guidelines applied from time to time by Bursa Securities and/or any other relevant authority for the time being in force,

and such authority to deal with such shares shall continue to be valid until all such shares have been dealt with by the Directors of the Company; and

- (d) approval and authority be and are given to the Directors of the Company to take all such actions that may be necessary and/or desirable to give effect to this resolution and, in connection therewith:

- (i) to enter into and execute on behalf of the Company any instrument, agreement and/or arrangement with any person, and in all cases with full power to assent to any condition, modification, variation and/or amendment (if any) as may be imposed by any relevant regulatory authority or Bursa Securities, and/or as may be required in the best interest of the Company; and/or

- (ii) to do all such acts and things as the Directors may deem fit and expedient in the best interest of the Company.”

(Ordinary Resolution 10)

9. Proposed renewal of shareholders' mandate for recurrent related party transactions of a revenue or trading nature

“That approval and authority be and are hereby given for the Company and/or its unlisted subsidiaries to enter into any of the transactions falling within the type of recurrent related party transactions of a revenue or trading nature with the related parties (“Proposed Shareholders’ Mandate”) as set out in Section 2.3 of the Circular to Shareholders in relation to the Proposed Shareholders’ Mandate, provided that such transactions are undertaken in the ordinary course of business, at arm’s length and based on commercial terms and on terms not more favourable to the related party than those generally available to/from the public and are not, in the Company’s opinion, detrimental to the minority shareholders and that the breakdown of the aggregate value of the recurrent related party transactions conducted/to be conducted during the financial year, including the types of recurrent related party transactions made and the names of the related parties, will be disclosed in the annual report of the Company pursuant to the requirements of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad;

NOTICE OF ANNUAL GENERAL MEETING (cont'd)

AS SPECIAL BUSINESSES (cont'd)

9. Proposed renewal of shareholders' mandate for recurrent related party transactions of a revenue or trading nature (cont'd)

and such approval shall continue to be in force until:

- (i) the conclusion of the next Annual General Meeting ("AGM") of the Company following this AGM at which such Proposed Shareholders' Mandate is passed, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
- (ii) the expiration of the period within which the next AGM of the Company after that date is required to be held pursuant to Section 143(1) of the Companies Act, 1965 (but shall not extend to such extension as may be allowed pursuant to Section 143(2) of the Companies Act, 1965); or
- (iii) revoked or varied by an ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever is earlier."

(Ordinary Resolution 11)

10. To transact any other business of which due notice shall have been given.

FURTHER NOTICE IS HEREBY GIVEN that, subject to the shareholders' approval for the payment of final single-tier dividend, a depositor shall qualify for entitlement to the final single-tier dividend only in respect of:

- (a) shares transferred into the depositor's securities account before 4.00 p.m. on 30 June 2016 in respect of ordinary transfers; and
- (b) shares bought on Bursa Malaysia Securities Berhad on a cum entitlement basis according to the Rules of Bursa Malaysia Securities Berhad.

NOTES

- 1. A member entitled to attend and vote at this meeting is entitled to appoint a proxy or proxies (but not more than two) to attend and vote instead of him. Where a member appoints two proxies, the appointments shall be invalid unless he specifies the proportions of his shareholding to be represented by each proxy. If no such proportion is specified, the first named proxy shall be deemed as representing 100% of the shareholding and the second named proxy shall be deemed as an alternate to the first named proxy.
- 2. If a member has appointed a proxy to attend this meeting and subsequently he attends the meeting in person, the appointment of such proxy shall be null and void, and his proxy shall not be entitled to attend this meeting.
- 3. A proxy need not be a member of the Company and the provision of Section 149(1)(b) of the Companies Act, 1965 shall not apply to the Company. There shall be no restriction as to the qualification of the proxy. A proxy appointed to attend and vote at the meeting of the Company shall have the same rights as the member to speak at the meeting.
- 4. Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one (1) securities account ("Omnibus Account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each Omnibus Account it holds. The appointment of two (2) or more proxies in respect of any particular Omnibus Account shall be invalid unless the exempt authorised nominee specifies the proportion of its shareholdings to be represented by each proxy. An exempt authorised nominee refers to an authorised nominee defined under the Securities Industry (Central Depositories) Act 1991 ("SICDA") which is exempted from compliance with the provisions of subsection 25A(1) of SICDA.
- 5. In the case of a corporation, the proxy form must be either under seal or signed by a duly authorised officer or attorney.
- 6. The original signed instrument appointing a proxy or the power of attorney or other authority, if any, must be deposited at the Registered Office of the Company at 24th Floor, Wisma Genting, Jalan Sultan Ismail, 50250 Kuala Lumpur not less than 48 hours before the time set for holding the meeting or at any adjournment thereof.
- 7. For the purpose of determining members who shall be entitled to attend the Annual General Meeting, the Company shall be requesting Bursa Malaysia Depository Sdn Bhd to issue a Record of Depositors as at 26 May 2016. Only depositors whose names appear on the Record of Depositors as at 26 May 2016 shall be entitled to attend the said meeting or appoint proxies to attend and vote on their behalf.

NOTICE OF ANNUAL GENERAL MEETING (cont'd)

EXPLANATORY NOTE A

This Agenda is meant for discussion only as under the provision of Section 169(1) of the Companies Act, 1965, the audited financial statements do not require formal approval of the shareholders. Hence, this matter will not be put forward for voting.

EXPLANATORY NOTE B

The Board has undertaken an annual assessment on the independence of all its Independent Directors including Tan Sri Dr. Lin See Yan, Dato' Dr. R. Thillainathan and Tan Sri Foong Cheng Yuen who are seeking for re-appointment pursuant to Section 129 of the Companies Act, 1965 at the forthcoming 48th Annual General Meeting. The annual assessment has been disclosed in the Corporate Governance Statement of the Company's 2015 Annual Report.

EXPLANATORY NOTES ON SPECIAL BUSINESSES

1. Ordinary Resolution 9, if passed, will give a renewed mandate to the Directors of the Company pursuant to Section 132D of the Companies Act, 1965 ("Renewed Mandate") for such purposes as the Directors may deem fit and in the interest of the Company. The Renewed Mandate, unless revoked or varied at a general meeting, will expire at the conclusion of the next Annual General Meeting of the Company.

As at the date of this Notice, the Directors have not utilised the mandate granted to the Directors at the last Annual General Meeting held on 11 June 2015 and the said mandate will lapse at the conclusion of the Forty-Eighth Annual General Meeting.

The Company is seeking the approval from shareholders on the Renewed Mandate for the purpose of possible fund raising exercise including but not limited to placement of shares for purpose of funding future investment project(s), working capital and/or acquisitions and to avoid delay and cost in convening general meetings to approve such issue of shares.

2. Ordinary Resolution 10, if passed, will empower the Directors of the Company to purchase the Company's shares of an aggregate amount of up to 4% of the issued and paid-up share capital of the Company for the time being ("Proposed Share Buy-Back Renewal") by utilising up to the total retained earnings and share premium of the Company based on its latest audited financial statements up to the date of the purchase. The authority under this resolution will expire at the conclusion of the next Annual General Meeting of the Company or the expiry of the period within which the next Annual General Meeting is required by law to be held, or the same is revoked or varied by ordinary resolution of the shareholders of the Company in a general meeting, whichever occurs first.

Further information on the Proposed Share Buy-Back Renewal is set out in the Document to Shareholders dated 29 April 2016 which is despatched together with the Company's 2015 Annual Report.

3. Ordinary Resolution 11, if passed, will allow the Company and/or its unlisted subsidiaries to enter into recurrent related party transactions of a revenue or trading nature pursuant to the provisions of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Proposed Shareholders' Mandate"). This authority will expire at the conclusion of the next Annual General Meeting of the Company or the expiry of the period within which the next Annual General Meeting is required by law to be held, unless revoked or varied by an ordinary resolution of the shareholders of the Company in a general meeting, whichever is earlier.

Further information on the Proposed Shareholders' Mandate is set out in the Document to Shareholders dated 29 April 2016 which is despatched together with the Company's 2015 Annual Report.

STATEMENT ACCOMPANYING NOTICE OF ANNUAL GENERAL MEETING Pursuant to Paragraph 8.27 (2) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad

1. Details of individuals who are standing for election as Directors

No individual is seeking election as a Director at the forthcoming Forty-Eighth Annual General Meeting of the Company ("48th AGM").

2. Statement relating to general mandate for issue of securities in accordance with Paragraph 6.03(3) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad

Details of the general mandate to issue securities in the Company pursuant to Section 132D of the Companies Act, 1965 are set out in Explanatory Note (1) of the Notice of 48th AGM.

NOTES

1. A member entitled to attend and vote at this meeting is entitled to appoint a proxy or proxies (but not more than two) to attend and vote instead of him. Where a member appoints two proxies, the appointments shall be invalid unless he specifies the proportions of his shareholding to be represented by each proxy. If no such proportion is specified, the first named proxy shall be deemed as representing 100% of the shareholding and the second named proxy shall be deemed as an alternate to the first named proxy.
2. If a member has appointed a proxy to attend this meeting and subsequently he attends the meeting in person, the appointment of such proxy shall be null and void, and his proxy shall not be entitled to attend this meeting.
3. A proxy need not be a member of the Company and the provision of Section 149(1)(b) of the Companies Act, 1965 shall not apply to the Company. There shall be no restriction as to the qualification of the proxy. A proxy appointed to attend and vote at the meeting of the Company shall have the same rights as the member to speak at the meeting.
4. Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one (1) securities account ("Omnibus Account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each Omnibus Account it holds. The appointment of two (2) or more proxies in respect of any particular Omnibus Account shall be invalid unless the exempt authorised nominee specifies the proportion of its shareholdings to be represented by each proxy. An exempt authorised nominee refers to an authorised nominee defined under the Securities Industry (Central Depositories) Act 1991 ("SICDA") which is exempted from compliance with the provisions of subsection 25A(1) of SICDA.
5. In the case of a corporation, the proxy form must be either under seal or signed by a duly authorised officer or attorney.
6. The original signed instrument appointing a proxy or the power of attorney or other authority, if any, must be deposited at the Registered Office of the Company at 24th Floor, Wisma Genting, Jalan Sultan Ismail, 50250 Kuala Lumpur not less than 48 hours before the time set for holding the meeting or at any adjournment thereof.
7. For the purpose of determining members who shall be entitled to attend the Annual General Meeting, the Company shall be requesting Bursa Malaysia Depository Sdn Bhd to issue a Record of Depositors as at 26 May 2016. Only depositors whose names appear on the Record of Depositors as at 26 May 2016 shall be entitled to attend the said meeting or appoint proxies to attend and vote on their behalf.
